Handbook of Public Policy Agenda Setting Nikolaos Zahariadis,2016-09-28 Setting the agenda on agenda setting, this Handbook explores how and why private matters become public issues and occasionally government priorities. It provides a comprehensive overview and analysis of the perspectives, individuals, and institutions involved in setting the government's agenda at subnational, national, and international levels. Drawing on contributions from leading academics across the world, this Handbook is split into five distinct parts. Part one sets public policy agenda setting in its historical context, devoting chapters to more in-depth studies of the main individual scholars and their works. Part two offers an extensive examination of the theoretical development, whilst part three provides a comprehensive look at the various institutional dimensions. Part four reviews the literature on sub-national, national and international governance levels. Finally, part five offers innovative coverage on agenda setting during crises.

Ultimate Performance Management Jeffrey Russell,Linda Russell,2009-11-01 Mention the dreaded phrase performance review to most employees, and you're likely to get a variety of responses—none positive. Face it: it's time to find a better way to manage performance. Whether you're an organizational leader, human resource professional, or organization development specialist, Ultimate Performance Management can help you transform your company's system for performance improvement. Rather than the traditional annual performance review, you can develop a larger framework for an ongoing performance coaching conversation, a fresh approach that enables managers and performers to build their skills consistently over time. This book provides complete background materials on learning and performance management issues, guidelines for assessing your organization's current culture and evaluating your program results, and a full range of hands-on tools, including complete instructions and presentations for one-day or half-day workshops on several performance-related processes handouts such as checklists, exercises, charts, diagrams, and other supportive materials training instruments and tools including a wide array of quizzes, questionnaires, outlines, and feedback forms learning activities to provide workshop participants with a broad variety of structured experiences a CD-ROM containing all of the ready-to-print materials shown in the workbook. Note: The Content Express e-book contains a link to the same ready-to-print material contained within the CD-ROM.

Governments and Civil Society Advancing Climate Agendas Flavia Milano,2019-05-21 The approval of the Paris Agreement in December 2015 established a new global regimen in matters of climate change. Similarly, countries from Latin America and the Caribbean participate in and adhere to additional processes regarding environmental sustainability, including the national development of the 2030 Agenda and the Principle 10 / Escazú Agreement. These 3 instruments, among others, recognize the importance of an effective engagement with Civil Society for the advancement and implementation of the environmental sustainability agreements and goals. With this regional diagnostic study, the IDB Group enhances its knowledge in the subject matter with the technical experience regarding citizen engagement. It sheds light on the perspective of best practices employed by governments for the advancement of their environmental commitments with the contributions of Civil Society in Argentina, Chile, Colombia, Costa Rica, Jamaica, Mexico and Peru. The study had a methodological framework that identifies, systematizes and analyzes best citizen engagement practices for the advancement of governments' climate and sustainability agendas. It is structured in 3 chapters: (i) a conceptual framework which guides the reader about the methodology, including relevant definitions for the analysis of best engagement practices; (ii) a section containing best engagement practices in the climate and environmental sustainability agendas for each of the 7 countries of the study, with potential of being replicated in other contexts; (iii) a comparative analysis with recommendations and road maps based in the findings of the diagnostic section

Policy Agendas in Autocracy, and Hybrid Regimes Miklós Sebők,Zsolt Boda,2021-06-01 Over the past thirty years the comparative study of policy agendas under the aegis of the Comparative

Agendas Project (CAP) has become one of the fastest growing sub-field in policy research. Yet, similarly to policy studies in general, most of the agenda-setting literature focuses on well-established democracies. This edited volume offers a ground-breaking analysis of a hitherto less examined topic in comparative politics: the dynamics of policy agendas in Socialist autocracy and in hybrid regimes. We propose that policymaking in authoritarian and illiberal regimes is different from the practices of democracies which we analyse based on a unique historical policy agendas database built by the Hungarian CAP team at the Centre for Social Sciences in Budapest. We find that punctuated equilibrium theory offers a good description of policy dynamics regardless of policy regimes, yet punctuations are more pronounced in autocratic and illiberal settings. These regime types also share a tendency towards centralization, a less efficient use of public information and a suppression of democratic participation in the policy process. This book may be of interest to scholars and students of policy studies, agenda-setting and the politics of authoritarianism.

Building Better Students Jeremy Burrus,Krista Mattern,Bobby D. Naemi,Richard D. Roberts,2017-05-05 Led by a team of experts, Building Better Students: Preparation for the Workforce discusses a variety of issues surrounding workforce readiness in the 21st century by presenting the latest research, practice, and policy on what is continually emerging as a febrile field. By featuring such topics as how to define and measure workforce readiness; how to prepare students for the workforce; and bridging the gap between college and workforce readiness, this volume is a necessary contribution to today's skills gap literature as society works to not only secure our own economic futures, but our children's futures, as well. In this volume, world-class contributors from a variety of backgrounds (including industrial/organizational psychology, personality psychology, and educational assessment) all come together to share their unique perspective on the larger issues at hand. In addition to showcasing cutting-edge research, Building Better Students offers insightful commentary and provides readers with the opportunity to not only reflect on these issues, but how to move the needle further for this generation and beyond.

Ezekiel in Context Brian Neil Peterson,2012-05-03 One of the most perplexing and misunderstood books of the Bible, Ezekiel has left many scholars and exegetes scratching their heads regarding its message, coherency, and interpretation. Brian Peterson's look at the book of Ezekiel as a unified whole set within an exilic context helps explain some of the more difficult symbolic aspects in the book and makes Ezekiel as a whole more intelligible. Drawing on ancient Near Eastern concepts and motifs such as covenant and treaty curses, the various gods that made up the Babylonian pantheon, and the position that Israel held as the people of Yahweh, Peterson enlightens readers by showing that Ezekiel can only be understood in its original context. By placing the book first in its historical context, Peterson demonstrates how the original hearers of its message would have understood it, and how this message can be appreciated and applied by people today as well.

Polyamory Martha Kauppi,2021-05-15 This is the first practical, how-to guide to non-monogamy for therapists. Startup CEO Matt Blumberg,2020-07-02 You're only a startup CEO once. Do it well with Startup CEO, a master class in building a business. —Dick Costolo, Former CEO, Twitter Being a startup CEO is a job like no other: it's difficult, risky, stressful, lonely, and often learned through trial and error. As a startup CEO seeing things for the first time, you're likely to make mistakes, fail, get things wrong, and feel like you don't have any control over outcomes. Author Matt Blumberg has been there, and in Startup CEO he shares his experience, mistakes, and lessons learned as he guided Return Path from a handful of employees and no revenues to over $100 million in revenues and 500 employees. Startup CEO is not a memoir of Return Path's 20-year journey but a thoughtful CEO-focused book that provides first-time CEOs with advice, tools, and approaches for the situations that startup CEOs will face. You'll learn: How to tell your story to new hires, investors, and customers for greater alignment How to create a values-based culture for speed and engagement How to create business and personal operating systems so that you can balance your life and grow your company at the same time How to develop, lead, and leverage your board of directors for greater impact How to ensure that your company is bought, not sold, when you exit Startup CEO is the field guide every CEO needs throughout the growth of their company.

Teaching Social Communication to Children with Autism and Other Developmental Delays (2-book set) Brooke Ingersoll,Anna Dvortcsak,2019-05-31 Recognized as one of the most effective coaching programs for parents of young children (up to age 6) with autism spectrum disorder (ASD) and related social communication delays, this two-book set has been fully revised and updated. It presents everything needed to implement Project ImPACT, an intervention curriculum that teaches parents ways to enhance children's social engagement, communication, imitation, and play skills, within meaningful activities and daily routines. The Guide to Coaching Parents provides a complete introduction and step-by-step coaching procedures for practitioners working with individual parents or groups. The Manual for Parents, which includes 20 reproducible forms, helps parents master the strategies and use them at home. Both volumes have a convenient large-size format. The parent manual is also sold separately (ISBN 978-1-4625-3808-9). Companion Websites Purchasers get access to a companion website featuring 42 reproducible forms for practitioners and parents (several of which can be filled in onscreen before printing), as well as video clips of the techniques and PowerPoint slides for use in teaching parent groups. A second companion website for parents features the parent forms and video clips only. New to This Edition *Reflects the latest research and the ongoing development of Project ImPACT. *Streamlines the program for teaching parents-- presents five main strategies that build on each other. *Appropriate for a broader range of children, including those without an ASD diagnosis who have social communication delays. *Optional unit on managing significant behavioral challenges. *Additional visuals, graphics, and forms that facilitate learning. *Expanded information on engaging parents, goal development, data collection, and adapting the program for a variety of settings. Cited as an evidence-based practice by the National Clearinghouse on Autism Evidence and Practice.
