A Genealogical and Heraldic History of the Peerage and Baronetage, the Privy Council, Knightage, and Companionage ,1913

Cold War in the Desert S. Kelly,2000-06-05 The question of the Italian colonies played an important part in the breakdown of Allied cooperation after the Second World War. Britain and the United States were closely involved in this question, yet their respective roles have not received the detailed historical attention which they merit. Based on extensive research in British and American archives, this book will seek to analyse British and US policy on this question within its Cold War context.

Handbook of Industrial Surfactants Ash Michael,Ash Irene,2022-02-23 Originally published in 1993, over 16,000 tradename surface-active agents for industrial applications, manufactured worldwide, are contained in this edition. General-use surfactants, such as emulsifiers, wetting agents, foaming agents, detergents, dispersants, and solubilizers are included, as well as detergent raw materials, defoamers, and antifoaming agents. The types and quantities of surfactants available commercially are numerous and the difficulty in making choices between products may become overwhelming. It is the purpose of this book to guide those who are involved in the selection of these materials through the process of identifying, classifying, and selecting the most appropriate products for their requirements. Therefore, this reference is organized so that the user can search for and locate products based on a variety of essential distinguishing attributes.
