The Amulet Mary Noailles Murfree, 1906

The Medusa Amulet Robert Masello, 2012-02-28 “A wonderful treat . . . Masello [is] a master entertainer unafraid to pull out all the stops.”—Chicago Tribune Benvenuto Cellini, master artisan of Renaissance Italy, once crafted a beautiful amulet prized for its unimaginable power—and untold menace. Now the quest to recover this legendary artifact depends upon one man: David Franco, a brilliant but skeptical young scholar at Chicago’s world-renowned Newberry Library. What begins as a simple investigation spirals into a tale of dangerous intrigue, as Franco races from the châteaux of France to the palazzos of Rome in a desperate search for the ultimate treasure—and an answer to a riddle that has puzzled mankind since the beginning of time. Aided by a beautiful young Florentine harboring dark secrets, pursued by deadly assassins, and battling demons of his own, Franco must ultimately confront an evil greater than anything conjured in his worst nightmares. **BONUS:** This edition contains an excerpt from Robert Masello’s *The Romanov Cross*. Praise for *The Medusa Amulet* “Fascinating . . . an unpredictable and exhilarating journey . . . [Robert] Masello expertly blends contemporary thrills with a historical spin.”—Associated Press “In addition to its taut story, there is an impressive amount of scholarship, and enough detail to please art lovers or history buffs. Great writing and rich detail combine for a gripping read.”—Kirkus Reviews (starred review) “Engrossing and fun.”—Library Journal

The Secrets of the Amulet 1 Willow Feathernet, 2008-11-01 *The Secrets of the Amulet* tells the story of the eleven year old Fredy Jonquil. As a small town girl, fitting in with the 'in crowd' was the most difficult task she could imagine. Until she is taken in the

middle of the night away from her home to the magical world. Fredy is given an all powerful and mysterious amulet and entered a secret society deep in an enchanted forest. Soon Fredy's life is in danger and she has to face a new reality that the future of her people, the Seers, lies in her hands. A mystery - fantasy novel that brings the magical world around us alive.

Shan Manuscripts B. J. Terwiel, Chāichūn Khamdāngyōttai, 2003 Shan people can be found in a belt stretching from Assam (Northeastern India) over Myanmar (Burma) to the Chinese province Yunnan. In this volume Shan manuscripts from collections in Berlin, Munich and Hamburg are described. In this catalogue a total of 335 manuscripts and inscribed pieces of cloth are introduced. For each document there is mentioned its title, the date, the author, its appearance as well as a summary of the contents. In the introduction many topics are raised, such as a short history of the Shan, the Shan script, famous authors, material writing culture, a typology of written documents, and the principles of prosody. In compiling this catalogue of Shan manuscript, Terwiel and Chaichuen have done valuable work which will be appreciated by everyone who is doing research on Shan or Tai culture or cultural history and related themes by using original indigenous sources. [◆] The completion of this work marks a new milestone in Shan studies and Tai studies as a whole. Tai culture.

The Amulet Sadik Yemni, 2010-04 Sarp seems like a typical young boy, growing up in a typical Turkish city in the 1960s, but there are secrets from the past that start to unfold and mesh with his 'atypical' life, until he can hardly tell what is the 'here and now' and which part of what he sees belongs to dimensions of the past. The Amulet is a tale of good vs.

evil, spun in a web of superstition and sorcery.

Utopian and Dystopian Writing for Children and Young Adults Carrie Hintz, Elaine Ostry, 2013-10-11 This volume examines a variety of utopian writing for children from the 18th century to the present day, defining and exploring this new genre in the field of children's literature. The original essays discuss thematic conventions and present detailed case studies of individual works. All address the pedagogical implications of work that challenges children to grapple with questions of perfect or wildly imperfect social organizations and their own autonomy. The book includes interviews with creative writers and the first bibliography of utopian fiction for children.

At Empire's Edge Robert B. Jackson, 2002-01-01 When Egypt became a province of the Roman Empire in 30 BC after the deaths of Antony and Cleopatra, its vast and mysterious frontier lands had an important impact on the commerce, politics and culture of the empire. This account - part history and part gazetteer - focuses on Rome's Egyptian frontier, describing the ancient fortresses, temples, settlements, quarries and aqueducts scattered throughout the region and conveying a sense of what life was like for its inhabitants. Robert Jackson has journeyed, by jeep and on foot, to virtually every known Roman site in the area, from Siwa Oasis, 45 kilometers from the modern Libyan border, to the Sudan. Drawing on both archaeological and historical information, he discusses these sites, explaining how Rome extracted exotic stone and precious metals from the mountains of the

Eastern Desert, channelled the wealth of India and East Africa through the desert via ports on the Red Sea, constructed and manned fortresses in the distant oases of the Western Desert, and facilitated the expansion of agricultural communities in the desert that eventually experienced the earliest large-scale conversions to Christianity in Egypt. Illustrated with many photographs, the volume should be useful to archaeologists, classicists, and travellers to the region.

Amentet Alfred Ernest Knight, 1915

Civilizations of the Supernatural Fabrizio Conti, 2020-12-31 *Civilizations of the Supernatural: Witchcraft, Ritual, and Religious Experience in Late Antique, Medieval, and Renaissance Traditions* brings together thirteen scholars of late-antique, medieval, and renaissance traditions who discuss magic, religious experience, ritual, and witch-beliefs with the aim of reflecting on the relationship between man and the supernatural. The content of the volume is intriguingly diverse and includes late antique traditions covering erotic love magic, Hellenistic-Egyptian astrology, apotropaic rituals, early Christian amulets, and astrological amulets; medieval traditions focusing on the relationships between magic and disbelief, pagan magic and Christian culture, as well as witchcraft and magic in Britain, Scandinavian sympathetic graphophagy, superstition in sermon literature; and finally Renaissance traditions revolving around Agrippan magic, witchcraft in Shakespeare's *Macbeth*, and a Biblical toponym related to the Friulan Benandanti's visionary experiences. These varied topics reflect the multifaceted ways through which men aimed to establish relationships with the supernatural in diverse cultural traditions, and for different purposes, between Late Antiquity and the Renaissance. These ways eventually contributed to shaping

the civilizations of the supernatural or those peculiar patterns which helped men look at themselves through the mirror of their own amazement of being in this world.

The Ancestral Power of Amulets, Talismans, and Mascots Nigel Pennick, 2021-05-04 • Looks at the age-old spiritual principles, folklore, and esoteric traditions behind the creation of magical objects as well as the use of numbers, colors, sigils, geometric emblems, knots, crosses, pentagrams, and other symbols • Explores hundreds of artifacts, such as hagstones, Norse directional amulets, car hood mascots, objects made from bones and teeth, those connected with plants and animals, charms associated with gambling, and religious relics • Includes photos of artifacts from the author's extensive collection Offering an illustrated exploration of the origins and history of amulets, lucky charms, talismans, and mascots, including photos of unique and original artifacts from his extensive collection, Nigel Pennick examines these objects from a magical perspective, from ancient Egypt to the present. He looks at the age-old spiritual principles, folklore, and esoteric traditions behind their creation as well as the use of numbers, colors, sigils, geometric emblems, knots, crosses, pentagrams, and other symbols. Pennick explores magical charms and objects manufactured from bones, teeth, claws, and horns and those that include symbols of the human body. He also discusses religious relics as well as the combining of charms to make more powerful objects, from the bind runes of the Norse and the crowns of ancient Egypt to the Mojo hand and the medicine pouch. Revealing the lasting power of amulets, talismans, charms, and mascots, Pennick shows that these objects and symbols have retained their magic across the centuries.

Likeness and Presence Hans Belting, 1994 Before the Renaissance and Reformation,

holy images were treated not as art but as objects of veneration which possessed the tangible presence of the Holy. the faithful believed that these images served as relics and were able to work miracles, deliver oracles, and bring victory to the battlefield. In this magisterial book, Hans Belting traces the long history of the sacral image and its changing role--from surrogate for the represented image to an original work of art--in European culture. Likeness and Presence looks at the beliefs, superstitions, hopes, and fears that come into play as people handle and respond to sacred images, and presents a compelling interpretation of the place of the image in Western history. -- Back cover
