

Almost Chinese Symbol Tattoo 1888

Sir Norman Lockyer

Primitive Love and Love-Stories Henry T. Finck,2020-07-17
Reproduction of the original: Primitive Love and Love-Stories by Henry T. Finck

Russian Criminal Tattoo Encyclopaedia Dant’sk Sergeevich Baldaev,2003
This final volume of previously unpublished drawings and photographs completes the Russian Criminal Tattoo Encyclopadia trilogy. Danzig Baldaev's unparalleled ethnographic achievement, documenting over 3,000 tattoo drawings, was made during a lifetime working as a prison guard. The motifs depicted represent the uncensored lives of the criminal classes, ranging from violence and pornography to politics and alcohol. A medieval knight is surrounded by the severed heads of his enemies, a naked woman simultaneously services a man and two dwarfs, a crying President Gorbachev grips a human bone between sabre-like fangs, a group of angels drinks vodka with God on a cloud - the meanings of these arresting images are explained to the uninitiated eye. Accompanied by graphic photographs showing the grim reality of the Russian prison system and some of the alarming characters that inhabit it, the illustrated criminals of Russia tell the tale of their closed society.

Tattoo Culture Lee Barron,2017-05-31
Tattoo Culture investigates contemporary tattoo culture, its fandom and popular cultural visibility through a combination of the examination of tattooing theory, conceptual understanding and ethnographic research.

The MX Book of New Sherlock Holmes Stories - Part XXIII David Marcum,2021-01-06
64 new traditional Holmes adventures in three simultaneously published volumes In 2018, MX Publishing presented Parts XI and XII of this acclaimed and ongoing series, Some Untold Cases. Now that theme is revisited with 64 new Sherlock Holmes adventures that explore those many tantalizing references to some of Holmes's other cases, as mentioned in The Canon. Somewhere in the vaults of the bank of Cox and Co., at Charing Cross, there is a travel-worn and battered tin dispatch box with my name, John H. Watson, M.D., Late Indian Army, painted upon the lid. It is crammed with papers, nearly all of which are records of cases to illustrate the curious problems which Mr. Sherlock Holmes had at various times to examine . . . - Dr. John H. Watson So wrote Dr. Watson in The Problem of Thor Bridge - and ever since, Sherlockians have been seeking to know more about these tales from the legendary tin dispatch box. While Watson's original Literary Agent only edited the pitifully few sixty stories that make up the original Canon, there have since been literally thousands of traditional adventures about the true Sherlock Holmes - and yet there will never be enough! Throughout the original Holmes Canon, there were hints and teases of other intriguing cases - The Giant Rat of Sumatra . . . The Abernethy Tragedy . . . The Manor House Case. Watson mentions well over one-hundred of these, which have collectively come to be known as The Untold Cases. Now, once again MX Publishing brings us sixty-four of these adventures in three simultaneously published volumes, with all royalties going to support the Stepping Stones School at Undershaw, one of Sir Arthur Conan Doyle's former homes. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, described by the estimable Dr. Watson as the best and wisest . . . whom I have ever known. Each volume contains forwards by Otto Penzler, Roger Johnson, Stepping Stones School, Steve Emecz, and David Marcum, as well as stories by the following contributors: Will Murray (2 stories), Tim Gambrell (2 stories), Craig Janacek, I.A. Watson, Jane Rubino, Paul Hiscock, Hugh Ashton, Mike Chinn, Shane Simmons, Dacre Stoker and Leverett Butts, David Marcum, Matthew J. Elliott, Paul D. Gilbert, Tracy J. Revels, Margaret Walsh, Arthur Hall, Barry Clay, Steven Philip Jones, Jan van Koningsveld, and Marcia Wilson, and a poem by John Linwood Grant

501 Critical Reading Questions ,2004
Presents five hundred-one critical reading questions to prepare for the SAT I and other tests and includes skill builders on different subject matter such as U.S. history and politics, arts and humanities, health and medicine, literature and music, sports, science, and social studies.

Symbolism in Chinese Art Walter Perceval Yetts,China Society (Great Britain),1912

The Saturday Review of Politics, Literature, Science and Art ,1888

Ancient Ink Lars Krutak,Aaron Deter-Wolf,2018-01-08
The human desire to adorn the body is universal and timeless. While specific forms of body decoration and the motivations for them vary by region, culture, and era, all human societies have engaged in practices designed to augment and enhance people’s natural appearance. Tattooing, the process of inserting pigment into the skin to create permanent designs and patterns, is one of the most widespread forms of body art and was practiced by ancient cultures throughout the world, with tattoos appearing on human mummies by 3200 BCE. Ancient Ink, the first book dedicated to the archaeological study of tattooing, presents new, globe-spanning research examining tattooed human remains, tattoo tools, and ancient art. Connecting ancient body art traditions to modern culture through Indigenous communities and the work of contemporary tattoo artists, the volume’s contributors reveal the antiquity, durability, and significance of body decoration, illuminating how different societies have used their skin to construct their identities.

Corcoran Gallery of Art Corcoran Gallery of Art,Sarah Cash,Emily Dana Shapiro,Jennifer Carson,2011
This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

A Dictionary of Chinese Characters Stewart Paton,2008-05-21
By arranging frequently used characters under the phonetic element they have in common, rather than only under their radical, the Dictionary encourages the student to link characters according to their phonetic. The system of cross-referencing then allows the student to find easily all the characters in the dictionary which have the same phonetic element, thus helping to fix in the memory the link between a character and its sound and meaning. This innovative resource will be an excellent study-aid for students with a basic grasp of Chinese, whether they are studying with a teacher or learning on their own.
