William J. Shkurti

Command Of The Air General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Air Force Combat Medals, Streamers, and Campaigns A. Timothy Warnock, 1990 This volume documents the combat service of the USAF and its predecessor organizations, as recognized by the award of combat service medals to individuals and service or campaign streamers to air units. Separate sections

feature descriptions and color photos of the medals and streamers; concise accounts of each campaign in the theater are illustrated with color maps.-- [book jacket].

Airmobility 1961-1971 Ltg John J. Tolson, 2011-09-26 This is the exciting story of the development of U.S. airmobile power from theory to practice, involving air transport, fixed wing aircraft, and attack helicopters culminating in Vietnam War operations. It includes analysis of airmobile combat operations; doctrinal and interservice disputes; equipment descriptions; and the organization of combat and support units. It also includes data about airmobility in South Vietnam's army and it features personal reflections of the author, who was at the center of airmobility development and who commanded large airmobile units. John J. Tolson in June 1939 participated in the first tactical air movement of ground forces by the U.S. Army. He was in all combat jumps of the 503d Parachute Infantry Regiment during World War II, became an Army aviator in 1957, and served as Director of Army Aviation and Commandant of the Army Aviation School. From April 1967 to July 1968 he commanded the 1st Cavalry Division (Airmobile), Vietnam. (Includes many maps and photographs)

Soldiering On in a Dying War William J. Shkurti, 2022-07-05 By the autumn of 1971 a war-weary American public had endured a steady stream of bad news

about the conduct of its soldiers in Vietnam. It included reports of fraggings, massacres, and cover-ups, mutinies, increased racial tensions, and soaring drug abuse. Then six soldiers at Fire Support Base Pace, a besieged U.S. artillery outpost near the Cambodian border, balked at an order to conduct a nighttime ambush patrol. Four days later, twenty soldiers from a second unit objected to patrolling even in daylight. The sensation these events triggered in the media, along with calls for a congressional investigation, reinforced for the American public the image of a dysfunctional military on the edge of collapse. For a time Pace became the face of all that was wrong with American troops during the extended withdrawal from Vietnam. William Shkurti, however, argues that the incidents at Firebase Pace have been misunderstood for four decades. Shkurti, who served as an artillery officer not far from Pace, uses declassified reports, first-person interviews, and other sources to reveal that these incidents were only temporary disputes involving veteran soldiers exercising common sense. Shkurti also uses the Pace incidents to bring an entire war and our withdrawal from it into much sharper focus. He reevaluates the performance and motivation of U.S. ground troops and their commanders during this period, as well as that of their South Vietnamese allies and North Vietnamese adversaries; reassesses the media and its coverage of this phase of the war; and shows how some historians have helped foster misguided notions about what actually happened at Pace. By taking a closer look at what we thought we knew, Shkurti persuasively demonstrates how combat units still in harm's way adapted to the challenges before them and soldiered on in a war everyone else wanted to be over. In doing so, he also suggests a context to better understand the challenges that may lie ahead in the drawdown of troops from

Iraq and Afghanistan.

The War in South Vietnam John Schlight, 1988 United States Air Force in Southeast Asia. Documents the Air Force's support of the ground war in South Vietnam from 1965 to early 1968. Includes sections on the air campaign conducted during the Communists' siege of the Marine camp of Khe Sanh. Also contains several appendices, a glossary, and bibliographical notes.

My Hair is Pink Under This Veil Rabina Khan, 2021-05-20 This book should be read in every household around the UK. It is educational, insightful and most of all honest. - Nadiya Hussain A funny, engaging and moving memoir. Rabina captures nuances and shatters stereotypes. - Fatima Manji, Channel 4 News An inspiring, candid insight into the life of a hijab-wearing Muslim woman in Britain. - Bella *** In 2015, when I ran to be mayor in Tower Hamlets, a smartly dressed middle-class man saw me wearing a headscarf and asked me what colour my hair was underneath it. I gave him a big smile. 'Pink,' I replied. Did I win his vote? I rather doubt it. Vivid, astute and full of humour, My Hair Is Pink Under This Veil offers a frank appraisal of life in modern Britain as seen through the eyes of a hijab-wearing Muslim woman. Rabina Khan writes with grace about her family's experiences building a new life in 1970s London before turning her attention to exploring the politics of the veil, white privilege and intersectional feminism. And in depicting her battle to build a successful political career against a backdrop of blame, bias and misogyny - including from her own community - Khan is clear-sighted about the struggles facing Muslim women today. Now fully updated with new material on the sexism facing women in politics, My Hair Is Pink Under This Veil is at its heart an inspiring story about the power of self-belief and determination to create a fairer world.

The Whirlwind War Frank N. Schubert, 1995 CMH Publication 70-30. Edited by Frank N. Schubert and Theresa L. Kraus. Discusses the United States Army's role in the Persian Gulf War from August 1990 to February 1991. Shows the various strands that came together to produce the army of the 1990s and how that army in turn performed under fire and in the glare of world attention. Retains a sense of immediacy in its approach. Contains maps which were carefully researched and compiled as original documents in their own right. Includes an index.

South to the Naktong, North to the Yalu Roy Edgar Appleman, 1961 An account of the first five months of the Korean War, describing the withdrawal to the Pusan perimeter, MacArthur's landing at Inch'ŏn and drive northward that crushed the North Koreans, and the stiffening of enemy resistance as the United Nations forces neared the Manchurian border.

Brothers in Berets Forrest L. Marion, 2018 The Air Force Special Operations Command (AFSOC) special tactics community is a small, tight-knit brotherhood of proficient and committed warriors, consisting of special tactics officers and combat controllers, combat rescue officers and pararescuemen, and officer and enlisted special operations weathermen. These warriors have consistently proven themselves to be an invaluable force multiplier throughout history in conflicts around the world. This is their story.--Provided by publisher.
