THE DINOSAUR WHO FELL THROUGH THE SKY Jill Divine,2017-07-20 A young dinosaur breaks into the wizard's house and steals some magic dust, along with a time travelling spell and travels to Earth. Here he discovers dinosaurs are extinct and unlike him never spoke. He befriends some children and their Grandma. Can they help him when he gets captured and imprisoned?

May Day: Recovering Humor from a Stroke Anna Marie Porter,2015-09-11 Less than two months past her fifty-third birthday Anna Marie Porter suffered a stroke caused by the rupture of a cerebral cavernous malformation. She was suddenly paralyzed on her right side, unable to use any of her appendages save three fingers In the wake of such a life-altering event--and faced with months of rehab--she found comfort in poking fun at her situation; humor became her survival mechanism. What's so funny about having a stroke? Not much unless you have a healthy sense of humor--or even an unhealthy one! And if you're going to take a death-defying leap into the world of serious illness, What good is sitting alone in your room? So she didn't. She invited her friends, family, and colleagues in to her virtual hospital room through an online blog. That blog became the basis for this book. May Day: Recovering Humor From a Stroke is sometimes poignant, often funny, and always an enlightening look into the world of recovering from a serious setback.

Our Lady of Alice Bhatti Mohammed Hanif,2012-05-29 From the author of the universally acclaimed debut novel A Case of Exploding Mangoes: a subversive, often shockingly funny new novel set in steaming Karachi, about second chances, thwarted ambitions, and love in the most unlikely places. The patients of the Sacred Heart Hospital for All Ailments need a miracle, and Alice Bhatti may be just what they're looking for. She's the new junior nurse, but that's the only thing ordinary about her. Her father is a part-time healer in the French Colony, Karachi's Christian slum--and it seems she has inherited his part-time gift. With a bit of begrudging but inspired improvisation, Alice brings succour to the patients lining the hospital's corridors. Yet, a Christian in an Islamic world, she is ensnared in the red tape of hospital bureaucracy, trapped by the caste system, and torn between her duty to her patients, her father, and her husband--an apprentice to the nefarious Gentlemen's Squad of the police, and about to plunge them both into a situation so dangerous that perhaps not even a miracle can save them. But, of course, Alice Bhatti is no ordinary nurse...

Killer Moon Dennis Tenwalde,2013-01-23 When Special Agent Jerry Simmons relocates to the FBI's White-collar/Organized Crime office in West Palm Beach, Florida a feeding ground for sharks of all species, both fish and con-artist -- an assignment to investigate a simple complaint filed by a businessman against his partner turns up connections to the Canadian Mafia, a psycho cop killer, and a moonworshipping jewelry thief, in a world of the rich and famous.

Watcher in the Fall Ronald Townsen,2011-10 When an ancient race living on the edge of the universe energizes a unique pattern, an advanced super black program U.S. DARPA math team suddenly becomes the focal point of one of the greatest events in human history. Action erupts from the collision of two universes driving the ancient race to flee, scattering races deeper into our universe with the destruction of galaxies; while an intrigue based game of chess pits the U.S. with the Russians and Chinese in a deadly underground war to protect the greatest secret in human history. While the deep black program BELLOWS team is tapping into communications across the universe gathering the answers to long held question; new technology is being derived from highly advanced M theory while the team is attempting to protect the United States from deadly attacks ranging from Al Qaida to the Russian Mafia and the Chinese Triad.

Ambulances Michelle Levine,2004-01-01 Simple text describes how ambulances rush to emergencies to take hurt or sick people to the hospital, including how the lights and siren operate and where the emergency medical technicians store their equipment.

Quinta Essentia - Part 1 (2nd Ed.) Geoffrey Diemer,2009-01-08 General Relativity states that matter generates curvature within the vacuum of space surrounding it, and that this curvature gives rise to inertial force and gravitational attraction amongst objects. The Electro-Gravi-Magnetics (EGM) method, described in the Quinta Essentia series, greatly enhances our understanding of the phenomenon of curvature. EGM is an engineering tool which systematically reveals the common thread connecting GR, Quantum Mechanics and Electromagnetism. Via this connection, one may represent space-time curvature in quantitative terms. The unique universality of EGM makes it a highly valuable and versatile tool for use in varied fields of physics. It also provides a practical framework for investigating space-time metric engineering concepts such as the artificial modification of gravitational fields and faster-than-light propulsion mechanisms. Part One of the Quinta Essentia series presents the layman reader with a conceptual introduction to the EGM method.

Stranglehold Robert Rotenberg,2014-04-29 Ripped from the headlines, Stranglehold is bestselling author Robert Rotenberg's most shocking book yet, featuring Detective Ari Greene in the fight of his life. It is just after Labour Day and the city is kicking into gear. All eyes are on the hotly contested election for Toronto's next mayor and crime is the big issue. Greene is no stranger to the worst of what the city has to offer, but even he is unprepared for what happens next when he stumbles upon a horrific homicide. In one nightmare moment his world is flipped upside down. Soon Greene is pitted against his young protégé, Daniel Kennicott, who arrests him for first-

degree murder. Tied down on house arrest as he awaits his trial, Greene has to find a way to clear his name, and also must face some very hard truths: that he didn't really know the people he believed in most; that there are unseen forces at work prepared to see him take the fall; and most of all, that he should never underestimate the price people will pay for love. Eerily reminiscent of the scandal surrounding the current Toronto mayor, Stranglehold is Rotenberg's fourth gripping mystery set on the streets and in the courtrooms of the city, capturing audiences with his masterful knowledge of the intricacies of the criminal justice system and feel for the emotions that make people tick.

Death at the Ballpark Robert M. Gorman,David Weeks,2015-10-13 When we think of baseball, we think of sunny days and leisurely outings at the ballpark--rarely do thoughts of death come to mind. Yet during the game's history, hundreds of players, coaches and spectators have died while playing or watching the National Pastime. In its second edition, this ground-breaking study provides the known details for 150 years of game-related deaths, identifies contributing factors and discusses resulting changes to game rules, protective equipment, crowd control and stadium structures and grounds. Topics covered include pitched and batted-ball fatalities, weather and field condition accidents, structural failures, fatalities from violent or risky behavior and deaths from natural causes.

Where There's Brass, There's Muck James Irvine,2022-11-30 In the glorious May of 1998, the governors of the Tanswold School Trust are looking forward to a new era in which they are about to build a new dining hall for their independent school. However, the unbridled optimism soon turns to despondency as they realise that the bursar has been doing DIY stock-broking with a very large bequest which has provided security for the school. For the band of elderly socialites that form the governing body this is not just a disaster, but a scandal that attracts the attention of the fraud squad of the Middle Riding of Yorkshire Constabulary who open up a financial can of worms. And it's not just financial; the appalling standard of hygiene in the school dining hall leads to a serious outbreak of food-poisoning with heart-breaking consequences. The headmaster is placed under the spotlight and his management becomes more and more capricious as the spotlight is shone on him. The remaining part of the summer term becomes more and more of a comedy of errors as he loses his grip. As for speech day...

Locked Away Lori Matthews,2023-08-29 Kat Rollings' brother mysteriously vanishes while searching for missing pirate treasure. Unfortunately the treasure is rumored to be on a Caribbean island owned by the secretive Lock and Key Society. To save her brother, Kat must gain membership to the Society, but the price she must pay is more than she bargained for. Rushton Fletcher, one of the Society's elite enforcement team, is tasked with handling a new member who might have murdered one of the Society's more popular women. When he reports to the island to enforce the Society's darker edicts and mete out justice, he is entranced by the sexy and beguiling Kat. Despite evidence suggesting her guilt, Rush finds himself drawn to her, unable to believe she could be the killer he seeks. In a race to rescue her brother and with a hurricane bearing down on the tropical paradise, Kat walks a treacherously thin line between bending the Society's rules and succumbing to her growing feelings for Rush. Preserving the Society's well-guarded secrets may force Rush to make an unthinkable choice - to eliminate Kat. The dangerous game of cat and mouse to find the coveted bounty and her brother leaves their lives hanging in the balance.
