In Two Minds Dr Sohom Das,2022-03-10 AS SEEN ON THIS MORNING 'a fascinating and moving account of life working with people who too often society wants to forget' Dr Amanda Brown, author of THE PRISON DOCTOR 'excellent and enlightening' Jonathan Levi and Emma French, authors of INSIDE BROADMOOR 'thought provoking' Gwen Adshead, author of THE DEVIL YOU KNOW Shocking, eye-opening and grimly fascinating, these are the true stories, patients and cases that have characterised a career spent treating mentally disordered offenders. As a forensic psychiatrist, it's Dr Das's job to treat and rehabilitate what the tabloids might call the 'criminally insane', many of whom assault, rob, rape, and even kill. His work takes him to high-security prisons and securely locked hospital wards across the country, as well as inside courtrooms, giving evidence as an expert witness. From the young woman who smothered her two-year-old nephew in a flash of

psychosis, to the teenager who set his house on fire with his mother locked inside, Dr Das must delve into the minds of these violent offenders to elicit their symptoms of mental illness, understand their actions and prevent future atrocities. In this honest, revealing and at times humorous memoir, Dr Das shares stories from his fifteen years as a psychiatric doctor working with this dangerous clientele, detailing some of his most extreme, heart-breaking and bizarre cases - and how he's learned to live with his mistakes when the worse happens. Compelling, enlightening and candid, if you enjoyed Unnatural Causes, Dark Side of the Mind or The Prison Doctor, you'll love IN TWO MINDS.

Never Give Up Tedy Bruschi,2009-05-04 Tedy gives you something to believe in. Whether we're winning or losing, he holds his head high, and he knows himself and handles himself so well, others can't help but follow him. The way he practices and plays forces you to become a better teammate; the way he demands hustle and toughness forces you to become a better leader; and the way he carries himself inspires you to become a better person. This made his return to playing on October 30 against Buffalo all the more electrifying. The stadium was louder that night than the nights we had raised our Super Bowl banners. Our captain, our leader, our inspiration was back on the field doing what he loved to do. Tedy had spent months rehabbing, had countless doctor visits, and had undergone hundreds of tests trying to play again. Just eight months after our victory in Super Bowl XXXIX, here we were celebrating a much bigger victory on our home field. Sure it was great to win the game, but that night we were celebrating Tedy's return as he showed us teammates, fans, family, and friends what it takes to become victorious in life. You might be coming to this book as a fan of Tedy's football skills and, don't get me wrong, gaining the insights of one of the best defenders in Patriots history is worth the price of admission, but that's just part of the story. There are a lot of reasons to look up to him, and I promise you will finish this book with an admiration for him on a much deeper level. --Tom Brady (from the Foreword)
