**The Testimony of Luke: 1907 Biblical study notes on the Gospel of Luke** George N. H. Peters,2020-07-10 Once described as “the most exhaustive treatise on the ‘Kingdom of God’ ever written, the late Rev. George N. H. Peters, the author of “The Theocratic Kingdom,” left many unpublished personal bible studies. These recently discovered handwritten documents are now being meticulously transcribed and prepared for publication. What makes these 100 year old studies unique is the straightforward grammatical viewpoint taken by Rev Peters towards interpretation, that the language of the Bible does not require spiritualization or mysticism to be understood, that such unjustified additions actually confuse and mislead the reader. The application of these practical Rules of Interpretation, as seen in the recently published “Testimony of Jesus” and “Testimony of John,” gives the Gospel of Luke a clear, fresh new voice given from the viewpoint of an contemporary Man who was neither an Apostle or Disciple of the Lord during his earthly ministry. The Rev. Peters clearly exposes the simple interconnected design of the book, a testimony to the true identity of Jesus as the covenanted and predicted Messiah. The Study focuses ONLY on the unique accounts of Luke not contained in the other three Gospels. Every instance in each chapter of Luke's testimony confronts the reader with this most important distinction. By the end of Luke's testimony the evidence is so overwhelming, the distinctions so clear that only one realization remains (the reason Luke wrote the book in the first place) that All of the (past-present-future) Biblical prophecies are to be fulfilled in the person of this Messiah, ONLY the Messiah has the God-given authority and supernatural power to succeed in these appointed tasks, and most importantly, that Jesus and the Messiah are one and the same person. In the plainest manner possible then, Luke spreads within the grasp of the reader the heart and soul of the Bible, the past and future hopes of mankind in this one simple truth. Luke like Jesus would ask Believest thou this?

Ganiats,2016-10-03 A COMPLETE UPDATE AND REVISION OF THE CLASSIC TEXT At last, a manual of operations for comparing the cost-effectiveness of a preventive service with a treatment intervention. --American Journal of Preventive Medicine Twenty years after the first edition of COST-EFFECTIVENESS IN HEALTH AND MEDICINE

established the practical benchmark for cost-effectiveness analysis, this completely revised edition of the classic text provides an essential resource to a new generation of practitioners, students, researchers, and policymakers. Produced by the Second Panel on Cost-Effectiveness in Health and Medicine--a team of 13 experts from fields including decision science, economics, ethics, psychology, and medicine--this new edition is a comprehensive guide to the use of cost-effectiveness analysis as an evaluative tool at the institutional and policy levels. As health care systems face increasing pressure to derive maximum value from expenditures, the guidelines in this new text represent not just the best information available, but a vital guide to health care decision-making in a challenging new era. Completely revised and enriched with examples and expanded coverage, this second edition of COST-EFFECTIVENESS IN HEALTH AND MEDICINE builds on its predecessor's excellence, offering required reading for both analysts and decision makers.
