Stories and Toasts for After Dinner Nathaniel C. Fowler, 2007-03
STORIES AND TOASTS FOR AFTER DINNER The Toastmaster, His Duties and Response. bilities. Toasts and After-Dinner Stories for all Occasions and How to Tell Them BY NATHANIEL C FOWLER, JR. Author of How to Save Money, The Art of Letter Writing, Handbook of Journalism, The Art of Story-Writing, etc. NEW YORK GEORGE SULLY AND COMPANY PREFACE THE author has attempted to present in a concrete and concise way, not only a large number of sensible and appropriate toasts and witty and other after-dinner stories, but also several chapters of general suggestion, which he hopes will be of some value to both the professional and amateur after-dinner speaker and story-teller. It is obvious that neither the author, nor any one else, could produce more than a limited number of original toasts and after dinner stories, and it would be inadvisable for him to do so, because, even if he possessed unusual proficiency and ability in this direction, there would be an unavoidable sameness in the result. The author has, therefore, presented

both original and borrowed toasts and after-dinner stories and has not omitted a good toast or story because of its age. The selected toasts and stories are both new and old, and the author has certainly vi Preface tried not to present those which are hackneyed or which lack pertinency and point, nor has he given any which cannot be used as a part of an after-dinner address. As the value of the story depends upon conditions, including environment, as well as upon the quality of the story - itself, and as neither conditions nor environment can be anticipated, the author has not classified the stories. Had he done so, he would without doubt have blanketed their effectiveness, because most good stories are applicable to several situations and occasions. To classify them would have been practically impossible, and certainly Inadvisable.

CONTENTS KftGX PREFACE, . v THE TOASTMASTER i THE TOAST 14 THE AFTER - DINNER STORY J ., . . 19 THE QUESTIONABLE STORY AND DONT'S 25 MANY HUNDREDS OF BRIGHT, WITTY, AND USABLE TOASTS 28 HUNDREDS OF AFTER - DINNER STORIES, SUITABLE FOR ALL OCCASIONS . . 61 STORIES AND TOASTS FOR AFTER DINNER THE TOASTMASTER UNLESS the function is entirely informal, and limited to a few diners, all dinners, with post-prandial exercises, are presided over by a man or woman, officially and commonly known as the toastmaster, never toastmistress, the term toastmaster applying to both sexes. The toastmaster is the presiding officer and directs the exercises. He sits at the centre of the head-table. If there is a leading or prominent guest, this guest sits at the right of the

toastmaster. The guest second in prominence is at his left, the third at the right of the leading guest, the fourth at the left of the second guest, and so on. After the dinner is over, and the waiters 2 Stories and Toasts have cleared the tables, the toastmaster calls the assembly to order, usually by rapping on the table, or on a glass with a knife, fork, or spoon, and not ordinarily with a gavel. There is no set rule governing the character of the opening remarks of the toastmaster. Usually his first words are Please come to order, or You will come to order, or Ladies and gentlemen, or Fellow members, or Friends, or Fellow citizens. It is expected that the opening remarks of the toastmaster will be limited to a few minutes, not exceeding five minutes, although the opening words of some toastmasters last for fifteen minutes, or a half-hour, or even longer but it is considered in very bad taste to speak for exceeding five minutes, unless the occasion is one of momentous consequence and, even then, ten minutes would appear to be the limit. The leading guest or slated speaker, if there be one, may be called upon first or at any time during the exercises...

Second Dialect Acquisition Jeff Siegel,2010-08-19 What is involved in acquiring a new dialect - for example, when Canadian English speakers move to Australia or African American English-speaking children go to school? How is such learning different from second language acquisition (SLA), and why is it in some ways more difficult? These are some of the questions Jeff Siegel examines in this book, which focuses specifically on second dialect acquisition (SDA). Siegel surveys a wide range of studies that throw light on SDA. These concern dialects of English as well as those of other languages, including Dutch, German, Greek, Norwegian, Portuguese and Spanish. He also describes the individual and linguistic factors that affect SDA, such as age, social identity and language complexity. The book discusses problems faced by students who have to acquire the standard dialect without any special teaching, and presents some educational approaches that have been successful

in promoting SDA in the classroom.

Zero Hour Clive Cussler, Graham Brown, 2014-06-03 It is called zero point energy, and it really exists - a state of energy contained in all matter everywhere, and thus all but unlimited. Nobody has ever found a way to tap into it, however - until one scientist discovers a way. Or at least he thinks he has. The problem is, his machines also cause great earthquakes, even fissures in tectonic plates. One machine is buried deep underground; the other is submerged in a vast ocean trench. If Kurt Austin and Joe Zavala and the rest of the NUMA team aren't able to find and destroy them, and soon, the world will be on the threshold of a new era of earth tremors and unchecked volcanism.

Ghosts Dolly Alderton, 2021-08-03 INTERNATIONAL BESTSELLER • From the author of Everything I Know About Love comes a smart, sexy, laugh-out-loud romantic comedy about ex-boyfriends, imperfect parents, friends with kids, and a man who disappears the moment he says I love you. “An absolute knock-out. Wickedly funny and, at turns, both cynical and sincere... feels like your very favorite friend.” –Taylor Jenkins Reid, author of Malibu Rising ONE OF THE BEST BOOKS OF THE YEAR: NPR, VOGUE, PEOPLE Nina Dean is not especially bothered that she's single. She owns her own apartment, she's about to publish her second book, she has a great relationship with her ex-boyfriend, and enough friends to keep her social calendar full and her hangovers

plentiful. And when she downloads a dating app, she does the seemingly impossible: She meets a great guy on her first date. Max is handsome and built like a lumberjack; he has floppy blond hair and a stable job. But more surprising than anything else, Nina and Max have chemistry. Their conversations are witty and ironic, they both hate sports, they dance together like fools, they happily dig deep into the nuances of crappy music, and they create an entire universe of private jokes and chemical bliss. But when Max ghosts her, Nina is forced to deal with everything she's been trying so hard to ignore: her father's dementia is getting worse, and so is her mother's denial of it; her editor hates her new book idea; and her best friend from childhood is icing her out. Funny, tender, and eminently, movingly relatable, *Ghosts* is a whip-smart tale of relationships and modern life.

The Content and Context of Hate Speech Michael Herz,Peter Molnar,2012-04-09

The contributors to this volume consider whether it is possible to establish carefully tailored hate speech policies that are cognizant of the varying traditions, histories and values of different countries. Throughout, there is a strong comparative emphasis, with examples (and authors) drawn from around the world. All the authors explore whether or when different cultural and historical settings justify different substantive rules given that such cultural relativism can be used to justify content-based restrictions and so endanger freedom of expression. Essays address the following questions, among others: is hate speech in fact so dangerous or harmful to vulnerable minorities or communities as to justify a lower standard of constitutional protection? What harms and benefits accrue from laws that criminalize hate speech in particular contexts? Are there circumstances in which everyone would agree that hate speech should be criminally punished? What lessons can be learned from international case law?
