David Ward

Illinois Forms for Common Law and Chancery Pleading, Practice and Procedure in County and Probate Courts and in Criminal Cases Edward Regnier Branson, 1914

Empire of the Air Tom Lewis, 2021-09-15 Empire of the Air tells the story of three American visionaries—Lee de Forest, Edwin Howard Armstrong, and David Sarnoff—whose imagination and dreams turned a hobbyist's toy into radio, launching the modern communications age. Tom Lewis weaves the story of these men and their achievements into a richly detailed and moving narrative that spans the first half of the twentieth century, a time when the American romance with science and technology was at its peak. Empire of the Air is a tale of pioneers on the frontier of a new technology, of American entrepreneurial spirit, and of the tragic collision between inventor and corporation.

The QJEC has had a long-standing history of international scholarship focused on the emerging field of electronic commerce with a broad, interdisciplinary approach. It has established the field's intellectual foundation with state-of-the-art research from business, computer science, engineering, law, psychology, and sociology. This particular issue focuses on an eclectic group of papers that are international in scope with authors from Canada, Australia, France, Germany, South Africa and Italy. Antifascisms David Ward, 1996 This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which

Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Brutified Robert Benefiel, 2020-11-27 Brutified is a collection of poetry written by the author Robert Benefiel. The poems contained within it are from a larger cache of poems written in 2019. The pieces themselves range from narrative to abstract, bibliographical to fictionalized, allowing for a fuller range of expression and voice. What each piece carries is the idea of surviving the brutality of the world, others, and even one's self, in hopes of gaining insight and retaining one's compassion. Whether the piece is addressing the idea of finding one's own art at a junk

store, or stumbling across a love note written before, but after, a lover has left them, or even watching a young midget be chased through the mall, the author never ceases to try and present the emotion and meaning at the core of each piece in a blatant yet subtle way.
