The Inner Workings of a Watch - A Simple Guide for Enthusiasts of Clockwork Mechanisms Anon., 2013-04-16 A guide to help the keen amateur teach themselves the wonderful curiosities of the mechanical watch. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Gruen Watch Model Identification Guide Mike Barnett, 2010-04 The first and only color illustrated guide to Gruen wristwatches. Over 300 Gruen watches identified correctly with the exact model name, date of production, and much more information on each watch model. Printed in beautiful color, this guide is unique among all other watch identification guides. Pictures are life sized to make finding the match to your watch much easier. One addition to this book that you will not find in other price guides is the inflation adjusted price for each watch. The watches have the price they were originally sold at (e.g. 29.95 in 1944), next to that is the price in today’s dollars (e.g. \$400 for the price of \$29.95 in 1944). This makes comparing the value of watches easier to understand. It also gives you the ability to compare watch price of watches that have been made decades apart.

Gruen Watch Model Identification Guide Mike Barnett, 2017-08-25 The Gruen Watch Model Identification Guide Volume 2 was 3 years in the works and extends the only full-color series of Gruen Model ID guides. Volume 2 used same laborious process of utilizing Gruen published advertising material to obtain the images and the accompanying data. The result is a very accurate guide that’s stunning to see. This is not a price guide. The only prices are the ones the watches originally sold for. But the illustrations are better than anything you’ve seen in price guides. The book’s title describes exactly what the books are for -- Gruen Watch Model Identification Guide. Use these books to identify your Gruen watch, when it was made, other variations, plus quite a bit of technical data. These books have been described as coffee table books because they’re so detailed and are in color. Enjoy all of the hard work the men and women of the Gruen company put into their timepieces.

Memoirs of a Watch Case Engraver Fritz A. Baumgartner, Brian Pittman, 2007-05 Memoirs of a Watch Case Engraver was composed from 1941 to 1942 by Fritz Baumgartner and translated from German to English in 2007 by his great-grandson Brian Pittman. This story recounts the hardships and successes of one family during the late 19th and early 20th centuries. Central to his autobiography are the Swiss immigrant experience and a struggling watch case industry confronting the industrial revolution. Upon immigrating to the United States in 1904, Fritz was one of 27 employees at the fledgling Star Watch Case Company, where he remained for over 25 years. When the factory moved from Elgin, Illinois to Ludington, Michigan, Fritz remained with the engraving department. For watch and clock enthusiasts, this volume offers over 1,650 original case designs produced for the Star Watch Case Company. Dating from roughly 1920 to 1930, this unique collection offers pocket watch collectors an intriguing possibility: do you own a Fritz?
