Any Man Amber Tamblyn, 2018-06-26 "An explosive, shapeshifting piece of literary real estate, Amber Tamblyn's arresting debut offers a scathing portrait of American celebrity culture and the way in which it transmutes human tragedy into a vicious circus; victims are forgotten as likes and shares swirl, and 'news' becomes a squalid orgy, a lurid feast. Tamblyn takes every risk in this astonishing and innovative work, and succeeds, gloriously." – Janet Fitch, bestselling author of *The Revolution of Marina M.* and *Paint It Black* Vanity Fair's Summer Ultimate Fiction List Entertainment Weekly Summer Preview List In this electric and provocative debut novel, Tamblyn blends genres of poetry, prose, and elements of suspense to give shape to the shocking narratives of victims of sexual violence, mapping the destructive ways in which our society perpetuates rape culture. A violent serial rapist is on the loose, who goes by the name Maude. She hunts for men at bars, online, at home– the place doesn't matter, neither does the man. Her victims then must live the aftermath of their assault in the form of doubt from the police, feelings of shame alienation from their friends and family and the haunting of a horrible woman who becomes the phantom on which society projects its greatest fears, fascinations and even misogyny. All the while the police are without leads and the media hound the victims, publicly dissecting the details of their attack. What is extraordinary is how as years pass these men learn to heal, by banding together and finding a space to raise their voices. Told in alternating viewpoints signature to each voice and experience of the victim, these pages crackle with emotion, ranging from horror to breathtaking empathy. As bold as it is timely, *Any Man* paints a searing portrait of survival and is a tribute to those who have lived through the nightmare of sexual assault.

Dark Sparkler Amber Tamblyn, 2015-04-07 The lives of more than twenty-five actresses lost before their time—from Marilyn Monroe to Brittany Murphy—explored in a haunting, provocative new work by an acclaimed poet and actress. Amber Tamblyn is both an award-winning film and television actress and an acclaimed poet. As such she is deeply fascinated—and intimately familiar—with the toll exacted from young women whose lives are offered in sacrifice as starlets. The stories of these actresses, both famous and obscure—tragic stories of suicide, murder, obscurity, and other forms of death—inspired this empathic and emotionally charged collection of new poetic work. Featuring subjects from Marilyn Monroe and Frances Farmer to Dana Plato and Brittany Murphy—and paired with original artwork commissioned for the book by luminaries including David Lynch, Adrian Tomine, Marilyn Manson, and Marcel Dzama—*Dark Sparkler* is a surprising and provocative collection from a young artist of wide-ranging talent, culminating in an extended, confessional epilogue of astonishing candor and poetic command.

Women Who Don't Wait in Line Reshma Saujani, 2013 The founder of Girls Who Code, a nonprofit that prepares underserved girls for careers in science and technology, charts the paths of accomplished women and encourages all women to take risks, embrace failure, compete and build support through a 21st-century sisterhood. 30,000 first printing.

Lawn Boy Gary Paulsen, 2009-03-24 One day I was 12 years old and broke. Then Grandma gave me Grandpa's old riding lawnmower. I set out to mow some lawns. More people wanted me to mow their lawns. And more and more. . . . One client was Arnold the stockbroker, who offered to teach me about the beauty of capitalism. Supply and Demand. Diversify labor. Distribute the wealth. Wealth? I said. It's groovy, man, said Arnold. If I'd known what was coming, I might have climbed on my mower and putted all the way home to hide in my room. But the lawn business grew and grew. So did my profits, which Arnold invested in many things. And one of them was Joey Pow the prizefighter. That's when my 12th summer got really interesting.

Small as an Elephant Jennifer Jacobson, 2011 Abandoned by his mother in an Acadia National Park campground, Jack tries to make his way back to Boston before anyone figures out what is going on, with only a small toy elephant for company.

Comedy Comedy Comedy Drama Bob Odenkirk, 2022-03-01 NEW YORK TIMES BESTSELLER • In this "essential" (Entertainment Weekly), "hilarious" (AV Club) memoir, the star of *Mr. Show*, *Breaking Bad*, and *Better Call Saul* opens up about the highs and lows of showbiz, his cult status as a comedy writer, and what it's like to reinvent himself as an action film ass-kicker at fifty. "I can't think of another entertainer who has improbably morphed so many times, and all through real genius and determination."—Conan O'Brien ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker, Vulture, Newsweek Bob Odenkirk's career is inexplicable. And yet he will try like hell to explicate it for you. Charting a "Homeric" decades-long "odyssey" from his origins in the seedy comedy clubs of Chicago to a dramatic career full of award nominations—with a side-trip into the action-man world that is baffling to all who know him—it's almost like there are many Bob Odenkirks! But there is just one and one is plenty. Bob embraced a life in comedy after a chance meeting with Second City's legendary Del Close. He somehow made his way to a job as a writer at *Saturday Night Live*. While surviving that legendary gauntlet by the skin of his gnashing teeth, he stashed away the secrets of comedy writing—eventually employing them in the immortal "Motivational Speaker" sketch for Chris Farley, honing them on *The Ben Stiller Show*, and perfecting them on *Mr. Show* with Bob and David. In Hollywood, Bob demonstrated a bullheadedness that would shame Sisyphus himself, and when all hope was lost for the umpteenth time, the phone rang with an offer to appear on *Breaking Bad*—a show about how boring it is to be a high school chemistry teacher. His embrace of this strange new world of dramatic acting led him to working with Steven Spielberg, Alexander Payne, and Greta Gerwig, and then, in a twist that will confound you, he re-re-invented himself as a bona fide action star. Why? Read this and do your own psychoanalysis—it's fun! Featuring humorous tangents, never-before-seen photos, wild characters, and Bob's trademark unflinching drive, *Comedy Comedy Comedy Drama* is a classic showbiz tale told by a determined idiot.

She Wants It Jill Soloway, 2018-10-16 New York Times Editors' Choice In this poignant memoir of personal transformation, Jill Soloway takes us on a patriarchy-toppling emotional and professional journey. When Jill's parent came out as transgender, Jill pushed through the male-dominated landscape of Hollywood to create the groundbreaking and award-winning Amazon TV series *Transparent*. Exploring identity, love, sexuality, and the blurring of boundaries through the dynamics of a complicated and profoundly resonant American family, *Transparent* gave birth to a new cultural consciousness. While working on the show and exploding mainstream ideas about gender, Jill began to erase the lines on their own map, finding their voice as a director, show creator, and activist. *She Wants It: Desire, Power, and Toppling the Patriarchy* moves with urgent rhythms, wild candor, and razor-edged humor to chart Jill's evolution from straight, married mother of two to identifying as queer and nonbinary. This intense and revelatory metamorphosis challenges the status quo and reflects the shifting power dynamics that continue to shape our collective worldview. With unbridled insight that offers a rare front seat to the inner workings of the #metoo movement and its aftermath, Jill captures the zeitgeist of a generation with thoughtful and revolutionary ideas about gender, inclusion, desire, and consent.

Bang Ditto Amber Tamblyn, 2009 The latest collection from an award-winning (fabulous) actress and poet.

But What I Really Want to Do Is Direct Ken Kwapis, 2020-10-06 For over three decades, director Ken Kwapis has charted a career full of exceptional movies and television, from seminal shows like *The Office* to beloved films like *He's Just Not That Into You*. He is among the most respected directors in show business, but getting there wasn't easy. He struggled just like everyone else. With each triumph came the occasional faceplant. Using his background and inside knowledge, *But What I Really Want To Do Is Direct* tackles Hollywood myths through Ken's highly entertaining experiences. It's a rollercoaster ride fueled by brawls with the top brass, clashes over budgets, and the passion that makes it all worthwhile. This humorous and refreshingly personal memoir is filled with inspiring instruction, behind-the-scenes hilarity, and unabashed joy. It's a celebration of the director's craft, and what it takes to succeed in show business on your own terms. Ken Kwapis always brought out the best in the actors on *The Office*. Whenever Ken was directing, I always felt safe to go out on a limb and take chances, knowing he had my back. Every aspiring director should read this book. (I can think of several 'professional' directors that should read it too!) -Jenna Fischer A vital, magnificent manifesto on the art and craft of directing, written with emotional, instinctual and intellectual depth by one of America's most beloved film and television directors -Amber Tamblyn In the years that I was fortunate to work with Ken on *Malcolm in the Middle*, he had an uncanny ability to guide actors right to the heart of a scene and reveal its truths. He admits that he doesn't have all the answers, he'll make mistakes, and at times he'll struggle, but as he says in the book, 'It's the struggle to get it right that makes us human.' -Bryan Cranston Good luck finding a more kind, passionate, and talented director alive than Ken. Seriously, good luck. -Tig Notaro "'Action!' is what most directors bark out to begin a scene. But Ken Kwapis starts by gently intoning the words 'Go ahead...' That simple suggestion assures everyone they're in smart, capable, humble hands. That's how you'll feel reading this book. And so, if you're anxious to discover how a top director always brings humor, honesty, and humanity to his work, all I can tell you is...Go ahead. -Larry Wilmore

Free Stallion Amber Tamblyn, 2009-10-27 Although Amber Tamblyn is best known as the star of the smash hit *Joan of Arcadia*, she is a serious poet, mentored by Jack Hirshman, Lawrence Ferlinghetti, and other San Francisco Beat poets. She has self-published two chapbooks, and her poems have appeared in books published by City Lights. Here is her first collection of poems specifically for teens. The poems relate to teen issues such as love and relationships, and all are influenced by Amber's feminist sensibility. An introduction by Jack Hirshman puts her poetry in a literary context, and her personal introduction gives insight into her poems and helps readers access them. Amber's celebrity will help bring the value of poetry to a new, wider audience.

Why Mosquitoes Buzz in People's Ears Verna Aardema, 1992-08-15 In this Caldecott Medal winner, Mosquito tells a story that causes a jungle disaster. Elegance has become the Dillons' hallmark. . . . Matching the art is Aardema's uniquely onomatopoeic text . . . An impressive showpiece. -Booklist, starred review. Winner of Caldecott Medal in 1976 and the Brooklyn Art Books for Children Award in 1977.

Era of Ignition Amber Tamblyn, 2020-01-14 A passionate and deeply personal exploration of feminism during divisive times from one of the founders of *Time's Up*: actor, filmmaker, and activist Amber Tamblyn. With a new afterword • "A work of personal upheaval and political reckoning."—Rebecca Traister, *New York Times* bestselling author of *Good and Mad* Amber Tamblyn has emerged as an outspoken advocate for women's rights. But she wasn't always so bold and self-possessed. In her late twenties, after a particularly low period fueled by rejection and disillusionment, she grabbed hold of her own destiny and entered into what she calls an Era of Ignition—a time of self-reflection that follows in the wake of personal upheaval and leads us to challenge the status quo. In the process of undergoing this metaphysical metamorphosis, she realized that our country is going through an Era of Ignition of its own, and she set about agitating for change by initiating a dialogue about gender inequality. In this deeply personal exploration of modern feminism, she addresses misogyny and discrimination, reproductive rights and sexual assault, white feminism and pay parity—all through the lens of her own experiences as well as those of her Sisters in Solidarity. At once an intimate meditation and a public reckoning, *Era of Ignition* is a galvanizing feminist manifesto that is required reading for anyone who wants to help change the world for the better.

The Stolen Prince of Cloudburst Jaclyn Moriarty, 2021-03-16 Splendidly entertaining.—Kirkus Reviews ★ A delightfully quirky story with nuance, depth, and a colorful cast of characters, this book begs for multiple readings. —School Library Journal (starred) ★ Like a middle-grade version of Terry Pratchett's *Discworld*—fantasy adventure steeped in humor, with a touch of satire, and set in a whimsical secondary world of the highest order. —Booklist (starred) The tale crescendos to an uplifting close that promotes honesty, bravery, and self-confidence. —Publishers Weekly Twelve-year-old Esther Mettlestone-Staranise loves reading books and writing stories but is troubled by low self-esteem and recurring bad dreams. When she starts the year at boarding school in earnest, she quickly notices something isn't quite right. Her two best friends are mysteriously missing. There are rumors her new teacher is secretly an actual ogre. And the scenic mountains of her quaint little town are teeming with Shadow Mages and danger. As secrets and dangers escalate, Esther must find the answers to several puzzles. Why is her teacher behaving so oddly? Which of Esther's classmates is the Spellbinder, and can they really protect the school from gathering hordes of Shadow Mages? Could the Stolen Prince of Cloudburst be connected? How can Esther — who is not talented like her sisters, nor an adventurer like her cousin, but just Esther — save her family, her school and possibly her entire world?

The Devil Crept In Ania Ahlborn, 2017-02-07 An unforgettable horror novel from bestselling sensation Ania Ahlborn—hailed as a writer of “some of the most promising horror I’ve encountered in years” (*New York Times* bestselling author Seanan McGuire)—in which a small-town boy investigates the mysterious disappearance of his cousin and uncovers a terrifying secret kept hidden for years. Young Jude Brighton has been missing for three days, and while the search for him is in full swing in the small town of Deer Valley, Oregon, the locals are starting to lose hope. They’re well aware that the first forty-eight hours are critical and after that, the odds usually point to a worst-case scenario. And despite Stevie Clark’s youth, he knows that, too; he’s seen the cop shows. He knows what each ticking moment may mean for Jude, his cousin and best friend. That, and there was that boy, Max Larsen...the one from years ago, found dead after also disappearing under mysterious circumstances. And

then there were the animals: pets gone missing out of yards. For years, the residents of Deer Valley have murmured about these unsolved crimes...and that a killer may still be lurking around their quiet town. Now, fear is reborn—and for Stevie, who is determined to find out what really happened to Jude, the awful truth may be too horrifying to imagine.

Machine Learning Meets Quantum Physics Kristof T. Schütt,Stefan Chmiela,0. Anatole von Lilienfeld,Alexandre Tkatchenko,Koji Tsuda,Klaus-Robert Müller,2020-06-03 Designing molecules and materials with desired properties is an important prerequisite for advancing technology in our modern societies. This requires both the ability to calculate accurate microscopic properties, such as energies, forces and electrostatic multipoles of specific configurations, as well as efficient sampling of potential energy surfaces to obtain corresponding macroscopic properties. Tools that can provide this are accurate first-principles calculations rooted in quantum mechanics, and statistical mechanics, respectively. Unfortunately, they come at a high computational cost that prohibits calculations for large systems and long time-scales, thus presenting a severe bottleneck both for searching the vast chemical compound space and the stupendously many dynamical configurations that a molecule can assume. To overcome this challenge, recently there have been increased efforts to accelerate quantum simulations with machine learning (ML). This emerging interdisciplinary community encompasses chemists, material scientists, physicists, mathematicians and computer scientists, joining forces to contribute to the exciting hot topic of progressing machine learning and AI for molecules and materials. The book that has emerged from a series of workshops provides a snapshot of this rapidly developing field. It contains tutorial material explaining the relevant foundations needed in chemistry, physics as well as machine learning to give an easy starting point for interested readers. In addition, a number of research papers defining the current state-of-the-art are included. The book has five parts (Fundamentals, Incorporating Prior Knowledge, Deep Learning of Atomistic Representations, Atomistic Simulations and Discovery and Design), each prefaced by editorial commentary that puts the respective parts into a broader scientific context.
