Island of Darkness (Forgotten Legacy #5) Richard S. Tuttle, 2003 Just as peace between Omunga and Sakova appears to be a certainty, an evil mage steals the body of the newly chosen Katana, leader of the Omungan people. As the new Katana plots the destruction of the Sakova, a strange mystical disease ravages the country producing widespread famine. Both countries stand poised to annihilate each other, but the Star of Sakova fears a greater threat, which is brewing unseen across the ocean. To confront that new threat, she must preserve the armies of her Omungan enemy. Against all odds, she embarks upon a path towards a peaceful solution to the war, a path that could likely imperil the very existence of her own people. Meanwhile, two young orphans discover that they are sisters and set out from the Sakova on an ocean voyage to discover their roots.

What they discover is enough to terrorize both the Omungans and the Sakovans, if the young sisters manage to escape the Island of Darkness to tell their story.

Star of Sakova (Forgotten Legacy #2) Richard S. Tuttle, 2008-01-07 Star of Sakova, the second volume of the Forgotten Legacy, features Lyra, the only daughter of Master Malafar, owner and master of the Omunga Academy of Magic. A devastating and seemingly senseless attack on the Omunga Academy of Magic leaves Lyra running for her life. Her father, Master Malafar, was kidnapped and her mother was killed during the attack. Her mother's cryptic dying words propel Lyra on a journey across the country in search of her Uncle Temiker. The raiders of the Academy however have other plans for Lyra as they doggedly pursue her. With the raiders in pursuit and Imperial troops blocking the roads, Lyra has no chance of survival unless she enters the dreaded Sakova, a land of nightmares. The Sakova, long known as a place of no return, is home to cannibals, ferocious beasts, and strange magic. Discover a world of swords and magic, political intrigue and deceit, and cunning, ruthless people who seek to finish the annihilation of a society that began ages ago.

Army of the Dead Richard S. Tuttle, 2005 Massive armies are poised to invade the three main countries of the mainland. The Khadorans, Sakovans, and Fakarans are badly outnumbered as a thousand huge warships set sail from the Island of Darkness to exterminate all life on the mainland. Led by an ageless mage, the forces of evil appeared assured of success. The Torak, the Star of Sakova, and the Astor rally their forces to meet the onslaught and preserve humanity, but can their outnumbered forces stave off the murderous rampage that is about to descend upon them? Army of the dead is the exciting

conclusion to the epic fantasy series, *Forgotten legacy* by Richard S. Tuttle.

Starwind Troy R. Bishop, 2008-08-14 *Starwind* is a study of complex universe realities and laws described or implied in the vast reality portrayals of *The Urantia Book*. Here author Troy R. Bishop presents reality concepts and speculations addressing the Absolutes, time, Deity, space, gravity, dimensionality, and destiny. Included are basic concepts of multilevelate reality, a field developed by Mr. Bishop and introduced in his previous book, *The Multilevelate Universe*. *Starwind* is designed to be a simplified companion volume for *The Multilevelate Universe*, which incorporates a more in-depth, developmental approach.

Winged Warrior Richard S. Tuttle, 2004-07-10 In ancient days, the mightiest of dragons were fearless in battle against the foes of Kaltara. Those special dragons were called Winged Warriors, and they were revered by the elves. In *Winged Warrior*, the Torak meets a Winged Warrior and learns that she is to become his battlesteed. The Time of Cleansing fast approaches as the Motangans plant a spy deep within the ruling circle of the Sakovans. The mage-spy Aakuta is discovered on the Island of Darkness and condemned to death, while rebellious Khadoran lords conspire to overthrow Emperor Marak. The elven nation is beset by plotting from antiwar factions, while the Jiadin of Fakara threaten to abandon their defensive positions. With the whole world on the brink of a war where there will be no surrenders, no prisoners, and no negotiations, Vand's minions sow the seeds of destruction as they prepare to launch the invasion that will destroy all life.

Sword of Ice Mercedes Lackey, 1997 Mickey Zucker Reichert, Tanya Huff, Michelle

Sagara, and others present eighteen original tales set in the popular fantasy universe of Valdemar, home of the Heralds and their mysterious horse-like Companions.

Surviving the Evacuation, Book 14: Mort Vivant Frank Tayell, 2018-08-29 Not all people died. Not all gave up hope. The outbreak was in February. By the end of November, Earth has become a hellish wasteland ravaged by the undead. Survivors from across the Atlantic seaboard took refuge on the Welsh island of Anglesey. Beset by dangers from within, they departed to establish a new refuge in Belfast. Not all of them arrived. Six took the last plane on its last flight, but crashed in France. Expecting a sprinting battle through the ruins of Belfast, they packed light. With few weapons and barely any food, their chances of survival are slim. The chances of rescue are slimmer. There was no evacuation in France. No quarantine. No rationing. But there are zombies, and there are people who believe they, alone, are the last survivors of the old-world. So begins a frantic race against the undead, through the snow and storm ravaged ruins of Northern France.

Aakuta: the Dark Mage Richard S. Tuttle, Jiaadin armies are infiltrating rogue Khadoran clans with a plan to bring havoc to the country, and Lord Marak appears to be the only lord willing to risk his troops to stop them. Badly outnumbered, the Torak lord seeks help in the capital only to find out that several powerful Khadoran lords are trying to assassinate him. Joined by Sakovan spies and a Fakaran thief, Lord Marak realizes that he may have underestimated his enemies as all of the lords of Khadora turn against him. Meanwhile, Aakuta, a mysterious male mage appears in Khadora. No one knows who he is or what he wants, but his path is sure to cross Lord Marak's.

Surviving the Evacuation, Book 16: Unwanted Visitors, Unwelcome Guests

Frank Tayell, The battle might be lost, but the war isn't over. Once it was home to half a billion people. A year after the nuclear war, Europe is a radioactive, storm-ravaged wasteland through which a hundred million undead inexorably march. In their wake, they leave nothing but ruins. Ahead of them flee those few who managed to survive this long. Chasing them are the dregs of humanity. Once known as the Rosewood Cartel, they kill, loot, and destroy as indiscriminately as the living dead. Hope might be lost, but it could still be found, as can a future for the last remnant of humanity. Those who built a sanctuary on Anglesey, in Dundalk, in Creil are the help that came to others. In this, their darkest hour, but with a new dawn so close, they will not give up. Set in the Faroe Islands, France, Denmark, and elsewhere, the battle has begun, but the war hasn't yet been lost.

The Last Herald-Mage Trilogy Mercedes Lackey, 2016-02-02 The Last Herald-Mage Trilogy—three groundbreaking, Lambda Award-winning novels that established Mercedes Lackey as a fantasy tour-de-force and her Kingdom of Valdemar as a place millions of readers return to again and again. This Lambda Award-winning trilogy tells the story of Vanyel, persecuted and abused son of a Valdemaran noble, who finds acceptance at Haven when he is Chosen by the Companion Yfandes. Companions like Yfandes are magical horse-like beings with the power to communicate and bond with their Chosen, and trigger the potential for psychic abilities—and magic. But Vanyel discovers other things about himself at Haven as well.... He discovers love in an unexpected place, and loses it, and nearly his own life. With Yfandes and his aunt, Herald Savil, he will travel to the home of the mysterious Hawkbrothers in search of healing and training, and will grow from a troubled and heartbroken Trainee to become the most powerful Herald-Mage in the

Magic's Price Mercedes Lackey,1990-07-03 Groundbreaking epic fantasy series in Mercedes Lackey's Valdemar universe • Lambda-Award winning novels with heartfelt high adventure and magic Valdemar—the once-peaceful kingdom protected by the magic of its Herald-Mages—is now besieged on all fronts. The king lies near death, the neighboring land of Karse wages a relentless war against Valdemar, and the forces led by a master of dark forbidden magic are massing to strike the final devastating blow against the kingdom. And Vanyel, the most powerful Herald-Mage Valdemar has even known, has become the primary target of the evil which is reaching out to poison all the land. With all his fellow mages slain, Vanyel alone remains to defend his people against the dark master's army. Yet a dream vision has revealed to Vayel the fate which awaits should he and his Companion Yfandes take up the dark master's challenge. And if either Vanyel or Yfandes falters, the dream will become a horrifying reality in which both Valdemar and its last Herald-Mage must pay the ultimate price.

Smart Energy Strategies ,2008 The enormous challenge of creating a longterm sustainable energy system calls for the participation of engineers, natural and social scientists. They can contribute both through their research and by helping to craft strategies that steer the future development of the system. A sustainable energy system cannot be developed by technical fixes alone; action is required on a broad front, including

institutional and regulatory changes. There is an abundance of scientific evidence on which to base decisions on how to proceed. Still, research has a crucial role to play as well. Smart Energy Strategies highlights smart solutions: advances in technical and social-science energy research, particularly advances related to new information technology (e.g. control and communication); and experience with targeted applications of information technology in the supply and consumption of energy. The conference has focused on smart strategies taking into account current technical and institutional systems, with their inertia and shortcomings; future energy-related challenges: energy security; the growing energy needs of the disadvantaged; and unintended consequences of energy systems, particularly climate change but also uncontrolled money flows; smart technical, institutional, and regulatory mechanisms for meeting these challenges.

Surviving the Evacuation, Book 20: Small Cogs in the Survival Machine Frank Tayell, 2023-02-24 The final evacuation begins. A year and a half after the collapse of civilisation, pirates plague the Atlantic, the Saint Lawrence River is a radioactive dead-zone, and the forests of Quebec are succumbing to disease. With insufficient supplies to last until autumn, the survivors in Eastern Canada have no choice but to flee. A final evacuation is planned, to migrate across the breadth of irradiated North America to what they hope will be permanent safety on the Pacific coast. Until they leave, life goes on, and children grow up. For Jay, that means getting a job. Apprenticed to old George Tull, he's tasked with scouting the Digby Peninsula for roadworthy vehicles left behind during the first evacuation of Canada. Instead, he finds signs that an old foe has returned. For the Canadian evacuation not to become a deadly tragedy like its British forebear, safe roads

and intact bridges must be found. Tuck and Sorcha join the soldiers mapping the tracks and trails through the dying forests of Quebec. It should be a straightforward mission, but the starving bears and predatory wolves are not as great a danger as the desperate survivors who wish to be forgotten by the world. With increasing desertification on land, and rising toxicity in the oceans, it is unclear for how much longer the planet can sustain life. With imminent annihilation a real possibility, the more populous group of survivors in the Pacific plan a multi-faith expedition to Jerusalem and Mecca. For the devout, it is an opportunity to complete a pilgrimage. For the politicians, it is a chance to diminish the power of the ascendant crusaders, extremists, and death cults. For a few, it is an opportunity to hunt for the friends and family abandoned during the escape from Europe.
