**Todd Saunders - Architecture in Northern Landscapes**

Todd Saunders,Jonathan Bell,Ellie Stathaki,2016-07-11 Norway-based Todd Saunders is one of the most important contemporary Canadian architects working internationally. His simple yet powerful architecture incorporates elements of his home country's vernacular identity – including the use of wood and carefully picked Modernist influences – brought into the 21st century with excellent execution, quality materials and a hands-on approach. His most important projects include the Aurland Lookout in Norway and the series of artists' studios and a hotel on Fogo Island in Newfoundland. This second revised edition includes new projects and unpublished material. Edited by Jonathan Bell and Ellie Stathaki (respectively editor-at-large and architecture editor at Wallpaper), the book was designed by renowned graphic designer Henrik Nygren.

Distributed Renewable Energies for Off-Grid Communities

Nasir El Bassam,Marcia Schlichting,Daniele Pagani,2021-01-21

Distributed Renewable Energies for Off-Grid Communities:

Empowering a Sustainable, Competitive, and Secure Twenty-First Century, Second Edition, is a fully revised reference on advances

in achieving successful energy transition. Addressing the highly dynamic, complex and multidimensional process of a dominant socio-technical system transforming into another, this up-to-date reference addresses all stages of this complex process with data and figures to demonstrate how to tackle the process of changing a society's energy circumstance. This new edition provides an updated picture of renewables in communities and their use, covering energy concepts, strategies, prospects and combining all aspects to provide a roadmap to self-sustainable development. Addressing the influence of society on the development of renewable industry, this book provides guidelines with case studies, along with trends and innovative practices regarding renewable energy and their applications with a goal of successfully establishing smooth energy transitions in self-sustainable communities. Includes case studies that provide solutions for future decentralized energy supply problems Contains fully updated equations, data sections and figures for all energy technologies Shares a blueprint for the development of self-sustainable Integrated Renewable Communities

**Pacific Palms Resort Stories Volumes 1-4 Boxed Set**

Kendall Morgan, 2022-03-19 Pacific Palms Resort, a very expensive all-gay resort where men sometimes get what they want and they always get what they need...this boxed set includes four stories: Keeping Score When betting on love, be careful how you keep score. Brandon Stephenson is a YouTube star and former fat kid looking to rest, relax, and get laid at Pacific Palms Resort, a very gay and very expensive tropical paradise. A lazy blow job on the beach from one man leads to sex in the sand with a hunky Sri Lankan the next day. But, in order to get what he really wants and fall in love, he's going to have to realize that he's not a fat kid any

more. He's a hunky adult. And if he really wants Julian Bailey, the resort's Jamaican director of fitness with rock hard abs, he's going to have to go and get him. A Second Look What does it take to see someone as the beautiful man they have become? Matt has loved his handsome best friend Zack since they were kids, but after many years of watching him chase and bed anybody but Matt, he has locked that love away into a small corner of his heart. When Zack invites Matt to go on a trip to Pacific Palms, a luxurious all-gay resort, Matt is constantly reminded that Zack is his friend. Zack is just not into him that way, but it doesn't matter. Lots of other men are into Matt and his hairy muscular chest. When Zack realizes how many men are into his old friend, he starts to see him in a new light. Matt is no longer the dorky kid who ate dirt. He's the man Zack was always meant to be with. Zack tries to make a move. Matt rebuffs him. He doesn't want to be another one of Zack's conquests. He wants more. Zack has to decide if he is ready for more with the man who he never thought of as a lover. Matt needs to trust that Zack's feelings for him are real. Coming Back to You Can two men falling out of love fall in love all over again? Ray Townsend and Ben Ritchey have been together for many years, but can't seem to connect any more. They've gotten married. They've opened up their relationship, but nothing seems to bring back the spark they once had. They both hope a trip to Pacific Palms, an exclusive all-gay resort, will re-ignite their flame. Once there, Ray runs into Danny, a love from many years ago who makes it clear that they could start again where they left off. Ben also meets a handsome new man who may be interested in more. Together, Ray and Ben have to decide if their many years of love and passion are worth saving. Be With Me Can two very different men find love with one another? Linc came to Pacific Palms, an exclusive all-gay resort, just to hang out with his friends, Rufus and Joey. He's hoping a week of sun and fun will heal his heart that was broken by a divorce he didn't want. His friends don't understand why he won't hook up, but he's just not sure that's his

style. Adam, a handsome hairy handyman, is at Pacific Palms for one reason. He's there to have sex. Love may happen, but he's not going to chase it. When these two men meet, the connection is instant but inexplicable. It doesn't make sense. Together, they learn to heal their wounds and create a love that is unlike anything they've ever experienced. These gay male contemporary love stories include graphic sex and are intended for adults only. All Thirteen: The Incredible Cave Rescue of the Thai Boys' Soccer Team Christina Soontornvat, 2020-10-13 A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an

afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary ordinary group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author's note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history.

Battleship Island ,2018 In July 2015, MAKIKO was granted rare permission to photograph the restricted zone of Battleship Island, shortly after it was recognised as a UNESCO World Heritage site. Ringed by a seawall, and covered in tightly packed buildings, the tiny fortress-like island was once the most densely populated place on Earth. Now it is a ghost town - completely uninhabited for more than forty years. In the book, archive photographs break the eerie silence of the island's contemporary landscape and, through the memories of a former resident of the island, MAKIKO brings it back to life.
