

American Birth Parents 2851

Chao Zhang

American Baby Gabrielle Glaser,2021-01-26 A New York Times Notable Book The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other. During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. American Baby lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific assessments, and shamed millions of women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. American Baby illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

Adoption Nation Adam Pertman,2011-03-17 In this revised edition of Adam Pertman's award-winning book, first published in 2000, readers will find updated information on every aspect of adoption and its changing role in American society. Pertman, a Pulitzer Prize-nominated journalist and father of two adopted children, offers an unflinching study of adoption policy and processes.

Strangers and Kin Barbara MELOSH,Barbara Melosh,2009-06-30 Strangers and Kin is the history of adoption. An adoptive mother herself, Barbara Melosh tells the story of how married couples without children sought to care for and nurture other people's children as their own. Taking this history into the early twenty-first century, Melosh offers unflinching insight to the contemporary debates that swirl around adoption: the challenges to adoption secrecy; the ethics and geopolitics of international adoption; and the conflicts over transracial adoption.

Haitians Anthony V. Catanese,2019-04-03 In 1981 I was asked by some DePauw University students to serve as faculty adviser for a group planning to work in rural Haiti during the nearly month-long interim term. I accepted the offer for several reasons. I had enjoyed being the faculty adviser for two previous work projects in Guatemala and Jamaica. I had found the experience was educationally valuable for undergraduates, and I could use it to enhance classroom learning during the semester. In addition, the experience of living and working in a radically different environment was intellectually stimulating for me as a social scientist interested in welfare economics. Finally, because such volunteer projects were rare in the early 1980s, I realized the opportunity should not be passed up. It was a chance to see a part of the world I had heard of but knew little or nothing about except from accounts found in newspaper and magazine articles.

The Cousins Karen M. McManus,2020-12-01 #1 NEW YORK TIMES BESTSELLER • From the bestselling author of One of Us Is Lying comes your next obsession. You'll never feel the same about family again. Milly, Aubrey, and Jonah Story are cousins, but they barely know each another, and they've never even met their grandmother. Rich and reclusive, she disinherited their parents before they were born. So when they each receive a letter inviting them to work at her island resort for the summer, they're surprised . . . and curious. Their parents are all clear on one point--not going is not an option. This could be the opportunity to get back into Grandmother's good graces. But when the cousins arrive on the island, it's immediately clear that she has different plans for them. And the longer they stay, the more they realize how mysterious--and dark--their family's past is. The entire Story family has secrets. Whatever pulled them apart years ago isn't over--and this summer, the cousins will learn everything. Fans of the hit thriller that started it all can watch the secrets of the Bayview Four be revealed in the One of Us is Lying TV series now streaming on NBC's Peacock!

Annual Report Upon the Births, Marriages, Divorces and Deaths in the State of Maine ,1927

A Nation of Immigrants Franca Iacovetta, Paula Draper, Robert Ventresca, 1998-05-23 This collection brings together a wide array of writings on Canadian immigrant history, including many highly regarded, influential essays. Though most of the chapters have been previously published, the editors have also commissioned original contributions on understudied topics in the field. The readings highlight the social history of immigrants, their pre-migration traditions as well as migration strategies and Canadian experiences, their work and family worlds, and their political, cultural, and community lives. They explore the public display of ethno-religious rituals, race riots, and union protests; the quasi-private worlds of all-male boarding-houses and of female domestics toiling in isolated workplaces; and the intrusive power that government and even well-intentioned social reformers have wielded over immigrants deemed dangerous or otherwise in need of supervision. Organized partly chronologically and largely by theme, the topical sections will offer students a glimpse into Canada's complex immigrant past. In order to facilitate classroom discussion, each section contains an introduction that contextualizes the readings and raises some questions for debate. A Nation of Immigrants will be useful both in specialized courses in Canadian immigration history and in courses on broader themes in Canadian history.

Solito, Solita Steven Mayers, Jonathan Freedman, 2019-04-16 They are a mass migration of thousands, yet each one travels alone. Solito, Solita (Alone, Alone) is an urgent collection of oral histories that tells—in their own words—the story of young refugees fleeing countries in Central America and traveling for hundreds of miles to seek safety and protection in the United States. Fifteen narrators describe why they fled their homes, what happened on their dangerous journeys through Mexico, how they crossed the borders, and for some, their ongoing struggles to survive in the United States. In an era of fear, xenophobia, and outright lies, these stories amplify the compelling voices of migrant youth. What can they teach us about abuse and abandonment, bravery and resilience, hypocrisy and hope? They bring us into their hearts and onto streets filled with the lure of freedom and fraught with violence. From fending off kidnappers with knives and being locked in freezing holding cells to tearful reunions with parents, Solito, Solita's narrators bring to light the experiences of young people struggling for a better life across the border. This collection includes the story of Adrián, from Guatemala City, whose mother was shot to death before his eyes. He refused to join a gang, rode across Mexico atop cargo trains, crossed the US border as a minor, and was handcuffed and thrown into ICE detention on his eighteenth birthday. We hear the story of Rosa, a Salvadoran mother fighting to save her life as well as her daughter's after death squads threatened her family. Together they trekked through the jungles on the border between Guatemala and Mexico, where masked men assaulted them. We also meet Gabriel, who after surviving sexual abuse starting at the age of eight fled to the United States, and through study, legal support and work, is now attending UC Berkeley.
