Bruce Rux

*Islands in a Far Sea* John L. Culliney,2005-11-30 First published in 1988, *Islands in a Far Sea* offers a comprehensive environmental history of Hawai'i. This thoroughly revised edition begins with an up-to-date account of the geological formation and shaping of the Islands, their colonization by plants and animals, and the patterns of ecology and evolution that unfolded in nurturing seas and on breath-taking landscapes. This book tells the story of human interaction with Hawai'i's native landscapes and rich biological heritage. The author's accessible language allows readers to grasp basic geological and biological principles and to understand the perhaps surprising vulnerability of Hawaiian ecosystems--which have coevolved with volcanoes--to human impact. *Islands in a Far Sea* includes many well-documented historical examples of such impacts, featuring growth and greed, fears and foibles as humans confronted endemic nature in Hawai'i. Citing a large array of sources, the author makes it possible for interested readers to probe more deeply the changes in natural systems that have ensued on all of the Hawaiian Islands. To date the result has been the tragic reduction of a unique and benign biota. However, the book holds out hope that current efforts to protect what is left of Hawai'i's flora and fauna in their remaining wild settings may yet succeed.

**Winfred Cowell, Smedaphites, and the Aliens 2** Lee Ching Kai,2013-03-18 After the horrors of an alien attack, the world is no longer as it once was. But thanks to a heroic human resistance, the powerful fire lord Zeda and his armies have been destroyed. The world, while currently tranquil, remains vigilant. That sense of safety is tested by a series of avalanches in Canada. Could this be simply a series of natural phenomena—or the beginning of a new campaign of destruction by terrorists? Hero Winfred Cowell decides to attack them at their home base in Africa, but his plans are complicated by the arrival of strange, deadly beings who have emerged from the Bermuda Triangle. Forces unknown have transformed humans into Allosaurus-like monsters. Worse, just when he needs them the most, Winfred has lost his abilities. Winfred and Margaret set out on a quest to take the royal items of Zeda and release his prisoners. Once freed, the creatures now follow Winfred and Margaret back to the Bermuda Triangle, where a terrifying monster named Polkren is preparing to attack the world. But when the creatures betray their human partners, events take a dire turn. Now following the commands of their new master, Polkren, the creatures attack New Jersey. Meanwhile, Polkren has activated the machine that transforms half of the USA and Mexico civilians into zombies. The battle will claim a powerful leader before everything is done. The forces of good and evil will both risk everything to win. Winfred must summon all of his courage and creativity when the unimaginable happens: Foxpin, the son of Zeda, comes to the Earth with a hundred spaceships at his command. And only one of the commanders is destined to survive this brutal, epic battle.

*Strawberry Days* David A. Neiwert,2015-01-06 *Strawberry Days* tells the vivid and moving tale of the creation and destruction of a Japanese immigrant community. Before World War II, Bellevue, the now-booming edge city on the outskirts of Seattle, was a prosperous farm town renowned for its strawberries. Many of its farmers were recent Japanese immigrants who, despite being rejected by white society, were able to make a living cultivating the rich soil. Yet the lives they created for themselves through years of hard work vanished almost instantly after the bombing of Pearl Harbor. David Neiwert combines compelling story-telling with first-hand interviews and newly uncovered documents to weave together the history of this community and the racist schemes that prevented the immigrants from reclaiming their land after the war. Ultimately, *Strawberry Days* represents more than one community's story, reminding us that bigotry's roots are deeply entwined in the very fiber of American society.

**Federal Register** ,2012-09

*U.S. Immigration In The 1980s* David E Simcox,2021-11-18 The introductory chapter of this volume on immigration into the United States is entitled Overview: A Time of Reform and Reappraisal (D. Simcox), and it introduces the topics of reform, legal and illegal immigration, the effect of immigration on the labor market and social welfare, and immigration enforcement methods that are discussed in the other 15 articles. The articles include: Network Recruitment and Labor Displacement (P. Martin); Seeking Common Ground for Blacks and Immigrants (J. J. Jackson); Hispanic Americans: The Debased Coin of Citizenship (R. Estrada); Ellis Island: The Building of a Heritage (E. Severeid); Immigration and the National Interest (O. Graham, Jr.); A Kind of Discordant Harmony: Issues in Assimilation (G. Bikales and G. Imhoff); Immigration, Population Change, and California's Future (L. Bouvier); Mexicans: California's Newest Immigrants (The Urban Institute); Immigration in the Golden State: The Tarnished Dream (R. Marshall); Mexico's Dilemma: Finding a Million Jobs a Year (D. Simcox); Employer Sanctions in Europe: Deterrence without Discrimination (M. Miller); Europe's Lessons for America (M. R. Lovell, Jr.); Principles vs. Expediency in U.S. Immigration Policy (L. Fuchs); The U.S. Refugee Industry: Doing Well by Doing Good (B. Zall); and How Many Americans? (L. Grant). The appendix contains a summary of the Immigration Reform and Control Act of 1986.

**Contemporary Issues in Comparative Psychology** Donald A. Dewsbury,1990 *Contemporary Issues in Comparative Psychology*, provides an overview of current research in the branch of comparative psychology that lies within the mainstream of the study of animal behaviour. The book presents some of the best work being done by psychologists studying animal behaviour, and remonstrates the concerns and the achievements of this dynamic field. *Contemporary Issues in Comparative Psychology*, should serve as a useful resource for students and professionals working in the fields of psychology, zoology, ecology and animal behaviour.

She Is a Haunting Trang Thanh Tran,2023-02-28 William C. Morris Debut Award Finalist Instant New York Times and Indie Bestseller This house eats and is eaten . . . A riveting debut from a remarkable new voice! Trang Thanh Tran weaves an impressive gothic mystery in which Jade's father is determined to restore a decrepit home to its former glory and Jade is the only person who feels the soul-crushing devastation of colonialism lingering within its walls. --Angeline Boulley, #1 New York Times bestselling author of *The Firekeeper's Daughter* A House with a terrifying appetite haunts a broken family in this atmospheric horror, perfect for fans of Mexican Gothic. When Jade Nguyen arrives in Vietnam for a visit with her estranged father, she has one goal: survive five weeks pretending to be a happy family in the French colonial house Ba is restoring. She's always lied to fit in, so if she's straight enough, Vietnamese enough, American enough, she can get out with the college money he promised. But the house has other plans. Night after night, Jade wakes up paralyzed. The walls exude a thrumming sound while bugs leave their legs and feelers in places they don't belong. She finds curious traces of her ancestors in the gardens they once tended. And at night Jade can't ignore the ghost of the beautiful bride who leaves cryptic warnings: Don't eat. Neither Ba nor her sweet sister Lily believe that there is anything strange happening. With help from a delinquent girl, Jade will prove this house--the home they have always wanted--will not rest until it destroys them. Maybe, this time, she can keep her family together. As she roots out the house's rot, she must also face the truth of who she is and who she must become to save them all.

The Flora of Oxfordshire George Claridge Druce,1886

*Park Science* ,1991

**Architects of the Underworld** Bruce Rux,1996 By painstakingly following the long international paper trails that connect such apparently unrelated manifestations and occurrences as crop circles, alien abductions, extraterrestrial activity, and many other modern mysteries, Bruce Rux uncovers a conspiracy of misinformation, denial, and silence among government officials. 30 photos. 50 illustrations.

**Transformation of the 2nd Brigade, 25th Infantry Division (L) to a Stryker Brigade Combat Team in Hawai'i ,2004**

**A People's Guide to Orange County** Elaine Lewinnek,Gustavo Arellano,Thuy Vo Dang,2022-01-25 One of the Top Urban Planning Books of 2022, Planetizen The full and fascinating guidebook that Orange County deserves. A People’s Guide to Orange County is an alternative tour guide that documents sites of oppression, resistance, struggle, and transformation in Orange County, California. Orange County is more than the well-known images on orange crate labels, the high-profile amusement parks of Disneyland and Knott’s Berry Farm, or the beaches. It is also a unique site of agricultural and suburban history, political conservatism in a liberal state, and more diversity and discordance than its pop-cultural images show. It is a space of important agricultural labor disputes, segregation and resistance to segregation, privatization and the struggle for public space, politicized religions, Cold War global migrations, vibrant youth cultures, and efforts for environmental justice. Memorably, Ronald Reagan called Orange County the place “where all the good Republicans go to die,” but it is also the place where many working-class immigrants have come to live and work in its agricultural, military-industrial, and tourist service economies. Orange County is the fifth-most populous county in America. If it were a city, it would be the nation’s third-largest city; if it were a state, its population would make it larger than twenty-one other states. It attracts 42 million tourists annually. Yet Orange County tends to be a chapter or two squeezed into guidebooks to Los Angeles or Disneyland. Mainstream guidebooks focus on Orange County’s amusement parks and wealthy coastal communities, with side trips to palatial shopping malls. These guides skip over Orange County’s most heterogeneous half—the inland space, where most of its oranges were grown alongside oil derricks that kept the orange groves heated. Existing guidebooks render invisible the diverse people who have labored there. A People’s Guide to Orange County questions who gets to claim Orange County’s image, exposing the extraordinary stories embedded in the ordinary landscape.

*Restaurant Calorie Counter For Dummies* Rosanne Rust,2011-05-10 Achieve your dietary and lifestyle goals even when eating out Whether you're trying to lose weight, eat healthier, or control or prevent diseases such as diabetes and heart disease, this handy guide arms you with a portable, quick, and easy way to get nutritional information whenever and wherever you want.
