The Fourth of July Peter De Bolla,

Holidays and National Identity. How Independence Day fosters American Identity Julia Trede, 2019-12-17 Bachelor Thesis from the year 2015 in the subject American Studies - Culture and Applied Geography, grade: 1,3, University of Kassel, language: English, abstract: The aim of this work is to analyse the meanings and functions of Independence Day which shapes American identity. For an integral analysis two important aspects have to be considered: socio-political circumstances and the techniques used for generating national identity. In the beginning the concept of national identity will be discussed and the terms nation and identity defined. Therefore, the work draws on Benedict Anderson's theory of imagined communities in order to establish a general understanding of nations. Patrick Colm Hogan's techniques of nationalization provide the basis for the final analysis. After conceptualizing the major elements for the analysis, the author analyses America's oldest holiday, Independence Day. In the course of the analysis, both socio-political developments and Hogan's techniques of nationalization will be identified in order to show how Independence Day celebrations generate and shape American identity. Independence Day is America's most important national holiday since it commemorates the birth of the United States of America. The holiday solemnizes the ratification of the Declaration of Independence and the foundation of the United States of America. But the Fourth of July encompasses more meanings than commonly assumed. Since its emergence, Independence Day has been instrumentalized for generating national identity and articulating social and ethnic issues. Down to the present day, the Fourth of July has accomplished important functions that established, defined, and shaped American identity.

Fourth of July and the Founding of America Peter de Bolla, 2009-12 Every year on the Fourth of July, Americans, at home and abroad, celebrate the founding of their country. Why has the 4th been so punctual a moment in the nation's calendar when the Declaration of Independence was in fact made on July 2nd? On the 4th, the Second Continental Congress completed its discussion of the document Thomas Jefferson had presented. The 56 signatures at the bottom of the document were not signed that day. But after 50 years the day had begun to assume totemic significance. And from then on the story of the developing ritual celebration offers a fascinating window into the history of the U.S. This original book teases out the true history of the day from 1776 through the Civil War, the Cold War and into our own time. Illus.

The American Independence Srinu Ruttala, 2023-04-08 Freedom is a term that is closely associated with the United States of America, and it is often used to describe the values and principles that underlie American society and culture. There are many different aspects of freedom in the American context, including: Political freedom: The United States was founded on the principles of democracy and individual rights, and the American system of government is designed to ensure that citizens have a voice in the political process and are able to exercise their rights without fear of persecution or oppression. Economic freedom: The United States is also known for its commitment to free-market capitalism, which is based on the idea that individuals should be free to pursue their own economic interests without interference from the government or other outside forces. Religious freedom: The United States has a long history of religious diversity and tolerance, and the First Amendment to the Constitution guarantees the right to freedom of religion, ensuring that citizens are able to practice their faith without fear of persecution. Freedom of speech and expression: The United States also places a high value on freedom of speech and expression, and the First Amendment guarantees the right to free speech and the press, even if those views are unpopular or controversial. Personal freedom: The United States also values personal freedom and autonomy, and citizens are generally free to make their own choices about their lives, including decisions about their careers, families, and personal relationships. Freedom is a deeply ingrained value in American culture, and it is often used as a shorthand for the many different rights and freedoms that Americans enjoy. While there are certainly debates and disagreements about the extent and nature of those freedoms, the concept of freedom remains a defining feature of American society and culture.

Divine Domesticities Hyaewol Choi, Margaret Jolly, 2014-10-29 *Divine Domesticities: Christian Paradoxes in Asia and the Pacific* fills a huge lacuna in the scholarly literature on missionaries in Asia/Pacific and is transnational history at its finest. Co-edited by two eminent scholars, this multidisciplinary volume, an outgrowth of several conferences/seminars, critically examines various encounters between western missionaries and indigenous women in the Pacific/Asia ... Taken as a whole, this is a thought-provoking and an indispensable reference, not only for students of colonialism/imperialism but also for those of us who have an interest in transnational and gender history in general. The chapters are very clearly written, engaging, and remarkably accessible; the stories are compelling and the research is thorough. The illustrations are equally riveting and the bibliography is extremely useful. —Theodore Jun Yoo, History Department, University of Hawai'i The editors of this collection of papers have done an excellent job of creating a coherent set of case studies that address the diverse impacts of missionaries and Christianity on 'domesticity', and therefore on the women and children who were assumed to be the rightful inhabitants of that sphere ... The introduction to the volume is beautifully written and sets up the rest of the volume in a comprehensive way. It explains the book's aim to advance theoretical and methodological issues by exploring the role of missionary encounters in the development of modern domesticities; showing the agency of indigenous women in negotiating both change and continuity; and providing a wide range of case studies to show 'breadth and complexity' and the local and national specificities of engagements with both missionaries and modernity. My view is that all three aims are well and truly fulfilled. —Helen Lee, Head, Sociology and Anthropology, La Trobe University, Melbourne

Loco in Yokohama Baye McNeil,2013-09-30 Knife-wielding school girls, scrotum-seeking school boys, back-stabbing bimbos...and some of the finest human beings this side of the globe! Yokohama has it all and Loco has lived it and is telling the tale, no holds-barred! Loco in Yokohama is your front row seat to peer through a secret window into the hilarity and the hell that is living, loving and teaching in Japan. If you're looking for a raw, undiluted, unequivocal account of life in the land of the rising sun, you're looking for Loco!

Between the World and Me Ta-Nehisi Coates,2015-07-14 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.
