Typing Practice Stephen Pinot,2019-07-25 Journey is defined as something suggesting travel or passage from one place to another. This visceral, first person narrative is the telling of my journey...through time. Relive the blissfully benign early years, long ago, running wild and free in a small town among the pristine forests and fresh air of Northern Michigan. Segue to the teeming heart of Chicago's sophisticated Gold Coast, fraught with peril and inexplicable grace. Feel the anguish of a family pummeled by the one constant in life...change. Brace yourself as blow after blow are meted out, then watch as Phoenix rise again and again out of life's ashes. With a touch of humor, this piece of American pie is served, and our traveler through time is destined to one day learn how to touch type, but not without a copious amount of Typing Practice.
