**Deception Point** Dan Brown, 2019-07-30 From the #1 New York Times bestselling author of The Da Vinci Code, Angels & Demons, and Inferno and the “master of smart thrills” (People) comes a “rocket-fast thriller” (Vince Flynn) about an astonishing NASA discovery that unravels a deadly conspiracy that leads all the way to the White House. When a NASA satellite spots evidence of an astoundingly rare object buried deep in the Arctic ice, the floundering space agency proclaims a much-needed victory—one that could have profound implications for US space policy and the impending presidential election. With his re-election hanging in the balance, the President sends White House Intelligence analyst Rachel Sexton to the Milne Ice Shelf to verify the authenticity of the find. Accompanied by a team of experts, including the

charismatic academic Michael Tolland, Rachel uncovers the unthinkable: evidence of scientific trickery. Before she can contact the President, she and Michael are attacked by a deadly team of assassins controlled by a mysterious power broker who will stop at nothing to hide the truth. Fleeing for their lives in an environment as desolate as it is lethal, their only hope for survival is to find out who is behind this masterful ploy. The truth, they will learn, is the most shocking deception of all in this "taut, fast-paced, barn-burner of a book" (St. Petersburg Times).

**A Year with Swollen Appendices** Brian Eno, 2020-11-17 The diary and essays of Brian Eno republished twenty-five years on with a new introduction by the artist in a beautiful hardback edition. 'One of the seminal books about music . . . an invaluable insight into the mind and working practices of one of the industry's undeniable geniuses.' GUARDIAN At the end of 1994, Brian Eno resolved to keep a diary. His plans to go to the cinema, theatre and galleries fell quickly to the wayside. What he did do - and write - however, was astonishing: ruminations on his collaborative work with David Bowie, U2, James and Jah Wobble, interspersed with correspondence and essays dating back to 1978. These 'appendices' covered topics from the generative and ambient music Eno pioneered to what he believed the role of an artist and their art to be, alongside adroit commentary on quotidian tribulations and happenings around the world. This beautiful 25th-anniversary hardcover edition has been redesigned

in the same size as the diary that eventually became this book. It features two ribbons, pink paper delineating the appendices (matching the original edition) and a two-tone paper-over-board cover, which pays homage to the original design. An intimate insight into one of the most influential creative artists of our time, *A Year with Swollen Appendices* is an essential classic.

Shadow Breakers Daniel Blythe, 2013-01-01 Can she escape the shadows and face the truth before the darkness destroys her? If the enemy is a fire, the evil is its shadow, flickering upon the wall. That's very poetic, Miss Bellini. I just wish I knew what it meant. Miranda's new home is a dull seaside town at the edge of the world, the sort of forgotten place where nothing ever happens. Until something does. Something strange and sinister. With her schoolteacher and her classmates, who might be more clued in than they let on, Miranda sets out to uncover the mystery. Her bravery borders on recklessness. She thinks she's chasing shadows, tortured spirits from centuries past, but could true darkness lie within? With a mixture of science and magic, Miranda's got to figure out how to break and banish the evil before it destroys her. An electrifying paranormal thriller that will have readers guessing till the end!

**Our Life Is Love** Marcelle Martin, 2016-02-19 Our Life is Love describes the transformational spiritual journey of the first Quakers, who turned to the Light of Christ within and allowed it to be their guide. Many Friends today use different language, but are still called to make the same journey. In our time people seeking deeper access to the profound teachings of Christianity want more than just beliefs, they want direct experience. Focusing on ten elements of the spiritual journey, this book is a guide to a Spirit-filled life that affects this world. Quakers in the seventeenth century and today provide examples of people and communities living in the midst of the world whose radical understanding of Christ's teachings led them to become powerful agents of social change. The book offers a simple, clear explanation of the

spiritual journey that is suitable not only for Quakers, but for all Christians, and for seekers wanting to better understand our spiritual experience and the fullness of God's call to us. The book would make an excellent focus for study groups. Marcelle Martin has led workshops at retreat centers and Quaker meetings across the United States. She served for four years as the resident Quaker Studies teacher at Pendle Hill and was a core teacher in the School of the Spirit program, The Way of Ministry. She is the author of the Pendle Hill pamphlets *Invitation to a Deeper Communion* and *Holding One Another in the Light*. In 2013 she was the Mullen Writing Fellow at Earlham School of Religion while working on this book.

The Operetta Empire Micaela Baranello, 2024-04-30  
CHOICE Outstanding Academic Title, 2022 When the world comes to an end, Viennese writer Karl Kraus lamented in 1908, all the big city orchestras will still be playing *The Merry Widow*. Viennese operettas like Franz Lehár's *The Merry Widow* were preeminent cultural texts during the Austro-Hungarian Empire's final years. Alternately hopeful and nihilistic, operetta staged contemporary debates about gender, nationality, and labor. *The Operetta Empire* delves into this vibrant theatrical culture, whose creators simultaneously sought the respectability of high art and the popularity of low entertainment. Case studies examine works by Lehár, Emmerich Kálmán, Oscar Straus, and Leo Fall in light of current musicological conversations about hybridity and middlebrow culture. Demonstrating a thorough mastery of the complex early twentieth-century

Viennese cultural scene, and a sympathetic and redemptive critique of a neglected popular genre, Micaela Baranello establishes operetta as an important element of Viennese cultural life--one whose transgressions helped define the musical hierarchies of its day.

Review of the Draft Fourth National Climate Assessment National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Division on Earth and Life Studies, Board on Environmental Change and Society, Board on Atmospheric Sciences and Climate, Committee to Review the Draft Fourth National Climate Assessment, 2018-06-18 Climate change poses many challenges that affect society and the natural world. With these challenges, however, come opportunities to respond. By taking steps to adapt to and mitigate climate change, the risks to society and the impacts of continued climate change can be lessened. The National Climate Assessment, coordinated by the U.S. Global Change Research Program, is a mandated report intended to inform response decisions. Required to be developed every four years, these reports provide the most comprehensive and up-to-date evaluation of climate change impacts available for the United States, making them a unique and important climate change document. The draft Fourth National Climate Assessment (NCA4) report reviewed here addresses a wide range of topics of high importance to the United States and society more broadly, extending from human health and community well-being, to the built environment, to businesses and economies, to ecosystems and

natural resources. This report evaluates the draft NCA4 to determine if it meets the requirements of the federal mandate, whether it provides accurate information grounded in the scientific literature, and whether it effectively communicates climate science, impacts, and responses for general audiences including the public, decision makers, and other stakeholders.

It explores the visceral, personal reflections buried within forgotten criminological field notes, to ask what privileging these sensorial experiences does for how we understand and research spaces of punishment and social control.

**Culture Jam** Kalle Lasn, 2000-11-07 America is no longer a country but a multimillion-dollar brand, says Kalle Lasn and his fellow culture jammers. The founder of Adbusters magazine, Lasn aims to stop the branding of America by changing the way information flows; the way institutions wield power; the way television stations are run; and the way the food, fashion, automobile, sports, music, and culture industries set agendas. With a courageous and compelling voice, Lasn deconstructs the advertising culture and our fixation on icons and brand names. And he shows how to organize resistance against the power trust that manages the brands by uncooling consumer items, by dermarketing fashions and celebrities, and by breaking the media trance of our TV-addicted age. A powerful manifesto by a leading media activist, Culture Jam lays the foundations for the most significant social movement of the early twenty-first century -- a movement that can change the world and the way we think and live.
