The Emerald Horizon Cornelia F. Mutel, 2008-03 In *The Emerald Horizon*, Cornelia Mutel combines lyrical writing with meticulous scientific research to portray the environmental past, present, and future of Iowa. In doing so, she ties all of Iowa's natural features into one comprehensive whole. Since so much of the tallgrass state has been transformed into an agricultural landscape, Mutel focuses on understanding today's natural environment by understanding yesterday's changes. After summarizing the geological, archaeological, and ecological features that shaped Iowa's modern landscape, she recreates the once-wild native communities that existed prior to Euroamerican settlement. Next she examines the dramatic changes that overtook native plant and animal communities as Iowa's prairies, woodlands, and wetlands were transformed. Finally she presents realistic techniques for restoring native species and ecological processes as well as a broad variety of ways in which Iowans can reconnect with the natural world. Throughout, in addition to the many illustrations commissioned for this book, she offers careful scientific exposition, a strong sense of respect for the land, and encouragement to protect the future by learning from the past. The "emerald prairie" that "gleamed and shone to the horizon's edge," as botanist Thomas Macbride described it in 1895, has vanished. Cornelia Mutel's passionate dedication to restoring this damaged landscape—and by extension the transformed landscape of the entire Corn Belt—invigorates her blend of natural history and human history. Believing that citizens who are knowledgeable about native species, communities, and ecological processes will better care for them, she gives us hope—and sound suggestions—for the future.

*The Emerald Home Run* Steven Andrew Janda, 2011-06-21 If you look for parallels in baseball and the Bible, you will find them! *The Emerald Home Run* is a true story which combines the Bible and a book author Steven A. Janda wrote about the parables of Christ in 2008 entitled *Ready or Not, Here I Come*. "Suddenly," says Janda, "I began to notice many interesting parallels in Major League Baseball." On April 15, 2009, Ken Griffey Jr. hit his 613th career home run, *The Emerald Home Run*, after returning to the Seattle Mariners from a nine-year absence with the Cincinnati Reds and briefly with the Chicago White Sox. As soon as Griffey hit the home run, Hall of Fame Announcer Dave Neihaus said this was Griffey's 400th home run as a Mariner. "Instantly," says Janda, "I remembered Moses, who delivered the children of Israel after 400 years of bondage to the Egyptians." The author reveals numeric mysteries, including how Revelation appears in Genesis, how the tribes of Israel in the Law of Moses are joined numerically to Genesis and revealed in Major League Baseball by the Gregorian calendar. And children will love the secret formula for multiplying certain number patterns into millions without a calculator! The revelations in this book have never appeared in text books. *The Emerald Home Run* is truly an arithmetic lesson for the whole world to enjoy. Do not be left behind.

**Asia in Post-Western Age**, 2014-09-15 The great geopolitician, Halford J. Mackinder, had the dream that Monsoon Asia, when it grows to prosperity, will balance those who "live between Missouri and the Yenisei." In *Asia in Post-Western Age*, Niraj Kumar offers a vivid picture of the global distribution of material power and the emergence of three pan-regions, envisaged by German Nazi geopolitician, Karl Haushofer, fuelled by the logic of regionalised

globalisation. These pan-regions will be glued by corresponding Pan-Ideas of Atlanticism, Eurasianism and Asianism. The trialectics between these three pan-regions will establish harmony and balance. The diplomacy in multipolar world will no longer be deciphered through the sports metaphor of chess, football or boxing, but the universal game of hopscotch. Asia in Post-Western Age is an indispensable interdisciplinary work about contemporary global conflicts as well as future trends, and proposes a way to establish Kant's "perpetual peace."

**The Emerald Tablets of Thoth-The-Atlantean** ,2002 The Spiritual, Occult and Historical significance of the Emerald Tablets is almost beyond belief of modern man. Written around 36,000 B.C. by Thoth, an Atlantean priest-king, this manuscript dates far back beyond reach of any Egyptian writings ever found. The author, Thoth, a Master-Teacher of the early Egyptians, put this treatise to writing in his native Atlantean language and Dr. Doreal, by use of his expertise as an Occultist and Master of time and space, was given the directive to retrieve these Tablets and translate them into English for the edification of modern man. The powerful and rhythmic verse of Thoth is wonderfully retained in Doreal's translation. Contained within the pages of Thoth's masterpiece of Spiritual and Occult Wisdom is the synthesis of the Ancient Wisdom Teachings, the guideline for initiates of all ages, revealing the Knowledge and Wisdom hitherto held secret, but now in this New Age, revealed to all Seekers on the Path of Light. Dr. M. Doreal, Ms.D., Psy.D., is the Spiritual; Teacher of a multitude of Seekers of Light, having founded a Metaphysical Church and College - The Brotherhood of the White Temple, Inc. He is the author of all of the Organization's writings and teachings, having been given permission for the Esoteric Wisdom to be remitted in a public forum by the Great White Lodge, the Elder Brothers of mankind who shape and form the Spiritual evolution of earth's inhabitants. The Brotherhood of the White Temple, Inc. is a correspondence school, accredited through the State of Colorado, and mails out to its world-wide membership weekly Lessons of Truth. Its four and one-half year College Course unveils the secrets of the Symbolism of all Mystery Schools, giving precisely and beautifully, the step by step progression all Seekers have searched for in their quest for Oneness with God, and for attainment of Cosmic Consciousness. Read, Believe or not, but read, and the vibration found therein will awaken a response in your soul.' - Doreal

*Addie Joss on Baseball* Addie Joss,2014-01-10 Addie Joss (1880–1911) mowed down batters for the Cleveland Broncos/Naps from 1902 to 1910 before his career was cut short by his tragic death from tubercular meningitis in 1911. With a career ERA of 1.89 and two no-hitters, Joss earned Hall of Fame election despite a career that lasted less than ten years, the only player to do so. In the off-season, Joss also excelled as a sportswriter for the Toledo News-Bee and the Cleveland Press, filling the empty winter months penning stories about the game he knew firsthand. This collection of Joss's newspaper columns and World Series reports is a treasury of the deadball era with intimate first-person observations of the game and its players from the first decade of the American League. Informative annotations, archival photographs, and a brief biography complete the work.

James Mitchell, John Flanagan, Martin Sheridan, Pat McDonald, Paddy Ryan, and Con Walsh won a total of eighteen medals in the Olympic Games between 1900 and 1924 and completely dominated the world stage in their chosen athletic disciplines. They were lionized in the American and Irish press and became folk heroes among Irish-American immigrant communities. Almost all of these men were further distinguished by their membership in the fabled Irish American Athletic Club of New York and careers with the New York Police Department.
