**Public Access to Documents in the EU** Leonor Rossi, Patricia Vinagre e Silva, 2017-01-12 All litigants before the General Court of the EU (GC), the Court of Justice of the EU (ECJ) or indeed before any EU body or agency will need to have full access to the documents held by the European Union. Though the legislation regulating the field, Regulation 1049/2001, has been in force for some time, it is a complex field for all would-be litigants. In this book the authors, both experienced practitioners in the area, clearly set out the documentation, access requirements and processes. They include a helpful glossary of terms, tables and appendices setting out the relevant legislation. This will be the seminal text for all practitioners who need to access documentation held by the EU.

**European Competition Law Annual 2011** Philip Lowe, Mel Marquis, 2014-11-01 This volume contains papers presented at the 16th Annual EU Competition Law and Policy Workshop, held at the European University Institute on 17-18 June 2011. This edition of the Workshop examined the emerging and increasingly important use of private rights of action before national courts, and the prospects for legislation and soft law initiatives at the level of the EU. The book has been updated and reflects the European Commission's private enforcement package of June 2013. Furthermore, the experiences of various national jurisdictions are discussed, both within Europe and in the US and Canada. As a whole, the volume explores how public and private enforcement might function harmoniously, as an 'integrated' system, to promote the public interest while ensuring that individual rights created in this field by the EU competition rules are vindicated. The contributors have, however, devoted significant analysis to the tensions between those two modes of enforcement. Authors contributing to this book include: Enno Ahlenstiel Donald Baker Jochen Burrichter Horst Butz Scott Campbell Brian Facey Tristan Feunteun Ian Forrester Andrew Foster Andrew Gavil Barry Hawk James Keyte Assimakis Komninos Bruno Lasserre Frédéric Louis Mel Marquis Veljko Milutinovic Luis Silva Morais Tom Ottervanger Silvia Pietrini Mark Powell John Ratliff J Thomas Rosch David Rosner Mario Siragusa James Venit

**The EEA and the EFTA Court** EFTA Court, 2014-11-27 The EEA Agreement extends the free movement of persons, goods, services and capital to the EEA/EFTA States: Iceland, Liechtenstein and Norway. It provides for equal conditions of competition and abolishes discrimination on grounds of nationality in all 31 EEA States. The successful operation of the EEA depends upon a two-pillar system of supervision involving the European Commission and the EFTA Surveillance Authority. A two-pillar structure has also been established in respect of judicial control with the EFTA Court operating in parallel to the Court of Justice of the European Union. The EFTA Court, which celebrates its 20th anniversary in 2014, has jurisdiction with regard to EFTA States which are parties to the EEA Agreement. The jurisdiction of the EFTA Court accordingly corresponds to the jurisdiction of the Court of Justice of the European Union over EU Member States in matters of EEA law. The essays in this collection, assembled to celebrate the 20 year landmark, and written by members of the Court and external experts, review the successes and shortcomings of the Court, its interface with EU law, and the prospects for its future development.

**Preservation Priorities in Latin America** Dan C. Hazen (Bibliothekar.), Commission on Preservation and Access, 1995 The information in this report is condensed from the presentations and conversations, both formal and informal, that occurred during the 60th meeting of the International Federation of Library Associations (IFLA). About 1,500 librarians attended, representing Cuba, Venezuela, Mexico, Argentina, Peru, and Colombia. Training for preservation administrators and preservation technicians was identified as a high priority need in Latin America. Because of the need for training, Latin American librarians were eager for current preservation literature. Maintenance and storage environments were also priority concerns; however, the breakdown of acidic papers was scarcely mentioned. Biological pests are perceived as a greater hazard in tropical environments. Of secondary priority, the conference participants recognized reformatting and bibliographic control, connectivity through new technologies, and opportunities for creative projects. (SLD)
