**The Shiva Option** David Weber, Steve White, 2002-02 Like some carnivorous cancer, the Bugs had overrun planet after planet ... The Grand Alliance of Humans, Orions, Ophiuchi, and Corm, united in desperate self-defense.--Jacket.

**The Stars at War II** David Weber, Steve White, 2005-07 The war wasn't going well. The alien Arachnids were an enemy whose like no civilized race had ever confronted.

**The Stars at War** David Weber, Steve White, 2004-08 Two complete novels in the New York Times best-selling series, all in one generous volume. Crusade: Neither side in the Human-Orion war was strong enough to defeat the other, so it fizzled into an uneasy peace filled with hatred and mistrust on both sides. Then a ship appeared from the dim mists of half-forgotten history, and fired on the Orion sentry ship, igniting the fires of interstellar war anew, in a quest to free Holy Mother Terra. In Death Ground: The human race and two other star traveling races had warred with each other in the past, but now all three are at peace-a peace which is shattered by the discovery of a fourth race, the Bugs. The newcomers are mind-numbingly alien in their thought processes, have overwhelming numbers, and regard all other species as fit

only to be food animals. There is no hope for peace with the invaders, and the galaxy explodes with a battle to the death. Kill-or-be eaten!

Political Spirituality for a Century of Water Wars James W. Perkinson, 2019-04-11 This book offers resources for re-imagining the biblical vision of water for a time quickly emerging as “the century of water wars.” It takes its urgency from the author’s 5-year activist engagement with a grass-roots-led social movement, pushing back on Detroit water shutoffs as global climate crises intensify. Concerned with both white supremacist “biopolitics” and continuing settler colonial reliance on the Doctrine of Christian Discovery, and beholden to an interreligious methodology of “crossing over and coming back,” the text creatively re-reads the biblical tradition under tutelage to the mythologies and practices of various indigenous cultures (Algonquian/Huron, Haitian/Vodouisant, and Celtic/Norman) whose embrace of water is animate and spiritual as well as political and communal. Not enough, today, merely to engage the political battle over water rights, however; indigenous wisdom and biblical prophecy alike insist that recovery of water spirituality is central to a sustainable future.

Oblivion Steve White,Charles E. Gannon,2018-05-01 WHITE AND GANNON RETURN WITH A NEW ENTRY IN THE STARFIRE SERIES, co-created by New York Times best-selling authors Steve White and David Weber. STAND AGAINST THE ALIEN INVADER APOCALYPSE! The war with the profoundly alien Arduans has ended, and the Arduans have come to call humanity their allies. Most of them—the Arduan warrior caste refuses to

accept defeat. Now known as the Kaituni, they are waging a war of extermination against all members of the pan-Sentient Union, human and Arduan alike. What's more, the Kaituni have an unexpected weapon in their arsenal: the alien Arachnids, once thought driven to extinction. The Kaituni drive the Arachnid fleet ahead of them, inflicting untold damage. The war has been marked by retreat on the side of the pan-Sentient Union. It seems the best they can do is minimize their losses. But now the Arachnids and the Kaituni are at the doorstep to the Heart Worlds, Sol, and Earth: Alpha Centauri. The odds look bleak. But Admiral Ian Trevayne and Commodore Ossian Wethermere have faced down long odds in the past. It's time to take a stand, for Earth, for humanity . . . and for the pan-Sentient Union! About Extremis: "Vivid. . . Battle sequences mingle with thought-provoking exegesis . . ."

—Publishers Weekly About Steve White and David Weber's *The Shiva Option*: "[Leaves] the reader both exhilarated and enriched."

Bones of the Emperor Richard K. Perkins,2014-10-29 Having accidentally developed the means to travel faster than the speed of light, humans blunder out into the galaxy under the arrogant assumption they are masters of all they survey. In do so, they encounter an adversary who seeks to block their way resulting in a war of attrition lasting over a century.

Exodus Steve White,Shirley Meier,2007-01-01 The Promised Land Has A Vermin Problem. . . Once before, the sentient races in the known part of the galaxy had united against alien invaders. Decades have since passed and new generations have grown complacent . . . dangerously so. Long ago, much of the population of an entire planet fled their world before its sun went nova in thousands of ships, each one larger than a city. Now, the armada has arrived at the world they intend to make their new home. They regard the fact that the planet is already colonized by humans as a mere inconvenience, and their mode of communication is so different from anything humans use that they do not consider humans and their allies to be truly intelligent. This time, the races of the old alliance will not have to worry about becoming an

invader's meal¾ but that will be small comfort if these new invaders decide that genocide is justified for their own survival. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). \_[Leaves] the reader both exhilarated and enriched.Ó ¾Publishers Weekly on David Weber and Steve White□s The Shiva Option.

Extremis Steve White, Charles E. Gannon, 2011-05-01 Steve White, Vietnam vet, long-time David Weber collaborator and co-author, with Weber, of the New York Times best-seller The Shiva Option, joins with Analog contributor and military SF scholar Charles E. Gannon to carve another notch in the Starfire adventure saga. An implacable foe with telepathic cohesion in battle, near-immortality, and eons-advanced engineering skills threatens to wipe humanity from the galaxy. What□s more, they□ve overcome their one weakness\_no faster-than-light travel\_and have followed humanity through our star gates and beyond. But humans are the master of adaption, and have got a counterpunch of devastating proportions in reserve. Now a hard-bitten and brilliant admiral must face down renewed alien attack and somehow communicate to the enemy that if he is forced to use his ultimate military option, galactic civilization itself may come to a fiery end. At the publisher's

request, this title is sold without DRM (Digital Rights Management).

A Martian philosopher, Patrick Voevoda, encounters evil embodied in aliens and humans alike. An event horizon of concentrated wickedness overcomes good sense in political-economic leaders stimulating their will to power to reach for absolute power with bitter ends. The recurrent cycle of human and alien behavior is morphed by evolution in a variety of forms across Universe (1). Voevoda and friends search for deeper meaning in truth directed evolution spiritually, Jesus Christ and God overcoming the chaos of conflict and philosophical enigmas of quantum physical cosmology.

**Wrangell'd Pulp Fiction** Gary Clifford Gibson,2017-01-20 The short stories and novellas are among my earliest science fiction works. Writing in Alaska in 1987 I made a couple of trips to Europe while enrolled in an English writing course at the University of Alaska at Juneau. Most of these stories were written at or at least mention Wrangell- a small town 150 miles to the south of the state capitol at Juneau. 140,000 words.

**BUY A GAIL KEO DOLL (air Assault)** Rain S Chetdav,2005-03

The Japanese new-fangled regime publicized itself as a self-sufficient, self-sustaining entity, freed from big brother USA and the United Nations' sphere of influence, asserting itself as anti-big

brother USA and realigning its sphere of influence with North Korea and China. A more severe and brutal blow to big brother USA and the Marshal Plan, Taiwan had effectively expelled the US-UN forces from its soil; Taipei, its military paralleled to that of the Japanese, declared itself free from big brother USA and UN's supremacy, authority and sphere of influence. The Chinese had productively formed the Communist Asian Pack with Japan and Taiwan; the three communist countries and communist North Korea, forming the CAP, were strongly behind Pyongyang and its passion of turning South Korea into a communist country and reuniting the North and South to outline Seoul and Pyongyang into one Korea--a Communist Korea; once Seoul fell to Pyongyang, China had guaranteed Taipei 150-years of independence--free from China's sphere of influence and authoritarianism. That was what the Taiwanese have wanted for years, independence from mainland China, a package that was too good to pass on, a promise that big brother USA-UN cannot proffer. The Korean War's sonata, more rapidly than the speed of light, forced its resonance into us with the proverbial reverberations of fighter air assaults, howitzer artillery, helicopter gunships, rocket-propelled grenades, machineguns, small arm cannons, revolvers and rifles--

boom, thump-swish, ka-boom, bang-bang-bang-bang-bang, papa-papa-papa!...and on and on and on.
