Elf in the Ornament E. L. Barclay,2007-11 What would you do if you were given the opportunity to actually meet one of Santa's elves? What would one of Santa's elves do if he were given the chance to see something he'd never seen before...a real boy and girl! *Elf in the Ornament* is a wonderful Christmastime adventure, beginning at the North Pole. Santa's experiment involves elves living in special ornaments, hanging in the Christmas trees of unsuspecting little boys and girls during the weeks before Christmas Eve. The elves are only to observe the children and send nightly reports back to the North Pole, to help Santa keep track of who's being naughty or nice...but they are never, for any reason, to allow themselves to be seen. A simple experiment...until Alfred the Elf's curiosity causes him to accidentally come nose-to-nose with 9-year old Megan!

The Misadventures of Wally the Elf Pamela Horner, 2017-11-26 Elves just love everything about Christmas: Santa Claus, the songs, the workshop, the toys, the hot cocoa... all of it! But there is one elf, Wally, who is not happy with the way things are. If Santa would just listen to his ideas and stop being so old-school, things would really rock and roll at the North Pole. He just needs to come up with an idea to get Santa's attention. The rest will fall into place, right? Or will it? Settle down with a steaming mug of hot chocolate and follow Wally the Elf as he encounters one adventure, or (mis)adventure, after the other- all on one wild Christmas Eve night. It will remind each of us that one is never too old or too young for the magic that is Christmas! PS. Elf Defence Sarah Honey, Lisa Henry, 2020-10-21 Royal envoys Calarian and Benji embark on a quest in the alpine duchy of Tournel. Things go rapidly downhill when the duke plummets to his death from the tower wall. Whoops-that's going to be hard to explain. And it's not as though they can just grab the nearest human and make him the new duke. Or can they? Enter one Lars Melker, a slightly gullible cowherd built entirely of muscles and sunshine, who happily accepts their word when they tell him he's the duke now. Soon Calarian and Benji are knee deep in teaching Lars how to fake it until he makes it. They're also dealing with mountain trolls, a monster, a missing cow, and, most shocking of all, a growing realisation that their elves-with-benefits arrangement might be turning into something with feelings. Add in their mutual attraction to Lars, and suddenly the hills are alive with the sound of emotionally compromised collectivist anarchist elves. Also, what's the deal with those leather shorts?
