Barry J Hugman

When the Heavyweight Title Mattered John G. Robertson, 2019-05-30 The world heavyweight boxing championship once transcended the sport, conferring global renown. This book gives detailed coverage to five legendary championship bouts that captivated audiences worldwide. Coaxed out of retirement by the press, former champ James J. Jeffries challenged black titleholder Jack Johnson--universally despised by white audiences--in 1910, in hopes of returning the title to the white race. In 1921, dapper World War I hero and light-heavyweight champion Georges Carpentier hoped to upset heavyweight champ Jack Dempsey, widely considered a draft-dodger, in a fight that garnered the first million dollar gate. In perhaps the most politically charged bout ever, Brown Bomber Joe Louis, popular with both white and black America, faced Nazi Germany's Max Schmeling--the first ever to win the title by disqualification--at a sold-out Yankee stadium in 1938. A relentless brawler, undefeated Rocky Marciano in 1952 sought to bludgeon the title away from the more experienced and savvy Joe Walcott, at 38 the oldest heavyweight champ in history. In a monumental clash of two undefeated world champions, Muhammad Ali--on the comeback trail after his title was stripped from him for refusing to be drafted during the Vietnam War--squared off with titleholder Joe Frazier in 1971.

Born on a farm in South Carolina, Bobby made the difficult transition to city life when he moved to Philadelphia at the age of ten. Tired of being beaten and mugged he followed his cousins Jimmy Young to the gym one day in seventh grade. Enjoying the respect that came along being able to defend oneself, Bobby decided to make a career out of boxing. A career that led many to believe he was the best middleweight contender of his time. Somehow though, even despite beating champions, Bobby "Boogaloo" Watts was never given a title fight. Read about his journey from the amateurs to the pros and why he believes he was denied the championship fight he so deserved. The story of Bobby "Boogaloo" Watts is dedicated to his family and friends and to the continuance of his legacy.

Boxing in Atlantic City John DiSanto and Matthew H. Ward, 2021-11 During the early years of Atlantic City (AC) boxing, the fight game was bustling. An array of ring talent, from club fighters to champions, came to the shore to compete at thriving venues like the Northside's Waltz Dream Arena and Convention Hall on the boardwalk. Although ring action was plentiful, the biggest fights were still happening elsewhere, and boxing was just one of many entertainment options in AC. However, everything changed once gambling came to town. As casinos popped up along the boardwalk, Atlantic City fights got bigger and bigger. By the late 1970s, boxing was on the rise, and within a few years, business was booming. Heavyweight champion Mike Tyson ushered in the city's peak era in the late 1980s, a time when more than just fight fans turned their attention to Atlantic City for some of the biggest sporting events ever. Although AC never again topped the impact of those days, boxing action at the shore remained vital for decades to come.

Globalized Sport Management in Diverse Cultural Contexts James J. Zhang, Brenda G. Pitts, 2019-04-05 Cross-cultural management is an important facet of the globalized sport industry. Sport managers must be skilled at working with individuals from diverse cultures and aware of the key issues affecting sport on a global level. This book brings together cutting-edge research from leading sport scholars from around the world, to illuminate some of those important issues and to demonstrate what cross-cultural management looks like in a sporting context. studies from countries as diverse as the US, Brazil, Poland and Venezuela, and across a range of sports from football to basketball, the book presents new empirical material derived from a range of inquiry protocols, including both qualitative and quantitative methods. It offers critical analyses of cross-cultural and managerial issues in key areas such as group cohesiveness, group communications, and misperception and misinterpretation. Making an important contribution to our understanding of both theory and practice in sport management, this book is fascinating reading for any student, researcher or practitioner with an interest in global and international sport.

Boxing in San Francisco F. Daniel Somrack, 2004-10-01 During the California Gold Rush, amateur and professional boxing almost immediately gained a strong foothold in northern California, as the gold fields and mining camps provided both employment and a venue for these athletes. In these times, many of the world's best fighters made their way to the canvas squares of the Pacific coast where San Francisco served as the locus of championship title bouts that even today remain legendary. This volume spotlights such greats as Gentleman Jim Corbett, Joe Choynski, Jack Johnson, Battling Nelson, Stanley Ketchel, and 1904 Olympic heavyweight champion Sam Berger. Somrack explores San Francisco's boxing scene through the years, but also focuses in on weight classifications and ring records.

Willie Pep vs. Sandy Saddler Doug Werner, 2014-06-01 Any discussion of great boxers must include Willie Pep and Sandy Saddler—midcentury featherweight champions whose heroics electrified the fistic world then and reverberate today. This book explores the boxing lives of both pugilists—early years, fighting years, training and conditioning, historical context, life after boxing, and, of course, the lasting controversy over their rivalry and legacy. Pep recorded 229 wins, only 11 losses and one draw over a pro career that spanned three decades. He won the featherweight crown twice. Sandy Saddler's record of 144-16-2 includes an amazing 103 knockouts. He also won the title twice and retired an undefeated featherweight champion. Their four title bouts are an epic showcase of contrasts. Pep was the exquisite dancer/boxer, a wildly popular Italian American personality who made his opponents miss and scored at will. Saddler was a curious blend of unprepossessing menace—a tall, thin, black American banger who pressed and brutalized with singular leveraged force. Their matchups had it all: contrasting styles, dazzling skills, hard punching, splendid action, ridiculous brawling, heroic victories and crashing defeats. Included in this book are Pep's plane crash and recovery as well as the legal wrangling with Newsweek over his boxing reputation. Saddler's ongoing slight in boxing history and secondary status with Pep is

examined under fresh light. The text is highlighted with several images of both fighters that bring to life the fierce glory of professional boxing in the 1940s and 50s.

The Urban Geography of Boxing Benita Heiskanen,2012-05-31 This book is an interdisciplinary cultural examination of twenty-first century boxing as a professional sport, a bodily labor, a lucrative business, a popular entertainment, and an instrument of ideology. Based on ethnographic fieldwork and interviews conducted with Latino boxers, women boxers, and boxing insiders in Texas, it discusses boxing from the vantage point of the sundry players, who are involved with it: the labor force, promoters, handlers, ringside officials, medical professionals, media, and the audiences. The various parties have multiple stakes in the sport. For some, boxing is about physical empowerment; others are in it for the money; some deploy it for ideological purposes; yet others use it to claim their 15-minutes of fame, and frequently the various interests overlap. In this book, Benita Heiskanen makes a broader connection between boxing and the spatial organization of racialized, class-based, and gendered bodies within particular urban geographies. Journeying actual sites where the sport is organized, such as the barrio, boxing gym, and competition venues, she maps the ways in which boxing insiders negotiate a variety of conflicting agendas at local, regional, and national scales. Beyond the United States, the worker-athletes conduct their labor within global socioeconomic conditions, business networks, and legal principles. Through this sporting context, Heiskanen's discussion discloses some complex socio-historical, cultural, and political power relations between urban margins and centers, with ramifications far beyond boxing. This book will be of interest to readers in Sport Studies, Cultural Studies, Cultural Geography, Gender Studies, Critical Race Theory, Labor Studies, and American Studies.

Boxing's Greatest Fighters Bert Randolph Sugar,2006-01-01 Easily the most enduring of all sports questions is Who was/is the best . . . ? Perhaps in no sport is the question more asked and argued over than in boxing. And in boxing perhaps none is more qualified to answer the question than Bert Randolph Sugar. In *Boxing's Greatest Fighters*, not only does the former publisher of Ring Magazine tell us who the best fighters were, he lists them in order. Could Sugar Ray Robinson have beaten Muhammad Ali? Could Sugar Ray Leonard have beaten Sonny Liston? The answer, most experts agree, would be no. But what if, as Bert Sugar has done here, one were to take all the boxers and reduce them in the mind's eye to the same height, the same weight, and the same ring conditions? The answers would be quite different. And while some fans may express outrage that Rocky Marciano barely makes the top twenty, and Marvin Hagler staggers into the top seventy-five, others will nod eagerly when they read that Harry Greb and Benny Leonard were better than just about anybody. So whether you read *Boxing's Greatest Fighters* cover to cover, pick your favorites at random, or simply browse through the many rare photographs, at the bell, come out arguing.

Historical Dictionary of Boxing John Grasso,2013-11-14 The *Historical Dictionary of Boxing* focuses on the as champions of boxing along with the lesser-known boxers who helped shape this sport. More of these boxers come from the United States but there are others from Europe, Asia and Latin America, and there are also entries on the major boxing countries as well. Plus entries on the rules, on the organizations, and on the technical terminology and jargon you have to know just to follow the bouts. The introduction provides a broad view of boxing's history while the chronology traces events from 688 B.C. to 2012 A.D. Not all that much has been written on boxing that is not ephemeral, but much of that literature can be found in the bibliography. This book is an excellent access point for students, researchers, and anyone wanting to know more about the sport of boxing.

Third Man in the Ring Mike Fitzgerald,Patrick Morley,2014-06-19 Officiating a professional boxing match can be a thankless job. When a

match goes well, no one focuses on the referee. But when a controversy arises, everyone remembers the man who made the call. *Third Man in the Ring* explores the lives of thirty-three officials as they discuss what goes on inside the ropes and recount the disputes and clashes that have occurred when they worked at home and abroad. The referees share stories from the high-profile fights they worked, with such superstars as Oscar De La Hoya, Manny Pacquiao, Floyd Mayweather Jr., Muhammad Ali, Mike Tyson, Evander Holyfield, Larry Holmes, and Julio Cesar Chavez. Readers will hear from Rudy Battle, the first ref to officiate a title fight in an Eastern bloc country, and about Mills Lane, the third man during the infamous Mike Tyson/Evander Holyfield ear-biting match. Several officials reveal memorable moments such as arbitrating contests in nations experiencing civil unrest. One referee admits fearing for his life after disqualifying a hometown hero in front of a packed stadium, while another recalls his experience officiating in communist North Korea. MMA legend Big John McCarthy describes from his experience the differences between officiating a boxing contest in a traditional ring versus the increasingly popular mixed martial arts (MMA) events held in a cage. Readers will also hear stories from refs who have gone Hollywood, consulting on film sets alongside such legends as Sylvester Stallone. An old boxing adage states, The best referees are the ones no one knows are there. *Third Man in the Ring* sheds much-needed light on these hardworking officials and their stories.

Right of Way Kurtis R. Kallenbach,2023-02-18 For many years I've sought the initial "rule of law" proving One's personal and private continuous and contiguous dominion over a violently removed "jus cogens" fetal measure accounting for the internationally recognized rest, residue, and remainder of One's foundational SUPREME BEING. Beau Jack Robert Mullins,2020-01-17 Among the great lightweights of the 1940s and 1950s, Boxing Hall of Famer Sidney Beau Jack Walker (1921-2000) was virtually orphaned by his parents and eked out a living as a shoeshine boy. He honed his craft fighting battles royale for wealthy white members of the prestigious Augusta National Golf Club, eventually receiving financing for his career from club founders. He went on to win two lightweight titles and set numerous records. He was the draw for the highest admission paid for a ringside seat--\$100,000--and was named Fighter of the Year in 1944. Like most black pugilists of his day he struggled against discrimination in the sport. Despite this, he sustained an impressive 18-year professional career--117 fights, 83 wins, 40 by KO. Walker retired from the ring penniless and went back to shining shoes, the money set aside for him by his handlers mysteriously depleted.
