Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Achieving Administrative Diversity Raymond C. Bowen,Gilbert H. Muller,1996-07-12 As community colleges prepare for the new century, they confront the major challenge of expanding administrative opportunities for minorities. With the nation's demographics changing rapidly--and with community colleges enrolling significant percentages of students from Latino, African American, and Asian American backgrounds--it is practically and ethically imperative for two-year institutions to have administrations that reflect the diversity of the United States. This volume of New Directions for Community Colleges presents essays that explore the problem of minority underrepresentation in community college administrations across the country and suggests concrete strategies for establishing a campus environment that is conducive to administrative diversity. When a campus embraces pluralism as a central part of its institutional ethos, it can overcome the myriad obstacles to administrative diveristy and increase the number of minorities serving in key leadership positions. This is the 95th issue in the journal series New Directions for Community Colleges. For more information on this series, please see the Journals and Periodicals page.
