Aether War Book 1 Mike Breza,2024-02-19 1755, England. Ash and James join a ship's crew and find themselves heading to the moon. They learn that alchemists will transmute the moon rocks they bring back into a devastating weapon to be used by England to defeat her enemies. The vast aether they sail in looks empty, until the attacks start. Their enemies want to destroy them. James and Ash not only battle their growing love, but pirates, mesmerists, and undead using Ben Franklin's ray gun. They attempt the impossible while the aether tears their ship apart. If they fail, England will fall. If they survive, what kind of life can Ash and James have together? And James has a huge secret: he is a woman.

Aether Spark Nicholas Petrarch,2018-04-14 When alchemists from the dregs of a luckless city unlock the mysteries of the Aether, their world becomes a bit more volatile as a mechanist seeks to steal their secret for himself. It's a fight to be recognized, but at what cost?Full of discovery, desperation, and disaster, Aether Spark shows just how destructive man's ambitions can be.

Aether's Guard Daniel Schinhofen,2021-02-23 Gregory's life changed when his aether sparked to life during the Age Day ritual. He left his old friends and his old life behind, and was taken to the Magi Academy to start training to serve the Vela Empire. Suddenly alone and out of place, he prepared for the worst.When the beautiful novice, Yukiko Warlin, asked if they could be friends, his life changed again. After six months of duplicity from the people who they had thought of as friends, Gregory and Yukiko isolated themselves from all the other novices.Gregory chose a path considered impossible for his training, and Yukiko followed, pushing each other to strive ever harder. When Yukiko's betrothal was annulled, the two friends were free to express the deeper feelings that had developed between them. The first tournament for the novices was brutal on the two young lovers. Both of them were pushed to the absolute limit, but they endured. When they took the top two spots, their fellow novices dropped the pretense of friendship, when neither would bow to the machinations of their peers. Now, the rest of their first year stands before them. It's become clear that they should join a clan, but where can they find one that would treat them both fairly and equally?(This book contains some adult themes.)

Aether Ones Wendi Coffman-Porter,2020-10-13 Long ago, the Great Sundering ripped the universe apart, creating two separate realities. The kuldain realm developed advanced technology, and its inhabitants travel the universe on massive ships to colonize and expand their empire. The aether realm, meanwhile, harnessed the magic of the massively powerful eldrich energy that connects everything within their realm. Now, a tentative peace reigns between the two realms, maintained by a treaty and by the Imperial Investigative Service--a force designed to monitor interactions between the realms and ensure that most kuldain inhabitants don't even know aether space exists. Leilani Falconi, a talented agent of the IIS, polices the galaxy with quick sarcasm and a quicker temper. When a series of suspicious deaths in kuldain space threatens the secrecy and peace, Lei must solve the mystery--fast--before both her realities change forever.

Aether Jessica Cioffi,2022-03-28 From Cotton Tales' author, after the success of Francis and Sol, a new anthology of wonderful and sophisticated illustrations. Earth, Air, Fire, Water: in magic and alchemy those are the essential elements that rule the balance of the Universe in its every material aspect. This anthology of fine illustrations, short silent stories and a tale, is a celebration of these elements, up to the fifth one, Aether. Imbued in every other element, in this book's characters and in their imagination: like a thread it binds them together, it dwells in them, it gives them life.

The Book of Maya Mark Stokes,2022-07 This isn't a story about a false king. Or a continent at war. This isn't even a story about magic, although it probably should be.What this is, is a story about a girl. A girl who has dreamed her whole life and finally has been given a chance to stop dreaming. What this isn't is a story of the Hood of Aet, those who have sworn an oath to protect the continent and aren't doing the best job of it. But Maya's dreams of joining the Hood of Aet is part of this story so I guess we should start there, or maybe a little bit before.

Aether's Apprentices Daniel Schinhofen,2022-06-29 Gregory was beyond happy when his second year in the Magi Academy began. Now married to both Yukiko and Jenn, Gregory had more love than he ever thought he'd find. It was also a time for friends. Daciana and Nessa, their novice friends, found another in Victoria, who also quickly became close with Gregory and his wives. Gregory found still more friends in Clover and Ling, two clanless apprentices who shared his tactics subgroup. The eurtik-blooded magi were earnest and eager to learn, so they were quickly taken under the Aether's Guard apprentices' wings. With so many friends around him, Gregory felt the year was bright. The hatred of the Eternal Flame still pressed down on them- although the clan seemed strangely quiet during the first half of the year, the threat of violence was still there. The friends trained hard to fight as a unit, intent on being the champions to raise the clan's name and reputation. The first tournament of the year came quickly, with a few surprises. The biggest was because of the merchant, Carlisle, belittling eurtiks. Hao Warlin suckered him into a bet that grew and grew until the merchant lost a massive amount of money. Hao took it gladly, using it to purchase gifts for Daciana, Nessa, and Victoria. Those items allowed the three novices to not only survive the remainder of the tournament, but also to emerge as the victors. Gregory and his wives fought honorably and hard to advance to the finals, where their last fight was against the Eternal Flame. With their rigorous training and communication, they managed to defeat the arrogant clan, letting them stand alongside their novice friends as champions. The excitement of being the champions wasn't the happiest part of their year, though. That came after the tournament, when all five of their friends- Nessa, Daciana, Victoria, Clover, and Ling- joined Aether's Guard. The apprentices weren't done yet, as they had other major events ahead of them. The tournament for their tactics class was first and, beyond that, the tournament against Buldoun.
