Literacy Program Evaluation and Development Initiatives for P-12 Teaching Lawrence, Salika A.,2016-09-01 Teacher leadership is a critical component of effective curriculum assessment and professional development. With teacher-led inquiry being utilized, schools can better improve their learning programs. Literacy Program Evaluation and Development Initiatives for P-12 Teaching is a pivotal resource for the latest research on the benefits of using teacher educators to facilitate the assessment and improvements of school literacy programs. Highlighting a range of relevant topics on professional learning and teacher leadership, this book is ideally designed for school administrators, teachers, researchers, and academics.

Handbook of Research on Teacher Education Myint Swe Khine,Yang Liu,2022-03-18 This comprehensive book presents emerging research findings and promising reform practices in the field of teacher education, curriculum, assessment, teaching and learning approaches, pedagogical innovations, and professional development in educating the next generation of globally competent students. It reflects the current trends and highlights contemporary teacher education programs in twenty greater Asian countries and regions. It offers insight into improving teacher education in Singapore, Malaysia, Thailand, Philippines, Vietnam, Cambodia, Laos, Myanmar, Indonesia, Brunei, India, Pakistan, Bangladesh, Bhutan, China, Korea, Taiwan, Japan, Hong Kong, and Macau. The handbook contains chapters written by experienced international teacher educators who draw on their experience and expertise to perennial issues and formidable challenges in teacher preparation and meaningful school reforms. This volume is a valuable resource and essential companion for teacher educators, faculty members, staff developers, trainee teachers, undergraduate and postgraduate students, researchers, school leaders, policy-makers, and professional learning communities to refresh their knowledge and improve their understanding. This book is a must-read for anyone interested in evolving issues in teacher education.

In the Time of the Butterflies Julia Alvarez,2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering. . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time." —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

SQL Tuning Dan Tow,2003-11-19 A poorly performing database application not only costs users time, but also has an impact on other applications running on the same computer or the same network. *SQL Tuning* provides an essential next step for SQL developers and database administrators who want to extend their SQL tuning expertise and get the most from their database applications. There are two basic issues to focus on when tuning SQL: how to find and interpret the execution plan of an SQL statement and how to change SQL to get a specific alternate execution plan. *SQL Tuning* provides answers to these questions and addresses a third issue that's even more important: how to find the optimal execution plan for the query to use. Author Dan Tow outlines a timesaving method he's developed for finding the optimum execution plan--rapidly and systematically--regardless of the complexity of the SQL or the database platform being used. You'll learn how to understand and control SQL execution plans and how to diagram SQL queries to deduce the best execution plan for a query. Key chapters in the book include exercises to reinforce the concepts you've learned. *SQL Tuning* concludes by addressing special concerns and unique solutions to unsolvable problems. Whether you are a programmer who develops SQL-based

applications or a database administrator or other who troubleshoots poorly tuned applications, SQL Tuning will arm you with a reliable and deterministic method for tuning your SQL queries to gain optimal performance.
