Moskowitz,2009-05-01 Dealing with unpaid taxes? Looking for investment opportunities? With home foreclosures at an all-time high and the erratic stock market damaging 401(k) accounts, people are looking for innovative ways to invest their money and improve their financial situation through different investment vehicles. Moskowitz explains what tax lien certificates are (liens against property for unpaid taxes), why they are safe investments (certain states insure them), and how they fit into an overall financial plan. This new edition includes updates to the laws and procedures of states and counties that offer tax lien certificates.

Astral Sciences in Mesopotamia Hermann Hunger,David

Pingree,2015-11-02 Astronomy and astrology, or the astral

sciences, played an enormous, if not a key role in the political and religious life of the Ancient Near East, and, later, of the Greek and Roman world. This is the first comprehensive and up-to-date account of the origins of the astral sciences in the Ancient Near East. Every type of Sumerian or Akkadian text dealing with descriptive or mathematical astronomy, including many individual tablets are thoroughly dealt with. All aspects, such as the history of discovery, reconstruction, and interpretation come to the fore, accompanied by a full bibliography. At that the reader will find descriptions of astronomical contents, an explanation of their scientific meaning and the place a given genre or tablet has in the development of astronomy both within the Mesopotamian culture and outside of it. Because celestial omens are intimately related to astronomy in Mesopotamian science, these are also discussed extensively. The material is arranged both chronologically and thematically, so as to help make Astral Sciences in Mesopotamia a reference work on the subject in its truest sense.
