

Amusive Chess

Willard Fiske

Outrageous Chess Problems Burt Hochberg,2005 [It's] enough to drive experienced chess players to insanity, but they will enjoy the ride....The author warns the reader from the start anything goes....Buy this book...and have fun!--Games It's outrageous and amazing and irresistible: these brainbusting chess problems are the devilish inventions of the world's greatest puzzle creators. Chess mavens won't believe what they'll find, because in these games, the usual rules just don't apply. For example, there's Billiards Chess, where pieces can carom off the board at a right angle and return. In Checkless Chess, check is an illegal move...unless it's checkmate. Refusal Chess allows a player to refuse an opponent's move and demand an alternative. There's even a variation called Collaboration, in which both sides must cooperate to achieve checkmate. And, the coup de grace: the world's hardest chess problem ever posed.

Underhanded Chess Jerry Sohl,2013-12 With tongue in cheek and laughter aforethought, Jerry Sohl takes his readers on a merry romp through all the deceits and tricks of one-upmanship as it is practiced in the game of chess. Drawing from his own experiences, he sets out in amusing detail a host of put-offs, come-ons, psychological maneuverings, lures, and frauds to accomplish checkmate. All illustrated with drawings by artist Roy Schlemme. The author's inventiveness is limitless. All kinds of ploys are carefully described: the amazing effectiveness of reverse polarity; adopting some of Bobby Fischer's tactics; the Freudian gambit; the Blencher; the Hassled Castle; befuddling rule fanatics; talking your way to victory; coffeehouse counter-gambits; when and how to lose; advanced duplicity; and chess of the last resort. TABLE OF CONTENTS: 1: THE FIRST MOVE 2: PRELIMINARIES AND PREPARATIONS 3: THE PROPER SPIRIT 4: HOW TO TALK A GOOD GAMBIT 5: HOW TO BEFUDDLE RULE FANATICS 6: HOW TO PLAY AGAINST WEIRDOS 7: COFFEEHOUSE CHESS COUNTERGAMBITS 8: WHEN TO LOSE 9: ADVANCED DUPLICITY 10: DESPERATE MOVES CHESS OF THE LAST RESORT APPENDIX: USEFUL TRIVIA

Feats in Chess S. Rungiah Naidu,1922

The Modern Chess Problem Philip Hamilton Williams,1903

Fireside Book of Chess Irving Chernev,Fred Reinfeld,2015-01-13 The chess community's favorite pair of authors Irving Chernev and Fred Reinfeld bring players the world's greatest collection of stories, cartoons, and amusing anecdotes in this exciting read. The Fireside Book of Chess brings readers into the world of chess with a comprehensive and exciting collection of stories and illustrations regarding the game. Including curious and interesting chess games, Chernev and Reinfeld have put together the memories, anecdotes, puzzles, lists, and trivia that surrounds the world of chess. Perfect for those who have a deep abiding passion for chess and those who only dabble in the game, The Fireside Book of Chess shares fake histories, tongue-in-cheek stories, poignant memories and more.

Chess Tales & Chess Miscellanies Willard Fiske,1912

Memorable Chess Games, Brilliants and Miniatures, with Notes, Queries and Answers W. Moffatt,1913

Begin. A Proposal of the Outinian Society, for establishing a Plan, to afford means to any of its members and advocates ... of entering, in marriage, into a Covenant or Contract ... to insure oftener the constant voluntary companionship ... of Husbands and Wives, etc. (Additional Notes-Supplements to the proposal and additional notes.) [By J. Penn?] Outinian Society (LONDON),1823

Chess Nut Delight Joe Clark,2011 Chess Nut Delight is filled with a tasty blend of amusing aphorisms, shirt pocket clip- outs, and challenging chess problems. These original two-move problems can't be found in any other book. Each one has its own name and verse and is like a miniature kingdom where the residents have secret hidden agendas. Every piece has its purpose and the mysteries are slowly revealed as you become immersed in exploration. One of the problems is a double; if black moves first it also can mate in two moves. See if you can find it. The back section of the book features two sizes of shirt pocket clip-outs which are great for problem solving on the go. Chess Nut Delight is a delicious feast for the mind and will provide many hours of fascinating entertainment. To try a problem from the book, go to www.ChessNutDelight.com and have fun!

Chess ,1866

Chess! Sinclair L. Wilkinson,2008-07-31 The book is divided into different sections. An effort is made in the first few chapters to describe the game of chess, explain how to position the board, examine the history of each piece, demonstrate the movement of each piece, and provide some practical scenarios and questions for each reader. In the second half, a more in-depth analysis of the game is presented. It focuses on terms and meanings, information about world chess leaders, pins and forks, stalemates, how to force draws, and scenarios showing how to checkmate an opponent in one or two moves.

A treatise on the game of chess J. H. Sarratt,1808

My Best Games of Chess, 1908-1937 Alexander Alekhine,1985-01-01 The best games of one of the best players in chess history. 220 games with Alekhine's own accounts. Spans 30 years of tournament play.

Winning Ugly in Chess Cyrus Lakdawala,2019-08-02 When was the last time you won a perfect game? A game that wasn't tainted by inferior moves? Every chess player knows that smooth wins are the exception, that play is often chaotic and positions are frequently irrational. The road to victory is generally full of bumps and misadventures. Welcome to the world of imperfection! Chess books usually feature superbly played games. In *Winning Ugly in Chess* you will see games where weird moves are rewarded. Cyrus Lakdawala knows that playing good chess is all very well, but that beating your opponent is better. He demonstrates the fine art of winning undeserved victories by: -- miraculously surviving chaos -- throwing vile cheapos -- refusing to resign in lost positions -- getting lucky breaks -- provoking unforced errors and other ways to land on your feet after a roller-coaster ride. Lakdawala shows how you can make sure that it is your opponent, not you, who makes the last blunder. If you'd rather win a bad game than lose a good one, then this your ideal guide. The next time 'the wrong player' wins, you will be that player!

Chess Player's Chronicle ,1841

This Crazy World of Chess Larry Evans,2013-09-25 table { }td { padding-top: 1px; padding-right: 1px; padding-left: 1px; color: black; font-size: 12pt; font-weight: 400; font-style: normal; text-decoration: none; font-family: Calibri,sans-serif; vertical-align: bottom; border: medium none; white-space: nowrap; }.xl72 { color: windowtext; font-family: Times New Roman; } Fascinating, intriguing, and controversial, the dean of American chess tells the never-before-told machinations and stories of world championship chess and what really goes on behind the scenes of the game at its highest level. If you think that chess and marbles are the only games free from politics, you can scratch that idea. These 9.991 entertaining dispatches from the front deal with the crazy world of chess ranging from politics, Fischermania (and Fischer's paranoid antics), the real deal behind the deep blue supercomputer that beat Kasparov, to just plain gossip and fun.

Chess Target Practice Bruce Pandolfini,1994-08-22 No matter where your opponent lands his piece on the board, Chess Target Practice will teach you how to successfully attack his position. By analyzing each and every square, Bruce Pandolfini helps players learn the appropriate tactics to zero in on the target and move in for the kill. Book jacket.

The Game of Chess Marco Girolamo Vida,1921

Everything Is Chess Bernie Ascher,2018-05-14 Everything Is Chess is an amusing collection of essays on current events and world history as seen through the eyes of an avid chess player with a sense of humor. It is mostly nonfiction and explores a wide variety of diverse subjects.

Chess Sparks John Henry Ellis,1895
