Using a Ruler Nora Roman,2017-07-15 Rulers seem like such simple tools, but their importance can't be overstated. Without rulers, and the knowledge of how to use them, so many inventions, buildings, and other man-made achievements would just fall apart. In this volume, readers will review the basics of rulers and observe them being used by young student-scientists as well as by professionals in the working world. They'll even test out their own ruler skills as they find out that rulers rule the world of science.

She'll Use a Ruler So You Won't Fool Her! Kelly Doudna,2006-07 Rebuses and simple sentences introduce the concept of using a ruler, yardstick, or meterstick to measure lengths, which is further supported by examples.

Criticising the Ruler in Pre-Modern Societies – Possibilities, Chances, and Methods Karina Kellermann,Alheydis Plassmann,Christian Schwermann,2019-12-09 In vormodernen Monarchien beobachten wir Widerspruch und Widerstand gegen einzelne Herrscher, ihre politischen Entscheidungen und ihre Verwaltung, aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System. Wenn Unzufriedenheit zu Aufständen und Revolten führten, blieb es normalerweise bei einem bloßen Austausch des Regenten. Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Gehör

verschaffen und zielten darauf ab, die Qualitäten des Regenten zu verbessern oder spezifische Modi der Amtsführung zu reformieren. Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes. When looking at pre-modern monarchical societies, one does not expect to observe fundamental dissent directed at the social order as such or at the political system. As a rule, criticism was limited to individual monarchs, their performance and decisions. While discontent could lead to insurrection and rebellion, which normally only culminated in the ruler being replaced by another monarchical figurehead, the subtler methods of voicing criticism were applied within a framework of legality, of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court. The various forms of verbal or staged censure of rulers in pre-modern monarchical societies are the subject of this volume.

What the Bible Says About God the Ruler Jack Cottrell, 2000-10-24

Ruler of the Night David Morrell, 2016-11-17 The sensational climax to David Morrell's acclaimed Victorian mystery trilogy. In 1855, the first murder on an English train causes a wave of fear and panic. There is no escape from a killer in a closed train carriage... and yet the killer can vanish into any station and be lost in the crowd. Notorious Opium-Eater Thomas De Quincy and his irrepressible daughter, Emily, are travelling on the train where the murder takes place. As they follow the clues through the fogbound London streets, they find themselves confronting their most ruthless enemy. Inspired by real events, Ruler of the Night transports readers to the darkest shadows of Victorian England, with a thrilling tale of murder, Empire and revenge.

The Good Christian Ruler in the First Millennium Philip Michael Forness, Alexandra Hasse-Ungeheuer, Hartmut Leppin, 2021-07-19 The late antique and early medieval Mediterranean was characterized by wide-ranging cultural and linguistic diversity. Yet, under the influence of Christianity, communities in the Mediterranean world were bound together by common concepts of good rulership, which were also shaped by Greco-Roman, Persian, Caucasian, and other traditions. This collection of essays examines ideas of good Christian rulership and the debates surrounding them in diverse cultures and linguistic communities. It grants special attention to communities on the periphery, such as the Caucasus and Nubia, and some essays examine non-Christian concepts of good rulership to offer a comparative perspective. As a whole, the studies in this volume reveal not only the entanglement and affinity of communities around the Mediterranean but also areas of conflict among Christians and between Christians and other

cultural traditions. By gathering various specialized studies on the overarching question of good rulership, this volume highlights the possibilities of placing research on classical antiquity and early medieval Europe into conversation with the study of eastern Christianity.

Permission to Feel Marc Brackett, Ph.D., 2019-09-03 The mental well-being of children and adults is shockingly poor. Marc Brackett, author of *Permission to Feel*, knows why. And he knows what we can do. We have a crisis on our hands, and its victims are our children. Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional Intelligence. In his 25 years as an emotion scientist, he has developed a remarkably effective plan to improve the lives of children and adults – a blueprint for understanding our emotions and using them wisely so that they help, rather than hinder, our success and well-being. The core of his approach is a legacy from his childhood, from an astute uncle who gave him permission to feel. He was the first adult who managed to see Marc, listen to him, and recognize the suffering, bullying, and abuse he'd endured. And that was the beginning of Marc's awareness that what he was going through was temporary. He wasn't alone, he wasn't stuck on a timeline, and he wasn't "wrong" to feel scared, isolated, and angry. Now, best of all, he could do something about it. In the decades since, Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well-being. His prescription for healthy children (and their parents, teachers, and schools) is a system called RULER, a high-impact and fast-effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it. RULER has been proven to reduce stress and burnout, improve school climate, and enhance academic achievement. This book is the culmination of Marc's development of RULER and his way to share the strategies and skills with readers around the world. It is tested, and it works. This book combines rigor, science, passion and inspiration in equal parts. Too many children and adults are suffering; they are ashamed of their feelings and emotionally unskilled, but they don't have to be. Marc Brackett's life mission is to reverse this course, and this book can show you how.
