Deadly Countdown Garry Gewirtzman,Sheila Gewirtzman,2015-02-16 As the clock ticks down, Alex’s only hope for survival is a blood transfusion from his younger brother who has gone missing. Dr. Cliff Mandich uses diagnostic skills and intuition to uncover clues to the child’s disappearance. He shares his findings with his uncle, a police detective, already investigating a series of missing children in the Miami-Dade area. The story is an emotional roller coaster of adventures, containing elements of kidnapping, deception, and passion. Crossing international borders, the story reveals police investigative techniques and delves into illegal underground medical practices.

The Final Countdown Vol.2 Billy Crone,2017-08-10 Because God loves us, He has given us many warning signs to show us that the 7-year Tribulation is near and that the return of Jesus Christ is rapidly approaching. Therefore, The Final Countdown takes a look at 10 signs given by God to lovingly wake us up so we'd give our lives to Him before it's too late. These signs are the Jewish People, Modern Technology, Worldwide Upheaval, The Rise of Falsehood, The Rise of Wickedness, The Rise of Apostasy, One World Religion, One World Government, One World Economy, and The Mark of the Beast. Like it or not, we are headed for The Final Countdown. Please, if you've haven't already done so, give your life to Jesus today, because tomorrow may be too late!

The Linguistics of Stephen King James Arthur Anderson,2017-06-19 Stephen King, “America’s Favorite Boogeyman,” has sold over 350 million copies of his books, becoming in effect the face of horror fiction. His influence on popular culture has drawn both strong praise and harsh criticism from reviewers and scholars alike. While his popularity cannot be overstated, his work has received relatively little critical attention from the academic world. Examining King’s fiction using modern literary theory, this study reveals the unexpected complexity of 22 short stories and novels, from *Carrie* to *End of Watch*. The author finds King using fantasy and horror to expose truths about reality and the human condition.

The Hank Show McKenzie Funk,2023-10-03 The bizarre and captivating story of the most important person you've never heard of. The world we live in today, where everything is tracked by corporations and governments, originates with one manic, elusive, utterly unique man—as prone to bullying as he was to fits of surpassing generosity and surprising genius. His name was Hank Asher, and his life was a strange and spectacular show that changed the course of the future. In *The Hank Show*, critically acclaimed author and journalist McKenzie Funk relates Asher's stranger-than-fiction story—he careened from drug-running pilot to alleged CIA asset, only to be reborn as the pioneering computer programmer known as the father of data fusion. He was the multimillionaire whose creations now power a new reality where your every move is tracked by police departments, intelligence agencies, political parties, and financial firms alike. But his success was not without setbacks. He truly lived nine lives, on top of the world one minute, only to be forced out of the companies he founded and blamed for data breaches resulting in major lawsuits and market chaos. In the vein of the blockbuster movie *Catch Me if You Can*, this spellbinding work of narrative nonfiction propels you forward on a forty year journey of intrigue and innovation, from Colombia to the White House and from Silicon Valley to the 2016 Trump campaign, focusing a lens on the dark side of American business and its impact on the everyday fabric of our modern lives.

Killing Justice in the Lone Star State Michael O’Brien,2021-06-15 Killing Justice in the Lone Star State is a reality check on active Death Row cases (and some post-execution ones). The book offers a fresh perspective for campaigners and reformers which ranges across theory, policy and practice. It also explains the much criticised Texas ‘law of parties.’ ‘A must read, an excellent new book by Mike O’Brien... A powerful critique... a critical comparative analysis of USA/UK human rights standards. Packed with cases. A compelling case for abolition.’-- Dr Michael Naughton, Bristol University, Empowering the Innocent Project. Many organizations are engaged in a race to prevent the execution of death sentenced prisoners in Texas (and elsewhere in the USA). Some men and women on Death Row claim to be completely innocent as described in this book. Michael O’Brien — who was himself wrongly convicted of murder — dissects cases with the eye of someone who has spent years watching how miscarriages of justice happen and why. He explains how practitioners and others are in denial and tunnel vision helps to sustain politicians, livelihoods and profits that depend on a conveyor belt from the courts to the execution chamber. He describes a killing process aided by bias, discrimination, prejudice, unfair trials, supposed expert evidence and closed minds. This is just one hallmark of a country obsessed with guns, violence and the ultimate penalty. Texas is the most punitive place within one of the harshest penal systems in the world. But no legal system should take away human lives, especially one tarnished by defects of the kind the author sets out in this book. Extract ‘Can you just imagine being an individual who is innocent but facing execution, whether in Texas or elsewhere? Or you were on Death Row but you did not take part in any killings, just got caught up in the hysteria? Can you picture the pressure and abject loneliness of serving 15 years or more, and then the State setting a date to kill you?’

As Seen on TV Chris Kerr,2012-08-08 Kirk Rush is a struggling English screenwriter who is obsessed by the action TV shows of the 1980s. Now he's finally been offered his dream job of writing *The A-Team* movie - provided he can set it in the Gulf War and make Face bisexual. But Kirk's attempts to knuckle down to his script are thwarted by the news that his younger sister Denise has taken herself off dialysis in Miami and is planning to commit assisted suicide with the help of the notorious Dr Death and his 'Sisters of Mercy'. It will take all of his powers of imagination, not to mention the assistance of KITTSCHE (his Knight Rider car-cum-conscience) to help him on his heroic quest to save her.

Attack the Messenger Craig Crawford,2007 Politicians and the media are natural enemies, but in recent times, the relationship has exploded into all-out war. Think about bimbo eruptions, DUI arrests, cocaine parties, National Guard service records, Swift Boat veterans. Think about two generations of Bush presidents up against Dan Rather. Think about who lost. Visit our website for sample chapters! Craig Crawford has seen it all up close and personal, and he is disturbed by what he sees. When politicians turn the public against the media, everyone loses - especially unbiased and courageous news reporting. When veteran White House correspondent Helen Thomas is banished from her front row post, as she has been in the current administration, the American public is denied the chance to consider her pointed questions, even if they go unanswered. alternative media take over. Rush, the O'Reilly Factor, Comedy Central's Jon Stewart, and the bloggers have their place in American politics, and the 2004 elections showed the incredible power of the Internet.
