The Christmas Witch Dalea Faulkner, 2021-10-15 If the only way to save your home town, was to partner with your middle school nemesis... would you do it? After moving to the mysterious and magickal, Amberlight Valley, a young girl discovers magickal powers of her own... and must do exactly that. Middle school is hard enough for Brigid Baelfyre, working through the recent loss of her father while attempting to make the first Christmas away from Scotland special for her and her mother. In the midst of the whirlwind that is her life, Brigid must endure the taunts of Morgan Asarlight. The dark and moody princess of Amberlight Valley Middle School, seems to have a deep interest in the tease and torment of our ginger-haired heroine. Things take a strange turning point once they are assigned as science partners, and stumble upon what could only be a magick spell. They discover the myths and legends of Amberlight Valley are not myths at all, learning a dark force will return soon. Only when the moon is waxing to become full on Halloween, will The Stygian Myst be able to return. It has been said that the Myst is like a creature protecting itself from the light of the valley, with the desire to consume everything which falls into its path... including The Amberlight Stone, the source of magick for the Valley. With the Myst threatening to eradicate all that is pure and magickal, Brigid struggling to understand her own powers, and Morgan's ever growing attitude, the fate of Amberlight Valley rests in the hands of a thirteen-year old, inexperienced witch. Will Brigid find The Amberlight Stone and restore the dwindling magick in the Valley with Morgan's help, or will Morgan thwart her every effort for personal gain?

Transnational Italian Studies Charles Burdett, Loredana Polezzi, 2020-07-17 Transnational Italian Studies is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies. It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility. The text argues that Italian culture needs to be considered in a transnational/transcultural perspective and that an understanding of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context. Contributions deploy a range of methodological approaches to understand and illustrate how language operates, how culture inhabits and constitutes public and private space, how notions of time operate within people's lives, and the multiple ways in which people experience a sense of personhood. Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples. Contributors: Alessandra Diazzi, Andrea Rizzi, Barbara Spadaro, Charles Burdett, Clorinda Donato, David Bowe, Derek Duncan, Donna Gabaccia, Eugenia Paulicelli, Fabio Camilletti, Giuliana Muscio, Jennifer Burns, Loredana Polezzi, Marco Santello, Monica Jansen, Naomi Wells, Nathalie Hester, Serena Bassi, Stefania Tufi, Teresa Fiore and Tristan Kay.
