Gender and Biopolitics Pinar Sarigöl,2021-10-18 In *Gender and Biopolitics: The Changing Patterns of Womanhood in Post-2002 Turkey*, Pinar Sarigöl sheds new light on the life spheres of the woman as a means of uncovering neoliberal Islamic thinking with regard to individuals and the population. Informed by Michel Foucault's critical perspective, the governmental rationality of post-2002 Turkey's Islamic neoliberalism is examined in this volume. The tenets and merits of Islamic neoliberalism bring moral and religious practices into the discussion regarding 'how' the social order should be in general, and 'how' the ideal woman should be in particular. Islam and neoliberalism are well matched here because Islam takes society as a social body in which hierarchies and roles are divinely normalised. This book uniquely brings this point to the fore and draws attention to the interplay between the rational and moral values constituting Islamic neoliberal female subjects.

Professor Hanaa Reem Bassiouney,2022-07-01 On the eve of her fortieth birthday Egyptian academic, Professor Hanaa, finds herself alone and unloved. For twenty years she has battled with an impossible love for an unattainable colleague, and has become outcast in a society where family and friends mean everything. Her life is organized into endless routines, and her emotions are hidden behind a façade of stern, but joyless professionalism. The façade begins to crumble, however, when her birthday brings with it the realization that she is about to turn into an embittered, forty-year-old spinster. Never one to admit defeat, Hanaa determines she will lose her virginity before her birthday, and sets her sights on Khalid, her teaching assistant. An earnest, hardworking and devout young man, Khalid is an unlikely accomplice; however Hanaa's powers of persuasion know no bounds. What ensues is a lively, witty, often sly commentary on gender and power relationships in both academia and the Arab world - a 'campus' novel of a wholly different bent.

Touba and the Meaning of Night Shahrnush Parsipur,2008-01-01 An Iranian woman forges her own path through life in this “stylishly original contribution to modern feminist literature” (Publishers Weekly). After her father’s death, fourteen-year-old Touba takes her family’s financial security into her own hands by proposing to a fifty-two-year-old relative. But, intimidated by her outspoken nature, Touba’s husband soon divorces her. When she marries again, it is to a prince with whom she experiences tenderness and physical passion and bears four children—but their relationship sours when he proves unfaithful. Touba is granted a divorce, and as her unconventional life continues, she becomes the matriarch of an ever-changing household of family members and refugees . . . Hailed as “one of the unsurpassed masterpieces of modern Persian literature” (Iranian.com), *Touba and the Meaning of Night* explores the ongoing tensions between rationalism and mysticism, tradition and modernity, male dominance and female will—all from a distinctly Iranian viewpoint. Defying both Western stereotypes of Iranian women and expectations of literary form, this beautiful novel reflects the unique voice of its author as well as an important tradition in Persian women’s writing. “Parsipur’s novel carries the reader on a mystical and emotional odyssey spanning eight decades of Iranian cultural, political, and religious history . . . rewarding and enlightening.” —Booklist “A sweeping chronicle of modern Iranian history and a study of the plight of twentieth-century Iranian women . . . [displaying] deft utilization of magic realism and Persian myths . . . rich and well-crafted.” —Library Journal

My Bird Fariba Vafi,2009-10-20 In this powerful story of life, love, and the demands of marriage and motherhood, Fariba Vafi gives readers a portrait of one woman’s struggle to adapt to the complexity of life in modern Iran. The narrator, a housewife and young mother living in a low-income neighborhood in Tehran, dwells upon her husband Amir’s desire to immigrate to Canada. His peripatetic lifestyle underscores her own sense of inertia. When he finally slips away, the young woman is forced to raise the children alone and care for her ailing mother. Vafi’s brilliant minimalist style showcases the narrator’s reticence and passivity. Brief chapters and spare prose provide the ideal architecture for the character’s densely packed unexpressed emotions to unfold on the page. Haunted by the childhood memory of her father’s death in the basement of her house while her mother ignored his entreaties for help, the narrator believes she relinquished her responsibility and failed to challenge her mother. As a single parent and head of household, she must confront her paralyzing guilt and establish her independence. Vafi’s characters are emblematic of many women in Iran, caught between tradition and modernity. Demystifying contemporary Iran by taking readers beyond the stereotypes and into the lives of individuals, Vafi is one of the most important voices in Iranian literature. *My Bird* heralds her eagerly anticipated introduction to an English-speaking audience.

Politics and the English Language George Orwell,2021-01-01 George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell’s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the Orwell’s Essays series, Orwell takes aim at the language used in politics, which, he says, ‘is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind’. In an age where the language used in politics is constantly under the microscope, Orwell’s *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Antimicrobial Resistance in Developing Countries Aníbal de J. Sosa,Denis K. Byarugaba,Carlos F. Amábile-Cuevas,Po-Ren Hsueh,Samuel Kariuki,Iruka N. Okeke,2009-10-08 Avoiding infection has always been expensive. Some human populations escaped tropical infections by migrating into cold climates but then had to procure fuel, warm clothing, durable housing, and crops from a short growing season. Waterborne infections were averted by owning your own well or supporting a community reservoir. Everyone got vaccines in rich countries, while people in others got them later if at all. Antimicrobial agents seemed at first to be an exception. They did not need to be delivered through a cold chain and to everyone, as vaccines did. They had to be given only to infected patients and often then as relatively cheap injectables or pills off a shelf for only a few days to get astonishing cures. Antimicrobials not only were better than most other innovations but also reached more of the world's people sooner. The problem appeared later. After each new antimicrobial became widely used, genes expressing resistance to it began to emerge and spread through bacterial populations. Patients infected with bacteria expressing such resistance genes then failed treatment and remained infected or died. Growing resistance to antimicrobial agents began to take away more and more of the cures that the agents had brought.

The London Satyr Robert Edric,2012 1891. London is simmering in the oppressive summer heat, the air thick with sexual repression. But a wave of morality is about to rock the capital as the puritans of the London Vigilance Committee seek out perversion and aberrant behaviour in all its forms. Charles Webster, an impoverished photographer working at the Lyceum Theatre, has been sucked into a shadowy demi-monde which exists beneath the surface of civilized society. It is a world of pornographers and prostitutes, orchestrated by master manipulator Marlow, for whom Webster illicitly provides theatrical costumes for pornographic shoots. But knowledge of this enterprise has somehow reached the Lyceum's upright theatre manager, Bram Stoker, who suspects Webster's involvement. As the net tightens around Marlow and his cohorts and public outrage sweeps the city, a member of the aristocracy is accused of killing a child prostitute...

Spunyarn John Masefield,2011 'I must down to the seas again, to the lonely sky and sea' John Masefield was sent to join a training ship at a young age, his aunt hoping the experience would cure him of his addiction to books. Instead, Masefield was to become one of the greatest writers on life at sea. In this collection of short stories, extracts from novels, poetry (including 'Sea-Fever' and 'Cargoes' which Betjeman said 'will be remembered as long as the language lasts') and autobiography, he writes of the hardship, romance and adventure of seafaring with a sailor's way with language and sense of a good yarn- of life in dock and on the swelling seas, of salt spray, mutiny, great storms, the spirits beneath the waves, and the devil and Davy Jones playing dice for souls. This edition includes an introduction by Philip W. Errington on Masefield's reputation, his mistreatment of his own youthful work, and his conflicted attitude to his colourful life story. It also includes a chronology, further reading and notes. Edited with an introduction and notes by Philip W. Errington

Current Issues in Reading Nila Banton Smith,1969

The Changing Face of Death Glennys Howarth,Peter C. Jupp,2016-07-27 The taboo on death is at last breaking down. There is far greater receptivity to informed discussion about death and dying. Dying with dignity is one major issue: euthanasia and the 'natural death movement' are the latest stages in a debate first stimulated by the hospice movement. Media treatment of the bereaved, especially after disasters, has attracted some adverse criticism, yet after the decline of traditional customs of mourning, people seek new models of acceptable behaviour at a time of death. The book argues that attitudes to death and to disposal are culturally formed and examines the factors in the formation and decline of such attitudes by analysing specific issues over four centuries of death.
