Historical tables summarise data on production, trade, final consumption and oil demand by product, and include preliminary estimates of 2009 production (and trade when available) for natural gas, primary coal and oil. The book also includes definitions of products and flows and explanatory notes on the individual country data and sources. In the 2010 edition of *Energy Balances of Non-OECD Countries* (ISBN 9789264084148), the sister volume of this publication, the data are presented as comprehensive energy balances expressed in tonnes of oil equivalent.
