**Misogynoir Transformed** Moya Bailey,2021-05-25 Where racism and sexism meet—an understanding of anti-Black misogyny When Moya Bailey first coined the term misogynoir, she defined it as the ways anti-Black and misogynistic representation shape broader ideas about Black women, particularly in visual culture and digital spaces. She had no idea that the term would go viral, touching a cultural nerve and quickly entering into the lexicon. Misogynoir now has its own Wikipedia page and hashtag, and has been featured on Comedy Central's The Daily Show and CNN's Cuomo Prime Time. In *Misogynoir Transformed*, Bailey delves into her groundbreaking concept, highlighting Black women's digital resistance to anti-Black misogyny on YouTube, Facebook, Tumblr, and other platforms. At a time when Black women are depicted as more ugly, deficient, hypersexual, and unhealthy than their non-Black counterparts, Bailey explores how Black women have bravely used social-media platforms to confront misogynoir in a number of courageous—and, most importantly, effective—ways. Focusing on queer and trans Black women, she shows us the importance of carving out digital spaces, where communities are built around queer Black webshows and hashtags like #GirlsLikeUs. Bailey shows how Black women actively reimagine the world by engaging in powerful forms of digital resistance at a time when anti-Black misogyny is thriving on social media. A groundbreaking work, *Misogynoir Transformed* highlights Black women's remarkable efforts to disrupt mainstream narratives, subvert negative stereotypes, and reclaim their lives.

The Spy in Moscow Station Eric Haseltine,2019-04-30 The thrilling, true story of the race to find a leak in the United States Embassy in Moscow—before more American assets are rounded up and killed. Foreword by Gen. Michael V. Hayden (Retd.), Former Director of NSA & CIA In the late 1970s, the National Security Agency still did not officially exist—those in the know referred to it dryly as the No Such Agency. So why, when NSA engineer Charles Gandy filed for a visa to visit Moscow, did the Russian Foreign Ministry assert with confidence that he was a spy? Outsmarting honey traps and encroaching deep enough into enemy territory to perform complicated technical investigations, Gandy accomplished his mission in Russia, but discovered more than State and CIA wanted him to know. Eric Haseltine's *The Spy in Moscow Station* tells of a time when—much like today—Russian spycraft had proven itself far beyond the best technology the U.S. had to offer. The perils of American arrogance mixed with bureaucratic infighting left the country unspeakably vulnerable to ultra-sophisticated Russian electronic surveillance and espionage. This is the true story of unorthodox, underdog intelligence officers who fought an uphill battle against their own government to prove that the KGB had pulled off the most devastating penetration of U.S. national security in history. If you think *The Americans* isn't riveting enough, you'll love this toe-curling nonfiction thriller.

Regarding Warhol Mark Lawrence Rosenthal,Marla Prather,Ian Alteveer,Rebecca Lowery,Polly Apfelbaum,John Baldessari,Vija Celmins,Chuck Close,Robert Gober,Hans Haacke,Alfredo Jaar,Deborah Kass,Alex Katz,Jeff Koons,Metropolitan Museum of Art (New York, N.Y.),Julian Schnabel,Andy Warhol Museum,Ryan Trecartin,Luc Tuymans,2012 This sumptuous volume presents the first full-scale exploration of warhol's tremendous influence across the generations of artists that have succeeded him. Warhol brought to the art world a unique awareness of the relationship that art might have with popular consumer culture and tabloid news, with celebrity, and with sexuality. Each of these themes is explored through visual dialogues between warhol and some sixty artists, among them John Baldessari, Vija Celmins, Gilbert & George, Felix Gonzalez-Torres, Robert Gober, Nan Goldin, Damien Hirst, Alfredo Jaar, Deborah Kass, Alex Katz, Jeff Koons, Barbara Kruger, Glenn Ligon, Robert Mapplethorpe, Vik Muniz, Takashi Murakami, Bruce Nauman, Cady Noland, Elizabeth Peyton, Sigmar Polke, Richard Prince, Gerhard Richter, Ed Ruscha, Cindy Sherman and Luc Tuymans. These juxtapositions not only demonstrate warhol's overt influence but also suggest how artists have either worked in parallel modes or developed his model in dynamic new directions. Featuring commentary by many of the world's leading contemporary artists, as well as a major essay by the celebrated critic Mark Rosenthal and an extensive illustrated chronology, *Regarding Warhol* is an out-standing publication that will be essential reading for anyone with an interest in contemporary art.

**Girl, 20** Kingsley Amis,2013-09-17 Kingsley Amis, along with being the funniest English writer of his generation was a great chronicler of the fads and absurdities of his age, and *Girl, 20* is a delightfully incisive dissection of the flower-power phase of the 1960s. Amis's antihero, Sir Roy Vandervane, a conductor and composer who bears more than a passing resemblance to Leonard Bernstein, is a pillar of the establishment who has fallen hard for protest, bellbottoms, and the electric guitar. And since vain Sir Vandervane is a great success, he is also free to pursue his greatest failing: a taste for younger and younger women. Highborn hippie Sylvia (not, in fact, twenty) is his latest infatuation and a threat to his whole family, from his drama-queen wife, Kitty, to Penny, his long-suffering daughter. All this is recounted by Douglas Yandell, a music critic with his own love problems, who finds that he too has a part in this story of botched artistry, bumbling celebrity, and scheming family, in a time that for all its high-minded talk is as low and dishonest as any other.

**Who Lost Russia?** Peter Conradi,2018-02-13 The collapse of the Soviet Union in 1991 was hailed as the beginning of a new era of peace and co-operation between East and West. But in the years since, Russia has made incursions into Georgia, Ukraine and Syria, leaving the Western powers at a loss. What went wrong? Drawing on exclusive interviews with key players, Peter Conradi examines the pivotal moments of the past quarter of a century and outlines how we might get relations back on track before it's too late. *Who Lost Russia?* provides the essential background to understanding the bizarre and shifting relationship between Trump's America and Putin's Russia. This updated edition includes a new chapter on the year following the 2016 US presidential election.

**Broken Empire** Gerd Ludwig,Fen Montaigne,2001 Ten volatile years after the fall of the Soviet Union, an award-winning photographer teams ups with a world-renowned

journalist to complete an unforgettable visual and textural record of Russia's ambivalent rebirth. 120 color photos.

**The Manchurian Candidate** Richard Condon, 2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." –The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." –Chicago Tribune "Condon is wickedly skillful." –Time

**The Darkest Temptation** Danielle Lori, 2022-02-15 NOTE: This is a special edition cover. The content is the same as the original work. A fortune teller once told Mila she'd find a man who would take her breath away. She refrained from telling her it would be literally while Mila ran for her life. Having always done what is expected of her, Mila dresses the part, only dates college boys with exemplary backgrounds, and doesn't ask questions. Not about her papa's absences or his refusal to let her set foot in her birthplace--Russia. Suffocated by the rules and unanswered questions, Mila does what she's always wanted to. She boards a plane to Moscow. She never expected to fall for a man on the way. One with unexplained wealth, tattoos on his hands, and secrets in his eyes. But it doesn't take long for his caress to become a rough grasp muffling her screams. Revenge is a dish best served cold. Unfortunately, a Russian winter is the coldest of them all, and Mila soon learns the only way to escape intact is to do the impossible and thaw her captor's heart.

**Profitable Lumber Retailing** Arthur A. Hood, 1964

**The Indispensable University** Eugene P. Trani, Robert D. Holsworth, 2010-02-16 This book describes the innovative transformation of institutions of higher education (HEIs) across the world in response to the emerging realities of the twenty-first century global knowledge-based economy. It also describes how HEIs are defining many of today's economic realities on a regional level.

**Software Studies** Matthew Fuller, 2008 This collection of short expository, critical and speculative texts offers a field guide to the cultural, political, social and aesthetic impact of software. Experts from a range of disciplines each take a key topic in software and the understanding of software, such as algorithms and logical structures.
