Haunted Houses Dinah Williams,2008-01-01 Most haunted houses were once the scenes of gruesome events or some deep human unhappiness. Rose Hall Great House in Jamaica is no exception. The mistress of the house, Annie Palmer, began her reign of terror at 18. As a girl, her parents had relocated from Ireland to Haiti and promptly died of yellow fever, leaving Annie in the care of a Haitian nanny rumored to be a voodoo priestess. It is said that she trained Annie in the occult. After marrying John Palmer in 1780, Annie reportedly murdered him by poisoning his coffee. Thereafter, she had numerous boyfriends murdered along with two more husbands. When Annie finally died, the slaves burned all of her possessions and buried her as deep in the ground as they could. The house is still said to be haunted by "The White Witch of Rose Hall," and the story of Annie's haunting is the basis for over a dozen gothic novels. This nonfiction account of a haunted house along with 10 other haunted house histories will keep young readers on the edges of their chairs, scarily awake! Haunted Houses is part of Bearport's Scary Places series.

The Myrtles Plantation Frances Kermeen,2007-09-03 Broken clocks tick...beds rise in the air...paintings fly across the room...locked doors fling open...crystal chandeliers shake...heavy footsteps and eerie piano music sound in the dead of night-and that's just for starters. Welcome to the Myrtles Long recognized as America's most haunted house both by parapsychologists and the media, The Myrtles is a twenty-eight-room Louisiana bed-and-breakfast once owned by Frances Kermeen. In this spine-tingling chronicle, Frances tells the story of how she was drawn to this former plantation mansion, its bone-chilling history, and the incredible encounters of the ghostly kind she had that forever changed her beliefs about the supernatural-and just may change yours. Along with the sometimes terrifying, sometimes benevolent hauntings, her years at The Myrtles also brought death threats from the Ku Klux Klan, the tragic loss of friends, a catastrophic betrayal, and other personal challenges. They would all converge with the paranormal phenomena around her into one cataclysmic event...

Haunted Homes Dahlia Schweitzer, 2021-06-18 Haunted Homes is a short but groundbreaking study of homes in horror film and television. While haunted houses can be fun and thrilling, Hollywood horror tends to focus on haunted homes, places where the suburban American dream of safety and comfort has turned into a nightmare. From classic movies like *The Old Dark House* to contemporary works like *Hereditary* and the Netflix series *The Haunting of Hill House*, Dahlia Schweitzer explores why haunted homes have become a prime stage for dramatizing anxieties about family, gender, race, and economic collapse. She traces how the haunted home film was intertwined with the expansion of American suburbia, but also explores works like *The Witch* and *The Babadook*, which transport the genre to different times and places. This lively and readable study reveals how and why an increasing number of films imagine that home is where the horror is. My Haunted House John Kuykendall, 2013-07-27 IMPORTANT In horror films and on some TV shows, ghosts can seem scary and dangerous. In real life, that's rarely true. There are no documented cases of a ghost killing anyone. In fact, most people live comfortably with any ghosts in their homes. However, it can be difficult to tell the difference between an angry ghost and a malicious entity, or even a demon. If you are very concerned about your safety, put this book down and call a professional immediately. Ghosts are spirits, so a spiritual advisor -- such as a priest or other minister of your faith -- may have the most experience with this kind of problem. If he or she cannot help, ask for a referral or recommendation. There may be a good paranormal investigation team in your area. If you feel that you are in danger from something in your home, do not stay there. Leave right now. Get help immediately. WHAT'S IN THIS BOOK If you've wondered if your home is haunted, this book will help you find answers... and -- in most cases -- explain what to do about them. You'll discover the leading, normal reasons why some houses seem haunted. You'll also find out why most haunted houses don't have ghosts, and what to do if your home really is haunted.

The Haunted House Diaries William J. Hall, 2015-08-17 A paranormal investigator explores a haunted Connecticut farmhouse—with the diaries of a resident detailing decades of unexplained phenomena. Nestled deep in Litchfield Hills, Connecticut, a 1790 farmhouse overlooks the epicenter of a paranormal crossroads. The family that resides there regularly encounters its own ancestors, as well as strangers - human and nonhuman - who seemingly occupy the same physical space in parallel worlds. When ghost hunters Ed and Lorraine Warren investigated, they dubbed it Ghost Central. When William J. Hall visited the house, family member Donna Fillie showed him her journal of the paranormal activity she's experienced there over the years. Here is Donna's diary spanning five decades of uncanny occurrences, supplemented with background information provided by Hall. It tells of notes from old friends who insist they didn't deliver them; a grandson playing with an invisible - but very real - friend; and Donna awakening to phenomena at precisely 12:42 a.m. - an eerie correspondence to her house number, 1242. This compelling work includes many other kinds of inexplicable incidents that frequently occur in this otherwise normal area of Connecticut, which some believe is also the site of a secret military base.

Haunted Houses Corinne May Botz, 2010-09-28 "When I was between the ages of five and eight, my sister and I slept in a large attic bedroom. At nightfall the room was filled with gypsies who glided around in clusters. They wore colorful thin flowing dresses and rummaged greedily through my drawers and books as if they would steal everything. I lay in bed as stiff as a board, trying to will myself invisible, praying they would not notice me looking . . . Daylight obliterated the gypsies, rendering them as thoroughly insubstantial as they had been real in the dark. I had a vague understanding that my vision was private, so I never told my family what I saw." So began Corinne May Botz's fascination with the invisible, a phenomenon that has profoundly influenced her approach to photography in style and subject matter. For more than ten years, she searched for ghost stories in buildings across the United States. She ventured into these haunted places with both camera and tape recorder in hand; her photographs, accompanied by first-person narratives, reveal a rare glimpse into American interiors, both physical and psychological. This book includes more than eighty haunted buildings, from the legendary to the ordinary, including Edgar Allan Poe's house in Baltimore, a New Jersey tavern, and a Massachusetts farmhouse, a log cabin in Kentucky, and a number of private residences. The text includes ghost stories told to the author by those who lived through the moving rugs, creaking floors, apparitions, disappearing—and reappearing—objects, cries in the night, mysteriously burning candles, and other unexplained occurrences.
