Life As a Millennial L. Castelluzzo,2019-01-22 There are some things in life that you can control, and some that you can't. This choose-your-own-adventure game book will let you live the life of a millennial, and as you go through the game, you will be confronted with decisions that will lead you onto different paths. But for those decisions that are out of your control, you will have to let fate decide for you.This choose-your-own-adventure game book is a bit different in that it combines your decisions with a bit of fate and luck. This is done by setting up a randomized code when you begin, which may or may not change depending on how and when you are reading this book. Every person who plays this game will have a unique code, which will determine how the story unfolds. Even if you play this game more than once, your code might be different each time. But it's important not to cheat! It's a lot more fun if you stick with it. Maybe if you play more than once, you'll get the hang of it, and find a way to beat your previous score.

To celebrate the 30th anniversary of The Legend of Zelda, Third Editions wanted to pay respect to this legendary saga, one of the most prestigious in the gaming world. Dive into this unique publication, presented as an ancient tome, which will allow adventure fans to finally (re)discover the amazing Legend of Zelda. Immerse yourself in this unique collection, presented in the form of an old grimoire, which will delight all adventure lovers to finally discover the fabulous legend of Zelda! **EXTRACT** In the kingdom of Hyrule, a legend has been passed down since the beginning of time: A mysterious artifact known as the Triforce, symbolized by three golden triangles arranged to form a fourth triangle, is said to possess mystical powers. It is hardly surprising that this object has been coveted by many power-hungry men over the centuries. One day, the evil Ganon, the Prince of Darkness whose ambition is to subjugate the entire world to his will, sends his armies to attack the peaceful kingdom. He manages to capture one of the fragments of the Triforce, the triangle of power. Daughter of the king of Hyrule, Princess Zelda is terrified at the prospect of seeing Ganon's armies swarming over the world. She, too, seizes a fragment of the Triforce, the triangle of wisdom, and chooses to break it into eight pieces, which she then scatters across the world, hiding them to prevent Ganon from ever acquiring them. She then orders her faithful nursemaid Impa to go forth and seek a warrior brave enough to challenge Ganon. As Impa roams the kingdom of Hyrule in the hope of finding a savior, Ganon learns of Zelda's plans and has her locked up before sending his men to track down the nursemaid. Surrounded by these ruthless creatures, Impa is saved by a young boy named Link at the very moment when it appears that all is lost. As unbelievable as it may seem, Link has been chosen by the golden triangle of courage, and thus holds a part of the Triforce himself. Convinced that she has finally found the one who will save the kingdom, Impa hurries to tell him her story. Link accepts his mission to rescue Zelda without hesitation. Before confronting Ganon, however, he will have to gather the eight fragments of the triangle of wisdom, which are his only hope of gaining entry to the dungeon deep beneath Death Mountain where the Prince of Darkness hides. His quest has only just begun. **ABOUT THE AUTHORS** Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third.

The Ultimate Random Encounters Book Travis "Wheels" Wheeler,Logan Jenkins,Lee Terrill,Greg Leatherman,2021-10-05 Playing a role-playing game is a delicate dance. If everything runs smoothly, it feels like you and your friends are able to maneuver effortlessly through dramatic, epic, and uproariously silly scenes where everyone gets a chance to shine. And yet, other times it just doesn't come together. Combat slows to a repetitive grind, the Game Master runs out of good Non-Player Character (NPC) ideas, or after twenty-six rounds maybe even the most beautifully designed encounter just gets a bit stale. Sure, you could prep an absolute powerhouse of an all-killer-no filler role-playing session. Spend time getting fun character voices ready for every NPC. But that sounds like way too much work. This is the book you turn to for help. It's a big book of ideas designed to slot right into your existing campaign, organized into neat little tables. If you salivate at chaos magic effect tables and daydream about wild, unexpected die results, you already know it can also be fun to throw caution to the wind and let randomness determine as much as possible. Even the most organized GMs and the tightest adventure modules benefit from a little spice!--

The Zombies have also turned the village blacksmith into a Zombie, leaving Steve without a place to get swords. To protect himself and the few villagers that remain, Steve goes on a quest to mine for forty diamonds, which are the most powerful mineral in the Overworld. He wants to craft these diamonds into a diamond sword to shield him and the villagers from the Zombies. Far from his home, with night about to set in, Steve fears for his life. OSR Solo Peter Rudin-Burgess,2021-02-23 OSR Solo rules These rules are intended to allow you to play an OSR, in this case meaning OD&D, B/X style games, without a Dungeon Master. game you will get using these rules will be a sandbox-style adventure, you will not need to do any Dungeon Master [DM] style preparation although having a few stock NPCs or appropriate levels would be helpful. No DM? The normal cycle of play is that the DM describes the scene and asks what do you do? The players describe their actions. The DM describes the effects of those actions and the cycle repeats. In solo play there is just the single character and no DM. You start by imagining your character in the game setting and play them through all the social interactions, all the NPCs and events that would normally come up. At some point you will reach a point where you would normally ask your DM for more information. Are there any guards? Are there any ways out? What can you hear? At this point the solo rules come into play. You pitch your question in a Yes/No format. The solo rules will then return an answer to your question much like a Magic 8 Ball toy. It is then down to you and your improv. skills to decide what does this answer mean right now? Often the first thing that comes into your head is the answer to go with. If you just got yes and no answers things would get boring quite quickly. These rules are designed to throw up twists and turns into your character's story. is a perfect way to learn a new game, test your first adventures and going beyond just making characters when you are first getting to know the rules
