Jealous Justice Alan Thorne, 2017-10-20 Alan Thorne, the son of a soldier and a midwife from the Welsh Valleys, rose through the ranks of his local police force to become a chief superintendent in his early forties, with an outstanding reputation and several awards and commendations to his credit. However, along the road he made one or two enemies. This is the story of how a decent 'top copper' found himself framed by jealous colleagues for a non-existent offence and had no choice but to resign from the force and rebuild his life - and how he then found himself facing a terrible personal tragedy. A fascinating and very frank insight into how policing works - and how sometimes it doesn't. ÿ

Justice Duty Andrew Lloyd Dunston, 2012-11-27 Detective Constable Jason Ellis an over achieving police officer who is committed to the force. Two years after arresting a major thief Chris Williams the master thief is mysteriously let out of prison on parole. Soon Jason is set up for murder and finds himself having to clear his name. He teams up with an ex-military security guard whose client has been kidnapped. It soon comes to his attention that a major drug deal is going down ironically in his absence. Now they got to pursue kidnappers, rescue a girl, catch a killer and arrest two drug lords as well as clear his name. This feature justice duty is a crime thriller, comedy. Set in the inner city of London. When Government Speaks Mark G. Yudof, 2009-04-03 Government's ever-increasing participation in communication processes, Mark Yudof argues, threatens key democratic values that the First Amendment was designed to protect. Government control over the exchange of ideas and information would be inconsistent with citizen autonomy, informed consent, and a balanced and mutually responsive relationship between citizens and their government. Yet the danger of government dominance must be weighed against the necessary role of government in furthering democratic values by proposing and promoting policies and by disseminating information and educating citizens. Restraints on government's ability to control communications processes are desirable, but excessive or inappropriate restrictions threaten democracy. Professor Yudof identifies a number of formal and informal checks on government as disseminator, withholder, and controller of ideas and information. Where more controls are needed, the strengthening of pluralism and legislative oversight is generally the answer. Constitutional redress in the courts should be sought only in extreme instances, he cautions, to avoid judicial interference with legitimate policy objectives.

A Passion for Justice J. Patrick Boyer, 2008-07-29 This richly detailed biography illustrates how a determined Canadian seeking justice created an enduring legacy. Through vigorous battles, Jim McRuer's passion for justice was translated into laws that daily touch and protect the lives of millions today. James Chalmers McRuer was not easy to get along with or even much liked by many lawyers who dubbed him 'Vinegar Jim.' Yet countless others saw him as heroic, inspirational, a man above and apart from his times. His resolute focus on justice changed the lives of married women with no property rights, children without legal protection, aboriginals caught in the whipsaw of traditional hunting practices and imposed game laws, and prisoners locked away and forgotten. Environmental degradation and those causing it, murderers, stock fraud artists and Cold War spies all came within the ambit of J. C. McRuer's sharp legal mind and passion for justice. Upon turning 75, McRuer embarked on his most important work of all, becoming Canada's greatest law reformer and remaining active into his 90s.

Financial Justice Larry Kirsch, Robert N. Mayer, 2013-05-09 This provocative and accessible narrative recounts the inside story of how a broad-based people's campaign was mobilized and subsequently succeeded in pushing Congress to create a consumer financial

regulator with clout. What would Congress do—if anything—to tame Wall Street and the nation's lenders following the financial meltdown of 2008? This book tells the true story of how an alliance of consumer, civil rights, labor, fair lending, and other progressive groups emerged to effectively challenge Wall Street and its official protectors and to win substantial new legislative reforms—actions that resulted in the Dodd-Frank Act and its path-breaking Consumer Financial Protection Bureau (CFPB). Based largely on in-depth interviews with the leading activists involved in the campaign, *Financial Justice: The People's Campaign to Stop Lender Abuse* taps into the world of contemporary citizen movements to present evidence into the conditions that determine the success and failure of social movement campaigns. It goes well beyond general, global variables, such as effective management, to show how the formal and informal rules adopted by a campaign can serve to preclude fragmentation and incoherence.
