One Writer’s Garden Susan Haltom,Jane Roy Brown,2011-09-08 By the time she reached her

late twenties, Eudora Welty (1909-2001) was launching a distinguished literary career. She was also becoming a capable gardener under the tutelage of her mother, Chestina Welty, who designed their modest garden in Jackson, Mississippi. From the beginning, Eudora wove images of southern flora and gardens into her writing, yet few outside her personal circle knew that the images were drawn directly from her passionate connection to and abiding knowledge of her own garden. Near the end of her life, Welty still resided in her parents' house, but the garden-and the friends who remembered it-had all but vanished. When a local garden designer offered to help bring it back, Welty began remembering the flowers that had grown in what she called my mother's garden. By the time Eudora died, that gardener, Susan Haltom, was leading a historic restoration. When Welty's private papers were released several years after her death, they confirmed that the writer had sought both inspiration and a creative outlet there. This book contains many previously unpublished writings, including literary passages and excerpts from Welty's private correspondence about the garden. The authors of *One Writer's Garden* also draw connections between Welty's gardening and her writing. They show how the garden echoed the prevailing style of Welty's mother's generation, which in turn mirrored wider trends in American life: Progressive-era optimism, a rising middle class, prosperity, new technology, women's clubs, garden clubs, streetcar suburbs, civic beautification, conservation, plant introductions, and garden writing. The authors illustrate this garden's history--and the broader story of how American gardens evolved in the early twentieth century--with images from contemporary garden literature, seed catalogs, and advertisements, as well as unique historic photographs. Noted landscape photographer Langdon Clay captures the restored garden through the seasons.

One Writer's Imagination Suzanne Marrs, 2002-09-01 In *One Writer's Imagination*, Suzanne

Marrs draws upon nearly twenty years of conversations, interviews, and friendship with Eudora Welty to discuss the intersections between biography and art in the Pulitzer Prize winner's work. Through an engaging chronological and comprehensive reading of the Welty canon, Marrs describes the ways Welty's creative process transformed and transfigured fact to serve the purposes of fiction. She points to the sparks that lit Welty's imagination -- an imagination that thrived on polarities in her personal life and in society at large. Marrs offers new evidence of the role Welty's mother, circle of friends, and community played in her development as a writer and analyzes the manner in which her most heartfelt relationships -- including her romance with John Robinson -- inform her work. She charts the profound and often subtle ways Welty's fiction responded to the crucial historical episodes of her time -- notably the Great Depression, World War II, and the civil rights movement -- and the writer's personal reactions to war, racism, poverty, and the political issues of her day. In doing so, Marrs proves Welty to be a much more political artist than has been conventionally thought. Scrutinizing drafts of Welty's work, Marrs reveals an evolving pattern of revision increasingly significant to the author's thematic concerns and precision of style. Welty's achievement, Marrs explains, confirms theories of creativity even as it transcends them, remaining in its origins somewhat mysterious. Marrs's relationship to Eudora Welty as a friend, scholar, and archivist -- with access to private papers and restricted correspondence -- makes her a unique authority on Welty's forty-year career. The eclectic approach of her study speaks to the exhilarating power of imagination Welty so thoroughly enjoyed in the act of writing.

The One-on-One Reading and Writing Conference Jennifer Berne, Sophie C. Degener, 2015
Personal interactions are the single most effective way for teachers to understand and evaluate their student as learners. Responding specifically to new Common Core State Standards in reading and writing, this book introduces pre- and inservice teachers to a method of one-on-one interaction the authors refer to as the “stretch conference.” This book provides detailed practical advice on the logistics of implementing these conferences during the busy school day, including tips on how and when to schedule conferences and how to successfully manage the classroom during conference time. The authors argue that, rather than using valuable conference time for word-level concerns and editing, teachers should focus on more ambitious goals that will deepen (or “stretch”) students’

skills in comprehension and writing. This resource suggests where conferences fit in with other important pieces of literacy instruction; introduces a variety of high-quality cues to use during conferences; and shows how conferences can function as formative assessment for reading and writing skills. Book Features: Written by two veteran teacher educators who conduct frequent workshops and professional development with teachers. Helps teachers adjust their instruction for the demands of Common Core Standards, specifically Reading Anchor Standards 1 and 10, and Writing Standards 1-5 and 10. Shows teachers how to schedule individual conferences within typical classroom time constraints. Includes many detailed examples of effective conferences taken from real classrooms. "A roadmap for engaging students in conversations that will change their understanding. Frankly, it's an amazing resource and one that has changed my thinking about classroom instructional time." —From the Foreword by Douglas Fisher, San Diego State University "A critical opportunity to reflect on our practice, examining whether the content of our conferences is aligned with the rigorous expectations of the Common Core." —Sunday Cummins, literacy consultant and author
