*Wild Knight* Annabel Chase,2021-10-17 In a world of darkness where royal vampires are in charge, I spend my days working as a knight in the city formerly known as London. Instead of a lance and a horse, I rely on my trusty axe, Babe, and ride the occasional dragon. Every day new threats emerge that require a dash of magic and a dollop of attitude. Good thing I have both. Naturally danger comes with the territory. What no one knows is just how dangerous it is for me. If our vampire overlords discover what I am, they'll execute me on the spot-no questions asked-which is why I avoid them at all costs. Until now. If only this one didn't have a lethal reputation, a princely pedigree, and a quest that leads to more questions than answers. The heat between us doesn't help matters. Unfortunately I can't refuse a royal command, so I'm stuck until the job is complete. And even if the job doesn't kill me, the truth just might. *Wild Knight, Midnight Empire: The Tower* is the first book in a 4-book urban fantasy series.

*Hello Cruel World* Kate Bornstein,2011-01-04 Celebrated transsexual trailblazer Kate Bornstein has, with more humor and spunk than any other, ushered us into a world of limitless possibility through a daring re-envisionment of the gender system as we know it. Here, Bornstein bravely and wittily shares personal and unorthodox methods of survival in an often cruel world. A one-of-a-kind guide to staying alive outside the box, *Hello, Cruel World* is a much-needed unconventional approach to life for those who want to stay on the edge, but alive. *Hello, Cruel World* features a catalog of 101 alternatives to suicide that range from the playful (moisturize!), to the irreverent (shatter some family values), to the highly controversial. Designed to encourage readers to give themselves permission to unleash their hearts' harmless desires, the book has only one directive: Don't be mean. It is this guiding principle that brings its reader on a self-validating journey, which forges wholly new paths toward a resounding decision to choose life. Tenderly intimate and unapologetically edgy, Kate Bornstein is the radical role model, the affectionate best friend, and the guiding mentor all in one.

**Petal to the Metal** Annabel Chase,2021-01-25 Forty-two-year-old Mia Thorne is not living her best life. After a disastrous career-and-relationship-ending event, she escapes New York City and moves to a sleepy river town in Pennsylvania, courtesy of a dead aunt she never knew. Aunt Hazel was the reclusive family nut, a self-proclaimed psychic. Of course, Mia's dad always told her that she, too, had the gift, but after his death, her mother made sure to squelch the notion. No square pegs allowed! Aunt Hazel's old cottage is only slightly better than the decrepit gardens surrounding it. Mia doesn't know the first thing about gardening and expects this will be one more failure on her seemingly endless list. Even Aunt Hazel's ancient cat seems to have pegged her as a loser. When Mia stumbles over a body in the overgrown garden, the newcomer catches the eye of the police chief and his hotshot detective, Derek Fairfax, and she becomes the number one suspect in the case. Much to her shock and awe, she also catches the eye of Derek's brother, Dane, a lawyer with a head for what's legal and a bod for what isn't-but getting arrested for murder would certainly put a damper on her dating life. Will Mia tap into her long-buried psychic skills in order to save herself or will she end up digging her own grave? *Petal to the Metal* is the first book in *The Bloomin' Psychic* series. Other series by Annabel Chase: *Spellbound* *Spellbound Ever After* *Starry Hollow* *Witches* *Midlife Magic* *Cocktail Club* *Pandora's Pride* *Demonspawn Academy* *Spellslingers Academy of Magic* *Divine Place*

**The Digest Diet** Liz Vaccariello,2012-09-27 The Digest Diet is a 21-day weight-loss plan based on groundbreaking science and newly discovered foods and habits that help your body to release fat. Reader's Digest sifted through all the weight-loss science to pick the foods, recipes, and habits that truly slim you down quickly and safely. We reviewed cutting-edge nutrition advances and myth-busting articles. We discovered some new reasons fat creeps on—and reliable ways to get it to fade away quickly. The Digest Diet targets surprising fat increasers in three key areas—eating, environment and exercise—and gives you the tools you need to turn the tables and shift your body into fat release mode. The eating plan is organized in three basic stages: Fast Release, Fade Away, and Finish Strong. Every phase loads you up on fat releasers. But the calorie and macronutrient ratios shift in each so as to maximize fat release—and results! Fast Release (12-minute exercise routine) is a four-day fat releasing jump start. The Fat-Release Workout combines both strength training and HIIT (high intensity interval training) into a 12-minute workout that's amazingly effective for fat burn and muscle growth. Fade Away transitions you into lean proteins and micronutrient-rich greens. For this 10-day stretch, you continue to have a shake a day, but the lean-and-green focus gives your body what it needs to help you release fat and build muscle, while lowering your intake of carbohydrates for faster fat fade. Finish Strong is the last week of the plan. The meals and recipes show you how to enjoy a balanced, healthy, wholefoods diet rich in fat releasers. The Digest Diet provides a list of 13 fat releasers, which include Vitamin C, Calcium, Protein and Coconut Oil, as well as an easy cheat sheet of fat releasing foods that can be eaten during the diet, such as broccoli, grapefruit, mozzarella cheese, almonds, fish, beef, red wine, dark chocolate and avocados, to name a few. Inside the Digest Diet, you will also find a 21 day meal-plan, 50 fat releasing recipes with full color photos, a 12 minute fat release workout, a fat release workout calendar, before and after success stories, “laugh it off” sidebars to help keep perspective and sanity, and a free online destination for tips, videos, shopping lists and daily food and exercise journals to help make your weight loss goals easy and achievable. *The American Yawp* Joseph L. Locke,Ben Wright,2019-01-22 I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world.—Walt Whitman, Song of Myself, Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.
