Falling for Hamlet Michelle Ray,2011-07-05 Passion, romance, drama, humor, and tragedy intertwine in this compulsively readable Hamlet retelling, from the perspective of a strong-willed, modern-day Ophelia. Meet Ophelia, high school senior, daughter of the Danish king's most trusted adviser, and longtime girlfriend of Prince Hamlet of Denmark. She lives a glamorous life and has a royal social circle, and her beautiful face is splashed across magazines and television screens. But it comes with a price--her life is ruled not only by Hamlet's fame and his overbearing royal family but also by the paparazzi who hound them wherever they go. After the sudden and suspicious death of his father, the king, the devastatingly handsome Hamlet spirals dangerously toward madness, and Ophelia finds herself torn, with no one to turn to. All Ophelia wants is to live a normal life. But when you date a prince, you have to play your part. Ophelia rides out this crazy roller coaster life, and lives to tell her story in live television interviews.

Unexpected Risk Desiree Holt, 2020-12-14 Her so-called gift put her in perilous situations... Janet Rodman barely controlled her psi ability as an empath to teach school and hang with a few friends. She never knew when a wave of unsuitable emotions from others would assault her. She had learned to build walls to live her life but evil could break them down. A job as a private tutor kept her safe from assault...or so she thought. He wasn't looking for a woman in his life... Former SEAL and top tier attorney J. T. Fitzpatrick wasn't interested in bringing a woman into his house. A bitter divorce took care of that. But when his friends at The

Phoenix Agency called on his help to rescue a woman in danger, how could he say no? He's unprepared for the instant attraction to Janet Rodman, but he's not looking for a relationship and this is supposed to be a strictly business deal. The Darkman isn't about to let some woman interrupt his mission in life... His plan is working perfectly, and the bodies are piling up. He can't let Janet Rodman screw them up. But when she disappears, he pulls out all stops to find and eliminate her. And he'll kill anyone who gets in the way. With the chemistry exploding between them, can the former SEAL keep Janet safe and destroy the killer before he destroys them?
