10% Happier Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

**Find a Way** Diana Nyad,2016-06-28 NOW THE NETFLIX FILM NYAD, STARRING ANNETTE BENING AND JODIE FOSTER Hillary Clinton said that Find a Way would stay with her through the general election: "When you're facing big challenges in your life, you can think about Diana Nyad getting attacked by the lethal sting of box jellyfishes. And nearly anything else seems doable in comparison."

When Diana Nyad arrived on the shore of Key West after fifty-three hours of grueling swimming across an epic ocean, she not only set a world record—becoming the first person to swim the shark-infested waters between Cuba and Florida with no cage for protection—she also succeeded in fulfilling a dream she first chased at age twenty-eight and at long last achieved when she was sixty-four. Now, in a riveting memoir, Diana shares a spirited account of what it takes to face one's fears, engage one's passions, and never ever give up. For no matter what life may throw at you, or how many times you may have experienced defeat, it is always possible—as long as you commit to living life to the nth degree, no regrets—to “find a way.

**Ugly** Anita Bhagwandas, 2023-02-16 We've all had those moments. The ones where you look in the mirror and nothing feels ok. For Anita Bhagwandas, this started when she was a child and it created an enduring internal torment about her looks. We're all told that this is just part of growing up, but it stays with us, evolving as we age. The internet tells us we should love ourselves, whilst bombarding us with images of airbrushed perfection, upholding centuries-old beauty standards which we can't always see. Our beauty rituals are so often based around things we think we need to fix, grow and develop - sometimes tipping into dangerous obsession. So, what seismic shift does it take to break free from this mentality? In *Ugly*, Anita uncovers where these beauty standards started, unpicks why they've been perpetuated and unmask the structures that continue to support them. From the ever-growing cosmetic surgery industry, to the hidden pitfalls of 'pretty privilege', it is time to finally break free from those limiting beauty standards, because feeling ugly should have nothing to do with how we look, and everything to do with who wants us to feel lacking.

*This Beautiful Truth* Sarah Clarkson, 2021-06-08 We live in a broken world. Amid the daily realities of sickness and isolation, disappointment and pain, it can be profoundly difficult to grasp the real goodness of God. But this is where God breaks into our darkness with beauty. In the wonder of creation, in art or film, story or song, in the kindness of his people and the good they create, God breaks into our pain in a tangible way, teaching us to trust his kindness and hope for his healing. Beauty is a voice singing into our suffering, beckoning us toward restoration. In *This Beautiful Truth*,

Sarah Clarkson shares her own encounters with beauty in the midst of her decade-long struggle with mental illness, depression, and doubt. In a voice both vulnerable and reflective, she paints a compelling picture of the God who reaches out to us in a real and powerful way through the taste and see goodness of what he has made and what he continues to create amid our darkness. To recognize and trust God's gift in pain, she writes, empowers us to create and love as powerful witnesses to God's healing love in a hopeless world. If you want to renew your capacity to recognize and encounter God's beauty in your life, this hope-filled book will show you the way.

**Reaping What You Sow** Henry Frank Carey, 2011-12-13 This book evaluates the experience of official torture of France in Algeria, as well as recently, the United States since 9/11, Israel against Palestinians, and Argentina during its Dirty War from 1972 to 1983. While evaluating what information was gained from torture, the book also shows the costs of undertaking this approach to interrogating suspected terrorists. *Reaping What You Sow: A Comparative Examination of Torture in France, Argentina, Israel, and the United States* presents a new angle in the study of this controversial practice by studying how these countries attempt to account for these secret practices and reform future interrogations against this universal crime. It also analyzes the costs of torture, whether in terms of intelligence gaffes or alienating potential supporters and enemies alike, creating strategic dilemmas in the war on terrorism. Adopting a comparative approach, the book studies questions like: What is the harm (or benefit) to the state once the torture becomes known? What are the political and strategic ramifications? Does torture help win wars? Can the use of torture bring about any lasting or beneficial reforms? These are daring questions seldom pondered. In asking them, this book will help to foster a discussion that is long overdue. The author concludes that ex-authoritarian regimes like Argentina's junta and France's colony in Algeria have reduced torture more than democracies. These

authoritarian regimes collapsed, and new democratic regimes ultimately discredited their predecessors' torture. Despite many zigzags in amnesty, Argentina was more scandalized by torture of its citizens and improved more than France because the latter's subsequent, Fifth Republic regime was more similar to the Fourth, protecting many torturers with a permanent amnesty. Continuous democracies like the United States and Israel have only reduced their worst torture, while torture lite continues without accountability. The same elected officials and security agency personnel and prerogatives have largely remained without any legal discipline for their past, secret, criminal practices. The United States and Israel continue to innovate, hide, and resume torture with discretion because the various new, legislative, judicial, and executive checks and balances amount to wishful legal statements. Democracies need permanent accountability mechanisms to assure that security services abolish torture in practice. Otherwise, torture will continue to generate more terrorists without generating information that is consistently reliable.
