Clinton in Haiti P. Girard,2004-12-09 The book focuses on Aristide's political career, emphasizing his strategizing, compromising and dealing with the Clinton administration. In his presentation of the conflict, Girard carefully balances Aristide's and Clinton's needs, and the demands and moral positions the leaders make against each other - the result is that each leader and his constituency comes to life, and their maneuverings and decisions become engaging and meaningful. While Girard focuses on the conflict itself and the foreign policy dynamics at play between Haiti and the US, he also paints a compelling picture of contemporary Haiti and delineates with great clarity the tensions which led to recent violence and the deposition of Aristide.

forestales 2018 Food and Agriculture Organization of the United Nations ,2020-08-01 The FAO Yearbook of Forest Products is a compilation of statistical data on basic forest products for all countries and territories of the world. It contains a series of annual data on the volume of production

and the volume and value of trade in forest products. It includes tables showing the direction of trade and average unit values of trade for certain products. Statistical information in the yearbook is based primarily on data provided to the FAO Forestry Department by the countries through questionnaires or official publications. In the absence of official data, FAO makes an estimate based on the best information available.
