*F\*ck That* Jason Headley,2016-04-12 Like a yoga class you can hold in your hand, a beautiful, full-color guide to letting sh\*t go Our world is filled with annoyances, and sometimes you need a little dose of humor to cope with the news cycle, your irritating co-worker, or that telemarketer who won't stop calling. This refreshingly honest self-help book will guide you through a meditation to "breathe in strength, and breathe out bullsh\*t." An excellent gift for yourself or others, F\*ck That is the very embodiment of modern-day self-care. May it help you find peace with the challenges that surround you...because they are f\*cking everywhere. Based on the viral video that had everyone from yogis to workaholics raving, F\*ck That is the completely truthful and oddly tranquil guide to relieving stress and achieving inner peace.

*10% Happier* Dan Harris,2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATIERAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harrisembarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.
