King Zog Jason Tones,2011-09-16 Shortly before 5pm on Saturday 1 September 1928 Europe gained a new kingdom and its only Muslin king: 32-year-old Zog I of Albania. Zog I was a crucial figure in modern Albanian history, creating - or attempting to create - national and cultural identity for a country that had known little stability or sense of identity since the middle ages. He was also the most unusual monarch of the 20th century, described by contemporaries as: a despotic brigand; the modern Napoleon; Mussolini's lackey; the finest patriot; frankly a cad. This biography shows Zog as the product of a unique time and place. People who live in secure, stable countries are invited to set aside their assumptions about European monarchy and meet a king who fired back at assassins and paid his bills with gold bars.
