Vienna Convention on the Law of Treaties Oliver Dörr,Kirsten Schmalenbach,2011-11-22 The Commentary on the Vienna Convention on the Law of Treaties provides an in-depth article-by-article analysis of all provisions of the Vienna Convention. The texts are uniformly structured: (I) Purpose and Function of the Article, (II) Historical Background and Negotiating History, and (III) Elements of the Article. The Vienna Convention on Treaties between States and IOs and between IOs is taken into account where appropriate. In sum, the present Commentary contains a comprehensive legal analysis of all aspects of the international law of treaties. Where the law of treaties reaches into other fields of international law, e.g. the law of state responsibility, the relevant interfaces are discussed and contextualized. With its focus on international practice, the Commentary is addressed to academia, as well as to practitioners of international law.

Back to the Drawing Board Jennifer Quick,2022 The first book to consider the importance of

commercial art and design for Ed Ruscha's work Ed Ruscha (b. 1937) emerged onto the Los Angeles art scene with paintings that incorporated consumer products, such as Spam and SunMaid raisins. In this revelatory book, Jennifer Quick looks at Ruscha's work through the tools, techniques, and habits of mind of commercial art and design, showing how his training and early work as a commercial artist helped him become an incisive commentator on the presence and role of design in the modern world. The book explores how Ruscha mobilized commercial design techniques of scale, paste-up layout, and perspective as he developed his singular artistic style. Beginning with his formative design education and focusing on the first decade of his career, Quick analyzes previously unseen works from the Ruscha archives alongside his celebrated paintings, prints, and books, demonstrating how Ruscha's engagement with commercial art has been foundational to his practice. Through this insightful lens, Quick affirms Ruscha as a powerful and witty observer of the vast network of imagery that permeates visual culture and offers new perspectives on Pop and conceptual art.
