Don't miss the #1 New York Times bestselling prequel, *Family of Liars*. A beautiful and distinguished family. A private island. A brilliant, damaged girl; a passionate, political boy. Not Quite What I Was Planning Larry Smith, Rachel Fershleiser,2009-10-13 Deceptively simple and surprisingly addictive, *Not Quite What I Was Planning* is a thousand glimpses of humanity—six words at a time. One Life. Six Words. What's Yours? When Hemingway famously wrote, *For Sale: baby shoes, never worn*, he proved that an entire story can be told using a half dozen words. When the online storytelling magazine SMITH asked readers to submit six-word memoirs, they proved a whole, real life can be told this way too. The results are fascinating, hilarious, shocking, and moving. From small sagas of bittersweet romance (Found true love, married someone else) to proud achievements and stinging regrets (After Harvard, had baby with crackhead), these terse true tales relate the diversity of human experience in tasty bite-sized pieces. From authors Jonathan Lethem and Richard Ford to comedians Stephen Colbert and Amy Sedaris, to ordinary folks around the world, everyone has a six-word story to tell.

Virgil, Aeneid, 4.1-299 Ingo Gildenhard,2012 Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

How to Write About Africa Binyavanga Wainaina,2023-06-06 From one of Africa's most influential and eloquent essayists, a posthumous collection that highlights his biting satire and subversive wisdom on topics from travel to cultural identity to sexuality "A fierce literary talent . . . [Wainaina] shines a light on his continent without cliché."—The Guardian "Africa is the only continent you can love—take advantage of this. . . . Africa is to be pitied, worshipped, or dominated. Whichever angle you take, be sure to leave the strong impression that without your intervention and your important book, Africa is doomed." Binyavanga Wainaina was a pioneering voice in African literature, an award-winning memoirist and essayist, and a gatherer of literary communities. Before his tragic death in 2019 at the age of forty-seven, he won the Caine Prize for African Writing and was named one of Time's 100 Most Influential People. His wildly popular essay "How to Write About Africa," an incisive and unapologetic piece exposing the harmful and racist ways Western media depicts Africa with implicit bias and subjective clichés, changed the game for African writers and helped set the stage for a new generation of authors, from Chimamanda Ngozi Adichie to Yaa Gyasi. When Wainaina published a "lost chapter" of his 2011 memoir as an essay called "I Am a Homosexual, Mum," which imagines coming out to his mother, he became a voice for the queer African community as well, adding a new layer to how African sexuality is perceived. *How to Write About Africa* collects these powerful pieces in a lively and imaginative set of essays about sexuality, art, history, and contemporary Africa. Wainaina's writing is playful, robust, generous, and full-bodied. He describes the modern world with sensual, emotional, and psychological detail, giving us a full-color view of a country and continent. These works present a portrait of a giant in African literature who left a tremendous legacy.

Outliers Malcolm Gladwell,2008-11-18 From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times
