E-Business Essentials Nick Bontis,2004-09-01 This special issue of QJEC marks the final instalment of the journal. The QJEC has had a long-standing history of international scholarship focused on the emerging field of electronic commerce with a broad, interdisciplinary approach. It has established the field's intellectual foundation with state-of-the-art research from business, computer science, engineering, law, psychology, and sociology. This particular issue focuses on an eclectic group of papers that are international in scope with authors from Canada, Australia, France, Germany, South Africa and Italy. The papers range in topics from valuing dot com companies, to mobile health and portals, to supply chain management.

Achieve Planner ,2020-09-06 The Achieve Planer is engineered to help take your largest life goals and reach them. Monthly organization sheets keep you on track and highlight the tools you have to make steps towards your goals. Daily sheets provide reflection space to keep you grounded to the positives each day offers, while including the normal organization space for to-dos, appointments, and notes like other planners. The Achieve Planner is the perfect way to keep life organized, on track, and full of value. The Achieve Planner features a hard cover to ensure it holds up to heavy use and is small enough to carry handy; fitting in most handbags.

You Should Let Me Love You Chenell Parker,2017-03-28 Past heartbreaks and failed love has hardened Candace's fearful heart. David, her current love interest, wants all of her including her broken heart. David won't settle for anything less. Being with one woman is new for him, but he feels that Candace is worth it. Dwight has a few skeletons in his closet, but he's unsure of how he should come clean about them. Co-Co is unpredictable and there's no telling how he'll react to his news. Co-Co must decide if the risk of pushing away his only living parent is worth losing his one true love. To complicate matters, Dwight's cousin Yasmine not only moves in with him, but she also moves in on everyone's turf, especially the Roberts brothers. With drama, deceit and desperation all around, will Candace and David's love survive the many obstacles that are thrown their way or will one or both of them succumb to temptation? Find out as we catch up with the gang from the bestselling You're My Little Secret series.

Best of Enemies Rainier George Weiner,2015-05-07 Suppose fate placed you on an inflatable life-raft in the middle of the freezing Atlantic Ocean along with your most bitter enemy contrivable? Would the emotions of hatred, revenge and love of country trump the desire to survive, if killing that enemy ensured your own demise? Captain Mat Richardson, USN, and Emil Gluckler, a German submarine commander, experience that option during the 2nd World War. Mat, captain of a small destroyer, and Emil, commander of an attacking submarine, become stranded on a life-raft after each of the combatant crafts sink each other during a fierce naval engagement. They subsequently experience 38 harrowing days striving for survival. If nothing else, this required the ultimate in mutual cooperation. If the two survived, would the events have a lasting effect on their relationship? Or, if one had the opportunity to kill the other at a later date in a new war-time circumstance, would he do so, or not?

Work Without Boundaries Michael Allvin,Gunnar Aronsson,Tom Hagström,Gunn Johansson,Ulf Lundberg,2011-03-21 Drawing on more than a decade of inter-disciplinary research, this book provides a comprehensive overview of the available theories, concepts, data and research on new work organizations and the concept of 'work without boundaries'. Explores a concept of work that is not restricted by traditional organizational rules like regular office hours, a single workplace, fixed procedures and limited responsibility Provides a comprehensive overview of the available theories, concepts, data and research on new work organizations Examines the shift of power away from organizations to make individuals accountable for their own employability and work Draws on over a decade of original research into 'work without boundaries' in which the authors are key authorities Brings together organization theory and work psychology with scholarship from related fields including sociology, social psychology, cognition and psychobiology

Architecture of Systems Problem Solving George J. Klir,Doug Elias,2012-12-06 One criterion for classifying books is whether they are written for a single purpose or for multiple purposes. This book belongs to the category of multipurpose books, but one of its roles is predominant-it is primarily a textbook. As such, it can be used for a variety of courses at the first-year graduate or upper-division undergraduate level. A common characteristic of these courses is that they cover fundamental systems concepts, major categories of systems problems, and some selected methods for dealing with these problems at a rather general level. A unique feature of the book is that the concepts, problems, and methods are introduced in the context of an architectural formulation of an expert system referred to as the general systems problem solver or aSPS-whose aim is to provide users of all kinds with computer-based systems knowledge and methodology. The aSPS architecture, which is developed throughout the book, facilitates a framework that is conducive to a coherent, comprehensive, and pragmatic coverage of systems fundamentals-concepts, problems, and methods. A course that covers systems fundamentals is now offered not only in systems science, information science, or systems engineering programs, but in many programs in other disciplines as well. Although the level of coverage for systems science or engineering students is surely different from that used for students in other disciplines, this book is designed to serve both of these needs.

Fighter Wing Tom Clancy,John Gresham,2007-09-04 The #1 New York Times bestselling master of the military genre puts readers right in the cockpit. Tom Clancy's explorations of America's armed forces reveal exclusive, never-before-seen information on the people and technology that protect our nation. Here, the acclaimed author takes to the skies with the U.S. Air Force's elite: the Fighter Wing. With his compelling style and unerring eye for detail, Clancy captures the thrill of takeoff, the drama of the dogfight, and the relentless dangers our fighter pilots face every day of their lives- showing readers what it really means to be the best of the best. This is the ultimate insider's look at an Air Force combat wing-the planes, the technology, and the people...with Tom Clancy behind the stick.
