**When Alien Abductions Go Wrogn** Bob Ingraham,Steve Ferchaud,2013-04 Humor/Fiction-An anthology of short stories, many of which were inspired by actual reported alien encounters! Despite their advanced technology every now and then, even for them, something goes wrong. Some piece of alien equipment breaks. Their computer bluescreens. Some alien bureaucratic snafu fouls up everything. And occasionally, whether by design or purely by accident, a human thwarts the plans of the aliens. These are stories of botched alien-human encounters, especially those When Alien Abductions Go Wrogn!

About the Author: Bob Ingraham is a retired computer programmer. He has never seen a UFO, nor has he ever been abducted by Aliens. That he knows of. Although friends have suggested it would explain a lot. He does not know why he became so fascinated with Alien abductions, however he decided to write a book of humor on the subject Mostly because it wouldn't involve doing any research. From many of the books Bob has read, he also realized that, What the hey, I couldn't write any worse than they did. And they got paid! Astro Elementary is a school near Saturn attended by the bravest, brightest, most elite kids in the galaxy...and Bob. Bob never wanted to go to fourth grade in dark, dangerous space. at his school—until he meets Beep. Beep is an alien from the planet Orth who was kicked off his home world for being too small. The instant Bob finds him, Beep adopts Bob as his new mother. Soon Bob can't turn around without bumping into Beep's squishy little body. Together, they make the perfect team. And Bob logs their adventures on his space blog, or SPLOG, with Beep providing the illustrations. In their first adventure, Bob is humiliated on a field trip to Pluto when his tongue gets stuck to the ice. Not even Beep can keep Bob from becoming the laughing stock of the school. Bob has to find a way to completely change his personality, just in time for their next treacherous field trip—to the gaping mouth of a super massive black hole!
