Minimal Perl Tim Maher,2006-10-01 No-nonsense and practical, yet with wit and charm. A joy to read. -Dan Sanderson, Software Developer, Amazon.com Shows style, not just facts-valuable. -Brian Downs, former Training Director, Lucent Technologies Brilliant, never tedious-highly recommended! -Jon Allen, Maintainer of perldoc.perl.org You could have chosen no better primer than this book. -Damian Conway, from the Foreword Perl is a complex language that can be difficult to master. Perl advocates boast that There's More Than One Way To Do It, but do you really want to learn several ways of saying the same thing to a computer? To make Perl more accessible, Dr. Tim Maher has over the years designed and taught an essential subset of the language that is smaller, yet practical and powerful. With this engaging book you can now benefit from Minimal Perl, even if all you know about Unix is grep. You will learn how to write simple Perl commands-many just one-liners-that go far beyond the limitations of Unix utilities, and those of Linux, MacOS/X, etc. And you'll acquire the more advanced Perl skills used in scripts by capitalizing on your knowledge of related Shell resources. Sprinkled throughout are many Unix-specific Perl tips. This book is especially suitable for system administrators, webmasters, and software developers.

Directory of Financial AIDS for Women, 2005-2007 Gail Ann Schlachter,R. David Weber,2005-05 If you are looking for financial aid for women, or know women who are, then this is the directory for you. Here, in one place, are descriptions of nearly 1,500 scholarships, fellowships, loans, forgivable loans, grants, awards, and internships available specifically for women. This funding is open to women at any level (high school through postdoctoral and professional) for study, research, travel, training, career development, or innovative efforts. Each of these funding opportunities is completely described, including contact (address, telephone numbers, e-mail addresses, and web sites), purpose, eligibility, financial data, duration, special features, limitations, number awarded, and deadline date. Plus, the directory provides a set of indexes that let you search the listings by specific subject, residency, where the money can be spent, program title, sponsoring organization, and even deadline date. There's no other directory like this for women. It has become the standard in the field! That's why School Library Journal called it the cream of the crop, College Spotlight concluded nobody does a better job, Small Press labels it the quintessential acquisition, American Reference Books Annual called it a must-purchase guide, and Reference Books Bulletin pronounced it the only current source of information on financial aid specifically for women.
